Mayor & Council,

I have asked Greg that we address this letter in Executive Session tomorrow. Also attached to this email is a PDF that contains a chain of emails with a member of Council that suspiciously and curiously includes very similar concerns & issues. It seems to me there is an effort to sabotage this bid process, which already included a process to address prospective bidder concerns or questions and included a mechanism for the Borough to issue an addendum to the RFP, but conveniently this letter has arrived after that timeframe.

All,

Attached please find my thoughts regarding the bid specifications for the collection and disposal of the solid waste, bulk refuse and recyclable materials. I would appreciate the opportunity to discuss my concerns in greater detail. I look forward to the opportunity to meet and discuss with you at your earliest convenience.

Thank you.
