Subject: Rec Basketball

Hi Mr. Tyburczy,

My name is Olivia Brooks and I am a junior at Ramsey along with being a player on the Varsity Basketball Team. Some of my teammates and I were super interested in helping out with the rec program for the girls in any way we could. We think It would be an awesome opportunity for us to get to know the younger girls and so that we could help make this experience for them super fun! My friends and I really enjoy working with younger kids, however we would love to help out in any way we can! Please let me know if this is possible, thank you!

Sincerely,
Olivia Brooks
