A message from the League President

The New Jersey State League of Municipalities is a voluntary association created to support and promote municipal government by pooling information and fostering dialogue and cooperation, leading to solutions of common problems. The League also brings cities, towns, townships, boroughs, and villages together in a united voice to advocate on behalf of their citizens. It is authorized by state statute and for the past 105 years has been serving local officials throughout the Garden State. The elected and appointed officials of member municipalities who receive all the services and privileges of the League number 13,000.

The League publishes *New Jersey Municipalities* magazine, numerous booklets, surveys, handbooks, and other reference materials. A selected listing of League publications is found near the end of this Directory. The League also provides many other services to its members, such as the Bureau of Municipal Information, legal consultation, training seminars, an annual conference, legislative analysis, lobbying, and our informative website www.NJLM.org.

This Directory lists municipalities in alphabetical order from top to bottom. It includes their county, phone and fax numbers, addresses, 2010 Census Bureau Population, Mayor, and the names of key appointed officials, along with the Municipal Clerk email address. Included again this year is the telephone number for the Attorney, Director of Law, Corporation Counsel, or Municipal Solicitor. The following abbreviations are used:

Legal - Attorney, Director of Law, Corporation Counsel
or Municipal Solicitor
Adm - Business Administrator
Mgr - Municipal Manager

This Directory also includes a list of League Officers, Executive Staff, and Executive Board on page 2 and a list of Affiliated Municipal Associations starting on page 5.

I hope you find the 2020 Municipal Directory helpful throughout the year. Please call the League staff in Trenton if you have any questions.

Sincerely,

James J. Perry Sr.
League President

Frustrated with not finding the file or record you need?

The State of New Jersey requires certain municipal records to be kept permanently unless scanned.

AccuScan will get your municipality NJ DORES Registered and fully compliant with all NJ DORES and State Record Committee requirements. This permits destruction of the paper records.

ACCU SCAN

Building a brighter future for millions of kids.

Millions of American students lack the access to technology and the skills they need to succeed in the digital world. Since 2012, Verizon has been working to help solve this problem holistically through a transformative program called Verizon Innovative Learning.

Verizon Innovative Learning provides free technology, free internet access, and hands-on learning experiences to help give under-resourced students the education they deserve. Powered by a next-gen, technology-infused curriculum that fundamentally changes the way teachers teach and students learn, Verizon Innovative Learning is giving kids the ability to do more in this world. To achieve more. To learn more. To create more.
