---

Disappointed that you had promised a 2 week notice and I had to reach out myself again a week later to get told when the meeting date was with less than a two week notice, and of course Greg is acting as the ambassador when he has no legal standing or position - just as we warned. Another individual in the public came up to Bill and told him about the meeting, so others were told, but not the two people who made you aware this was an issue to begin with. We specifically asked to be kept in the loop and to be informed of the parameters.

We brought this to your attention and just as described all the ducks are being placed in a row with preferred people in secrecy, yet the public has no clue when this meeting is happening. Even though the group doesn't exist and hasn't filed minutes or financial disclosures in years.

I would like the bylaws and rules in writing (i do not want a phone call. I do not want a voice mail. I need documentation electronically please to be shared with registered GOP residents. We need transparency.) this is not a secret society for a select few people to have autonomous control by intentionally keeping people in the dark.

I want to know in writing the rules that will govern this reorganization. Not by word of mouth. The objective, legally-prescribed rules of the corporation that is acting as the club. How many spots will be on the board, and how they are chosen precisely. Who can vote, how the vote occurs, who can participate, etc. They have been acting without any legal standing for years. If there is nothing published we will have to ask the county.

It should be public knowledge to GOP residents what the rules are of the reorganization that is about to occur and should not be privileged information for the preferred friends that were alerted ahead of time. Please furnish all the rules, by-laws, reorganization prescription, and the public meeting announcement electronically so every one that is eligible and interested can participate. Thanks.
