Approval of April Meeting Minutes

April meeting minutes will be approved next month in addition to May minutes.

Public comment

No members of the public were present at the meeting.

Spice Factory Application Updates

Trent Levitt provided the update from the Planning Board that the Spice Factory application is continuing but the site plan is being resubmitted with new changes. The site plan will be revisited in July by the Planning Board and Environmental Commission.

Discussion of ANJEC Grant for Flemington Borough Community Garden Tool Shed

The Commission discussed a grant from ANJEC to support the construction of a tool shed for the Flemington Borough Community Garden. Trent Levitt completed the application for the grant last month and received confirmation that the Commission has been awarded \$1,500 for this project. Levitt and the Commission discussed the details of the grant and noted questions about how the money will be distributed. Levitt stated that he would follow-up about payment and that the Commission would discuss this further next meeting before officially accepting the grant.

Additionally, the Commission noted a question about the need for involvement by the DPW and Levitt agreed to reach out to DPW to confirm if a permit would be needed for shed construction with a gravel base.

Both Levitt and Freddy Mejia offered to help provide labor and materials for the project and agreed to continue to take lead on the grant and project.

Meeting adjourned at 7:30PM
