| Reason for Service. Please describe why you are interested in serving on the 2021 Presidential Search Committee and how you may add value and insight to the Committee's process and deliberations. (500 word maximum) | I am interested in serving on the 2021 Presidential Search Committee because for one this is a once in a lifetime opportunity that I would love to be a part of. Secondly, I believe that I bring skills that other candidates cannot bring to the table. I have a track record of being a do-er both here at Ramapo and at my high school. Unfortunately, this form does not have a spot to submit a resume however based on my previous accomplishments, I know that I am the most fit candidate. With the student body at the forefront of my mind, I will listen, ask the tough questions and do my due diligence in order to deliver the most informed concerns or endorsement for each candidate. |
| Vision for the Search. Please describe your vision for the search process. (350 word maximum)                                                                                                                          | My vision for the search includes attending its meetings and doing my 'homework' on each candidate once it gets to that point. I envision this to be an organized process where each persons input will be valued equally regardless of position at the college. I am hoping that this vision will be a possibility with me having a seat at the table.                                                                                                                                                                                                                                                                                                                                                 |
| Top Five. Please describe what you believe to be the top five characteristics/capabilities needed in the next College president. (350 word maximum)                                                                    | I believe that whoever the next president is needs a few specific characteristics; open mindset, ability to work with all parties on the campus, be a supporter of the diverse community we have here at Ramapo, and be willing to both implement new policies and change current policies. They need to be a person that has energy and makes a commitment to being visible on campus. Within the year, all of the students on campus should be able to recognize them and feel comfortable enough to approach them with concerns and ideas. I also believe that they should be willing to continue President Mercer's "Open Door" policy.                                                             |
