All,

Sorry for the delay in sending the attached and notice that Senator Weinberg's OPRA and OPMA bills are before the Senate State Government Committee today. I have been out sick since Monday.

The attached is a memo from Senator Weinberg outlining the proposed changes she will be making to the bills. The Senator has committed to meeting over the summer again to address the outstanding issues.

Under a separate email I will forward you a copy of the proposed amendments for your review and comments.

Thanks,
Lori
