They are available to come into Borough Hall for an initial meeting on Tuesday 6/22/21 @ Noon. I would imagine these folks will be the first of many to inquire about this, being that we recently passed our new ordinance on retail cannabis establishments. I'm sure we agree we would like to ensure that all interested candidates have a solid business plan in place, and I am pleased that I can offer some degree of expertise in this area. Please advise if you can arrange your schedules to accommodate.
