President**

**APPENDIX A
LETTER OF QUALIFICATION**

January 24, 2025

**Town of Boonton
100 Washington Street
Boonton, NJ 07005**

**Attn: Neil Henry
Business Administrator**

Dear Mr. Henry:

The undersigned have reviewed our Qualification Statement submitted in response to the Professional Services RFP issued by the Town of Boonton ("Town"), in connection with the Town's need for **General Engineering Services for 2025**.

We affirm that the contents of our Qualification Statement (which Qualification Statement is incorporated herein by reference) are accurate, factual, and complete to the best of our knowledge and belief and that the Qualification Statement is submitted in good faith upon express understanding that any false statement may result in the disqualification of **Beckmeyer Engineering, P.C.**

(Respondent shall sign and complete the spaces provided below. If a joint venture, appropriate offices of each company shall sign.)

ENGINEERING, P.C.

APPENDIX B

LETTER OF INTENT

Town of Boonton
100 Washington Street
Boonton, NJ 07005

January 24, 2025

Dear Mr. Henry:

The undersigned, as Respondent, has (have) submitted the attached Qualification Statement in response to the Professional Services RFP issued by the Town of Boonton in connection with the Town's need for **General Engineering Services for 2025**.

Glenn M. Beckmeyer HEREBY STATES:

1. The Qualification Statement contains accurate, factual, and complete information.
2. **Glenn M. Beckmeyer** agrees (agree) to participate in good faith in the procurement process as described in the RFP and to adhere to the Town's procurement schedule.
3. **Glenn M. Beckmeyer** acknowledges (acknowledge) that all costs incurred by it (them) in connection with the preparation and submission of the Qualification Statement and any proposal prepared and submitted in response to the RFP, or any negotiation which results therefrom shall be borne exclusively by the Respondent.
4. **Glenn M. Beckmeyer** hereby declares (declare) that the only persons participating in this Qualification Statement as principals are named herein and that no person other than those herein mentioned has any participation in this Qualification Statement or in any contract to be entered into with respect thereto. Additional persons may subsequently be included as participating principals, but only if acceptable to the Town. **Glenn M. Beckmeyer** declares that this Qualification Statement is made without connection with any other person, firm, or parties who have submitted a Qualification Statement, except as expressly set forth below, and that it has been prepared and has been submitted in good faith and without collusion or fraud.
5. **Glenn M. Beckmeyer** acknowledges and agrees that the Town may modify, amend, suspend and/or terminate the procurement process (in its sole judgment). In any case, the Town shall not have any liability to the Respondent for any costs incurred by the Respondent with respect to the procurement activities described in this RFP.
6. **Glenn M. Beckmeyer** acknowledges that any contract executed with respect to the provision of **General Engineering Services** must comply with all applicable affirmative action and similar laws. Respondent hereby agrees to take such actions as are required in order to comply with such applicable laws.

(Respondent shall sign and complete the space provided below. If a joint venture, appropriate officers of each company shall sign.)

(Signature of Chief Executive Officer)

Glenn M. Beckmeyer, P.E., P.P., CME, CFM, CPWM
President

Beckmeyer Engineering, P.C.

Dated: 4/24/2025

If a joint venture, partnership or other formal organization is submitting a Qualification Statement, each participant shall execute this Letter of Intent

Administrative Information Requirements

1. Letter of Qualification: See Attached Letter of Qualification.
2. Letter of Intent: See Attached Letter of Intent.
3. A completed and executed Form AA302 issued by the State of New Jersey, Department of the Treasury, Division of Contract Compliance:
See Form AA302 Attached.
4. Name, address and telephone number of the Respondent and the name of the key contact person:
Beckmeyer Engineering, P.C.
39 Paterson Avenue, Unit #B, Wallington, New Jersey 07057
201-635-9401, 201-635-9404 fax
Glenn M. Beckmeyer, P.E., P.P., CME, CFM, CPWM
President
5. A description of the business organization (i.e., corporation, partnership, joint venture, etc.) of the Respondent, its ownership and its organizational structure.
Beckmeyer Engineering, P.C. is a Professional Corporation registered in the State of New Jersey for the practice of Engineering. Glenn M. Beckmeyer, SR, owns 100% of the Corporation.

(a), (b), & (c): See Attached *Disclosure of Ownership Form*.

6. A Statement that Respondent has complied with all applicable affirmative action (or similar) requirements with respect to its business activities, together with evidence of such compliance. See Attached
7. Prior municipal experience in said field, which should include a statement of the Respondent's knowledge of the Township and availability to attend requested meetings.

Mr. Glenn Beckmeyer, President of Beckmeyer Engineering, P.C. has lived in the Township of Washington since 1996 and previously had served as the director of Engineering for fourteen years.

Mr. Beckmeyer has served as the Borough Engineer of East Rutherford for the past Twenty-Nine (29) years and the Borough of Caldwell for Thirteen (13) years as well as the Authority Engineer for the Secaucus Municipal Utilities Authority for the past Seventeen (17) years. The main office for Beckmeyer Engineering is located at 39 Paterson Avenue, Unit # B, in Wallington. Beckmeyer Engineering will attend all Township meetings as requested by the Mayor or Business Administrator. Study preparations, emergencies conditions and facilities design and permitting will also be

at hand when requested by the Mayor or Business Administrator. Mr. Glenn Beckmeyer will be the chief contact to the Town. Mr. Kokosinski, Mr. Armstrong, Mr. Pehush, Mr. Logudice, Mr. B. Beckmeyer and Mr. J. Beckmeyer will assist in the coverage of the Town and will be utilized when their expertise is required and necessary. Mr. Tucker, Mr. Armstrong, Mr. Perrucci and Mr. G.M. Beckmeyer will be used for the Cadd creation of drawings, plans and details that may be required for the Town. Mr. Armstrong, Mr. Perrucci, Mr. G.M. Beckmeyer, Mr. Rahner and Mr. Nicholas Beckmeyer will be available to the Town for construction inspection and monitoring as well. Ms. DeRosa and Ms. Daugherty administers specifications, permits, grants and applications, maintains all office duties which include but not limited to answering telephone calls, filing, and faxing, etc.

The associates of Beckmeyer Engineering have a long history of municipal design, construction management and inspection. Past endeavors include work associated with various Municipalities and Authorities including the Borough of East Rutherford, Town of Secaucus, Borough of Caldwell, Borough of Carlstadt, Township of Washington, the Secaucus Municipal Utility Authority, Township of Verona, Jersey City Utilities Authority and the City of Newark. The experiences of the associates of Beckmeyer Engineering have been achieved by first hand involvement with design, permitting, studies, planning, and construction of numerous facilities and projects. As Borough Engineer of East Rutherford and Borough of Caldwell and Director of Engineering of Washington Township, Mr. Beckmeyer was responsible to the Mayor and Councils for all work performed by the professionals on their municipal projects in addition to Planning and Zoning Board reviews. Since assuming the position of Borough Engineer in 1996, Mr. Beckmeyer has been in charge of design and oversaw construction on numerous successful projects within East Rutherford including: Park Ave Parking Facility, Paterson Avenue Streetscape Project, Riggins Field, McKenzie Park, Senior/Community Center, 911 Park, Central Avenue Repaving, Murray Hill Avenue/Union Avenue Repaving, Railroad Avenue Repaving and Streetscape, Park Avenue Repaving and Streetscape, Main/River/Ann/Rose/Madison/Maple Streets Repaving, Herman Street, Carlton Avenue and Grove Street Firehouses, Police Station, Numerous Demolitions and Borough Hall Stairwell to name a few. Beckmeyer Engineering also has years experiences with outside agencies such as the New Jersey Department of Environmental Protection, New Jersey Department of Transportation, United States Environmental Protection Agency, New Jersey Meadowlands Commission, Bergen and Essex Counties Engineering Departments and United States Army Corp. to name a few.

8. Beckmeyer Engineering, P.C. **HAS NOT** been adjudicated for professional malpractice within the last Three (3) years nor the Twenty-Four and a Half (24 ½) Years in business. Beckmeyer Engineering, P.C. **IS NOT** nor **HAS NOT** been involved in any bankruptcy or re-organization proceedings in the last Ten (10) years or Twenty-Four (24) Years in business.
9. Mr. Glenn M. Beckmeyer is a Professional Engineering licensed to perform such on the State of New Jersey N.J.P.E. #24GE03152200 and a Professional Planner

licensed to perform such on the State of New Jersey. Mr. Beckmeyer is also a Certified Municipal Engineer, Certified Flood Plain Manager as well as a Certified Public Works Manager.

10. Describe those portions of the Respondent's services, if any, that Respondent presently anticipates subcontracting out to a subcontractor if awarded. (A subcontractor means any business organization that is not a contractor that knowingly provides goods or performs services for a contractor or another subcontractor in the fulfillment of a contract issued by a contracting agency where the cost of subcontractor's work exceeds 15% of the contracting unit's bid threshold. Please note that if you identify any subcontractors in your response you must provide a copy of a Business Registration Certificate for such subcontractor; we are **not** asking you to identify subcontractors at this time).

Beckmeyer Engineering will utilize AML Engineers as a sub-contractor, if ever an electrical or fire suppression design is required for a facility. Beckmeyer Engineering will also utilize KB Consultants, LLC for all grant writing as required. However, Beckmeyer Engineering does not require the use of any subcontractors for the daily requirements for Engineering. If required for surveying services, Beckmeyer Engineering can sub-contract to whomever the Township requests or obtain proposals as required.

11. A list of Respondent's municipal government or other public entity clients, during the last 3 years.
1. Borough of East Rutherford
 2. Borough of Caldwell
 3. Borough of Carlstadt
 4. Secaucus Municipal Utilities Authority
 5. Township of Verona

A list of Respondent's private sector clients during the last 3 years. **NONE**

12. Resumes of Respondent's key employees, and an indication of which employees are proposed to be directly working with the Borough

Glenn M. Beckmeyer, P.E., P.P., CME, CFM, CPWM – NJIT BSCE'81

Professional Engineer

Professional Planner,

design, municipal facilities design and construction, athletic field design and construction, street lighting, park design, zoning, specifications writing, pumping stations design, construction inspection, construction cost estimating, construction management, sanitary sewer design, sanitary studies, storm water, and wastewater treatment facilities design.

Paul Kokosinski, P.E., Stevens Institute B.E. '74, MSCE'79

Professional Engineer

Mr. Kokosinski has a Bachelor of Engineering (B.E.) from Stevens Institute of Technology, Hoboken, NJ and a Master of Science in Civil Engineering from New Jersey Institute of Technology (M.S.C.E.), Newark, NJ. He is licensed as a Professional Engineer in the State of New Jersey and is a member of the American Society of Civil Engineers (ASCE). Mr. Kokosinski worked in the Engineering Dept. of PSE&G/PSEG Power for 35 years. His responsibilities there included acting as the lead structural engineer on various projects at PSEG Power plants. These projects involved the addition of new equipment, and repair and maintenance of existing structures, buildings, roadways, and docks. He has been involved in several municipal projects including repairs to parking decks, modifications at sewage treatment plants, and paving projects.

William Pehush, P.E., SUNY-Maritime College - B.E. '70

Professional Engineer

Mr. Pehush has a Bachelor of Engineering (B.E.) from State University of the State of New York - Maritime College - B.E. – 1970. He completed Instrument Society of America - Short Course in Control Valve Sizing Stone & Webster Eng. Corp. – Professional Development Course for Management Techniques and Process Control Analysis Ebasco Services Incorporated - "Coal Team Building Development Program", Time Management Health and Safety Training - Hazardous Waste Operations & Emergency Response. Mr. Pehush worked at PSEG Fossil LLC, Newark, NJ for 12 Years.

Raymond Tripodi, P.E., P.P., PMP

Planner

Mr. Tripodi is a Professional Planner-NJ, Project Management Professional. He also is a Professional Engineer – NJ, NY, CT, PA and Indiana. He managed a group of professionals and was responsible for the approval and regulatory compliance process for the construction of transmission and distribution projects. He was responsible for all of the regulatory approvals for those projects. He prepared regulatory budgets, projects managed the regulatory process, prepared applications, negotiated permit conditions and secured all permits. The agency involved included ACOE, state regulatory agencies, regional authorities, county and local municipalities. He provided expert witness testimony as a Professional Engineer and Planner.

Joseph F. Beckmeyer, P.E., P.P. – NJIT BSCE '75, MSEnvE '80

Professional Engineer

Civil Engineering/Master of Environmental Engineering with 42 experiences. Extensive experience as Chief Engineer and Consultant of Large Municipal Water and Wastewater Systems Expertise in the implementation of major capital improvement Programs, Knowledge of and ability to manage multiple contracts secured in conformance with the LPCL, Management of union represented government employees. Licenses included are Professional Engineer, and Professional Planner, New Jersey.

Mr. Beckmeyer worked at the Jersey City Municipal Utilities Authority (formally Sewerage Authority), Jersey City, NJ-Chief Engineer & Acting Executive Director. Mr. Beckmeyer has managed all aspects of administration, engineering, capital improvements, operations and maintenance of large Water and Sewer Systems. Licensed operator of two (2) wastewater treatment plants having a combined capacity of 82 million gallons per day. Licensed operator of an aging combined wastewater collection systems and responsible for the daily operation and maintenance of same. Responded to emergencies including flooding, street collapses, force main and pipe line failures and hazardous waste spills. Initiated in-house or contractor cleanup and repairs all in conformance with the Local Public Contracts Law. Oversaw the completion of a \$45 million construction project that connected to and redirected all of Jersey City's wastewater to a regional treatment facility. Managed the Jersey City Municipal Utilities Authority's (JCMUA) \$20 million Combined Sewer Overflow solids and floatable control project. Obtained grants for these and other capital projects. Managed the automation project of the JCMUA's main wastewater pumping station thereby allowing the reassignment of employees to address the JCMUA's changing responsibilities. Managed capital sewer replacement/improvement projects including change order negotiations with contractors and the authorization of payments. Managed both the in-house and publicly bid capital improvements. Managed contracts, studies and project designs of consulting engineers relate to water and sewer systems in Jersey City and Newark. Negotiated JCMUA consent order with regulatory agencies and prepared all status and compliance schedules and reports to remain in compliance with said order. Efforts kept USEPA threat of construction moratorium in abeyance. Prepared all correspondence with USEPA and NJDEP enforcement and compliance elements. Prepared responses and organized data in response to Newark's CWA 308 Demand from USEPA. Oversight of the Jersey City Water System contract operations of the watershed, reservoirs, dams, filtration plant, aqueducts, booster pumping station and distribution system. Ensured that customer service levels are high by enforcing the requirements of the Authority's Rules and Regulations and Operations Contract. Approval of capital improvements proposed by the contract operator. Managed a staff of four engineers assigned to the water system. Managed and/or designed sewer extensions, wastewater collection systems, pumping stations and treatment plants. Provided construction administration services for these designs. Negotiated with contractors and municipal officers and employees. Negotiated with environmental regulatory agencies and enforcement groups dealing with client's NJDEP and USEPA Permit violations and resulting consent orders. Monitored progress of compliance by permittee and prepared periodic progress reports. Oversight of Newark's Water System.

Brian Beckmeyer

Licensed NJDEP S-4 Waste Water Treatment Plant Operator, and a NJDEP C-4 Waste Water Collection System Operator

New Jersey Sanitary Collection System Operator - 4

New Jersey Sanitary Treatment Work Operator - 4

Frank Armstrong, PE - NJIT BSCE'10

Environmental/Civil Engineer

Engineer/Cadd – 14 years' experience in Municipal, Civil, Structural and Mechanical design

Angelo Perrucci, PE- Saint Francis University BSEnvE'16

Staff Engineer/Cadd Designer/Field

Environmental/Civil Engineer

Glenn M. Beckmeyer Jr., EIT, W-2, C-1 - Saint Francis University BSEnvE'16

Engineer/Cadd Designer/Field

Entry level Environmental/Civil Engineer

Anthony Tucker

Cadd Designer

Cadd – over 30 years' experience in Municipal, Civil, Structural and Mechanical design

Vincent Rahner

Field

Construction Observation – 21 years' experience in Municipal construction Projects including storm sewers, buildings, roads, fields, parks, sidewalks, and sanitary sewers.

Nicholas Beckmeyer

Field

Construction Observation – experience in Municipal construction Projects including storm sewers, buildings, roads, fields, parks, sidewalks, and sanitary sewers.

Holly DeRosa

Technical Assistant

2 year experience in Municipal Construction Projects including specifications, permits, grants, planning/zoning and escrow returns and public interface.

Kathy Daugherty

Technical Assistant

2 year experience in maintaining permits, grants, planning/zoning boards, sidewalk/street openings/road openings Municipal Construction Projects including specifications, permits, grants, planning/zoning and escrow returns and public interface.

Sydney Beckmeyer

4 year experience in maintaining permits, grants, planning/zoning boards, sidewalk/street openings/road openings Municipal Construction Projects including specifications, permits, grants, planning/zoning and escrow returns and public interface.

13. A list of all immediate relatives of Principal(s) of Respondent who are Township employees or elected officials of the Borough. For purposes of the above, "immediate relative" means a spouse, parent, stepparent, brother, sister, child, stepchild, direct-line aunt or uncle, grandparent, grandchild and in-laws. **NONE**

14. A listing of all professional organization memberships.

1. NSPE
2. ASCE
3. NJWEA
4. NJSME
5. ASFPM
6. ITE

15. Proposed cost, details, including the hourly rates of each of the individuals who perform the services and the time estimates of each individual.

All Engineering Work shall be on a requested basis and will be billed as per the following 2023 hourly rates:

HOURLY RATES (range):

CLASSIFICATION	BILLING RATE(R)	HOURS CHARGED(H)	RxH
PRINCIPAL	180.00		
PROFESSIONAL ENGINEER	170.00		
SENIOR ENGINEER	165.00		
STAFF ENGINEER	150.00		
GRANT WRITER	175.00		
CADD/DESIGN/DRAFTSMEN	140.00		
HEAD FIELD	140.00		
FIELD	125.00		
TECHNICAL SUPPORT	80.00		

The rate table is being proposed based upon prior Municipal experiences. If the Township would have a preference of encompassing duties into a stipend equivalent to the size of the township, it would be the pleasure of Beckmeyer Engineering to welcome such as a list of expected duties from the Township for consideration.

The associates' rate is per their classification as outlined in the above Part #1

REIMBURSABLE EXPENSES: Contracted Services including sub consultants, subcontractors, printers, messengers and express mailing services shall be billed at cost +10%. Mail notifications for The Township and/or other agencies. Reimbursement for Application Fees and fees for all Agencies or material costs. Also, travel expenses (port to port) for trips with a mileage cost of \$0.55 per mile and tolls, additional meetings outside of the Township will be billed by time, mileage and tolls. Overnight accommodations and time will be charged if meetings outside the

Township extend past 10:00pm with more then 1 ½ hours of travel time back to the Borough.

Direct expenses as blueprinting, reproduction, messenger, and delivery services (Express Mail) shall be reimbursable at cost +10%. Blueprints, beyond three submitted to the clients, if done at our office will be invoiced as follows:

11"x 17" @ \$ 2.50
18"x 24" @ \$ 4.50
24"x 36" @ \$ 9.00
34"x 48" @ \$12.00

16. Three (3) references who have knowledge of Beckmeyer Engineering services.

BECKMEYER ENGINEERING, P.C.

39 Paterson Avenue, Wallington, New Jersey 07057

President:

HARRIS AND BECKMEYER, ARCHITECTS AND ENGINEERS, P.C.

240 Dr. M.L. King Jr. Blvd., Newark, New Jersey 07102

Principal:

Responsible for all engineering, design, presentations, licensing and production for the firm. Projects included: site plans, drainage systems and studies, stormwater collection systems, stormwater pumping stations and systems, sewage collection and treatment systems, sewage pumping stations, water distribution, retention and detention basins, concrete structures, steel structures, foundations, piping rehabilitation, feasibility studies, geotechnical analysis, above-ground storage tank studies, facility design, soil erosion systems and septic systems. Duties included: general project layout, engineering design, specifications, drafting supervision, client liaison, construction supervision and environmental assessment. Applications to federal, state, county and local Agencies/Boards. Agencies and Boards included: New Jersey Department of Environmental Protection, H.M.D.C., U.S.E.P.A., B.C.U.A., Army Corps of Engineering, Soil Conservation District, various Township's Planning and Zoning Boards and Municipal Utilities Authorities.

Municipal Engineer for the Borough of East Rutherford, Bergen County, New Jersey, Township of Washington, Bergen County, New Jersey, the Borough of Caldwell and the Township of Verona, Essex County, New Jersey. Performed all the duties consistent with the position such as: road paving program, sidewalk program, bid documentation, ordinance review and modification, grant applications, planning and zoning board review, flood plan review, drainage design, drainage systems and studies, stormwater collection systems, stormwater pumping stations and systems, park design, roofing design, construction inspections. Borough facility review and design.

Director of Engineering for the Township of Washington, Bergen County, New Jersey. Performed all the duties consistent with the position such as: reviewing the work performed by the Municipal Engineer, directs the day-to-day operations of the Township's engineering department, Township facility review, reports directly to the Mayor and Council. Oversees all engineering, design, grant application and licensing for the Township.

Authority Engineer for the Secaucus Municipal Utilities Authority, Town of Secaucus, Hudson County, New Jersey. Performed all the duties consistent with the position such as: application review, flow analysis, construction inspection review, equipment replacement, specification, chemical and services specifications and bidding. Authority facility review and design.

Planning/Zoning Board Engineer for the Borough of East Rutherford and the Borough of Carlstadt, Bergen County, New Jersey and the Borough of Caldwell and the Township of Verona, Essex County, New Jersey. Performed all the duties consistent with the position.

Certified Public Works Manager for the Borough of East Rutherford and the Town of Secaucus. Performed all the duties consistent with the position.

Glenn M. Beckmeyer, P.E., P.P., CME, CFM, CPWM
10 Parkway Court
Washington Township, New Jersey 07676

EXPERIENCE:

- 2/91 to 11/93. L. J. GONZER ASSOC., INC., Newark, New Jersey
Project Engineer
Contracted to Public Service Electric & Gas, Inc., of Newark, N.J. Assigned to the Civil/Mechanical Department of Technology Development Services Division. Coordinated various engineering disciplines and was responsible for the work performed of a staff consisting of two (2) to twelve (12) Engineers, Designers and Draftsmen in the design of numerous utility projects from conceptual plan to completion. Projects included: site plans, drainage systems and studies, retention and detention basins, concrete structures, steel structures, foundations, piping rehabilitation, feasibility studies, geotechnical analysis, above-ground storage tank studies, marine facilities studies and designs, pressurized gas storage vessels, facility design, litigation research, water distribution, sewage collection and treatment systems, sewage pumping stations, soil erosion systems and septic systems. Duties included: general project layout, engineering design, specifications, drafting supervision, client liaison, construction supervision and environmental assessment. Computer and CADD (INTERGRAPH) literate. Assisted on applications to federal, state, county and local Agencies/Boards, as well as approval of As-Builts were also inclusive. Agencies and Boards included: New Jersey Department of Environmental Protection, U.S.E.P.A., Army Corps of Engineering, Pinelands Commission, Soil Conservation District, various Township's Planning and Zoning Boards and Municipal Utilities Authorities.
- 8/87 to 2/91 NELKE, CONSTANTINE & ASSOC., INC., Tuckerton, New Jersey
Chief Engineer
Designed projects from concept to completion. Projects included: major and minor subdivisions, site plans, drainage systems and studies, retention and detention basins, water distribution and treatment systems, sewage collection and treatment systems, water and sewage pumping stations, soil erosion systems and septic systems. Duties included: general project layout, engineering design, drafting supervision, client liaison and environmental assessment. Applications to federal, state, county and local Agencies/Boards and provision of expert testimony before various Public Boards, as well as approval of As-Builts were also inclusive. Agencies and Boards included: New Jersey Department of Environmental Protection, U.S.E.P.A., Army Corps of Engineering, C.A.F.R.A., Pinelands Commission, Soil Conservation District, various Township's Planning and Zoning Boards and Municipal Utilities Authorities.
- 2/85 to 8/87 MAYO-LYNCH AND ASSOCIATES, INC., Hoboken, New Jersey
Project Engineer
Coordinated various engineering disciplines and was responsible for the work performed of a staff consisting of eight (8) to twenty-five (25) Engineers, Designers and Draftsmen in the design of numerous sewage treatment facilities, stormwater collection systems, stormwater pumping stations and systems, sewage and stormwater collection systems and land development projects from conceptual plan to completion. Provided expert testimony before various Public Agencies/Boards.
- 9/83 to 2/85 NUCLEAR POWER SERVICES, PERRY NUCLEAR POWER PLANT, Perry, Ohio
Structural/Civil Engineer
Contracted through K & H Engineering of Ohio, Division of Gilbert/Commonwealth of Reading, Pennsylvania
Assigned to Cleveland Electric Illuminating Co. - Perry Site
Member of Hanger Acceleration Program (HAP)
HAP was designed to expedite installation of large bore pipe supports by acting as liaison between the design engineering company and the construction engineering company.

Glenn M. Beckmeyer, P.E., P.P., CME, CFM, CPWM
10 Parkway Court
Washington Township, New Jersey 07676

EXPERIENCE:

Responsible for field inspections of pipe supports with model to as-built conditions, with supporting hand calculations and G. T. STRUDL calculations and documentation.

9/81 to 9/83

NUCLEAR POWER SERVICES, BYRON NUCLEAR STATION, Byron, Illinois
Structural/Civil Engineer

Responsibilities include preparing original calculations for safety and non-safety related pipe supports using STRUDL and hand calculations.

Assisted in implementing and operating a group designed to check loads, piping configuration and supports for the instrumentation contractor (approximately 50,000' piping - 5000 HGR's). Completed an extensive check of all structural calculations and loads for an external quality assurance audit.

6/81 to 9/81

NUCLEAR POWER SERVICES, Secaucus, New Jersey
Structural/Civil Engineer

Assigned to Maanshan Project. Responsible for designing and checking safety and non-safety related pipe supports. Involved in organizing manpower and workflow programs.

E. AFFIRMATIVE ACTION COMPLIANCE NOTICE

N.J.S.A. 10:5-31 and N.J.A.C. 17:27

GOODS AND SERVICES CONTRACTS (INCLUDING PROFESSIONAL SERVICES)

This form is a summary of the successful bidder's requirement to comply with the requirements of N.J.S.A. 10:5-31 and N.J.A.C. 17:27.

The successful bidder shall submit to the public agency, after notification of award but prior to execution of this contract, one of the following three documents as forms of evidence:

- ☐ (a) A photocopy of a valid letter that the contractor is operating under an existing Federally approved or sanctioned affirmative action program (good for one year from the date of the letter);

OR

- ☐ (b) A photocopy of a Certificate of Employee Information Report approval, issued in accordance with N.J.A.C. 17:27-4;

OR

- ☐ (c) A photocopy of an Employee Information Report (Form AA302) provided by the Division and distributed to the public agency to be completed by the contractor in accordance with N.J.A.C. 17:27-4

The successful vendor may obtain the Affirmative Action Employee Information Report (AA302) from the contracting unit during normal business hours. The successful vendor(s) must submit the copies of the AA302 Report to the Division of Contract Compliance and Equal Employment Opportunity in Public Contracts (Division). The Public Agency copy is submitted to the public agency, and the vendor copy is retained by the vendor.

The undersigned vendor certifies that he/she is aware of the commitment to comply with the requirements of N.J.S.A. 10:5-31 and N.J.A.C. 17:27 and agrees to furnish the required forms of evidence.

The undersigned vendor further understands that his/her bid shall be rejected as non-responsive if said contract fails to comply with the requirements of N.J.S.A. 10:5-31 and N.J.A.C. 17:27.

CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY)

1/24/2025

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

CANCELLATION

SHOULD ANY OF THE ABOVE DESCRIBED POLICIES BE CANCELLED BEFORE THE EXPIRATION DATE THEREOF, NOTICE WILL BE DELIVERED IN ACCORDANCE WITH THE POLICY PROVISIONS.

AUTHORIZED REPRESENTATIVE

Request for Taxpayer Identification Number and Certification

Go to www.irs.gov/FormW9 for instructions and the latest information.

Give form to the
requester. Do not
send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

- 1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

BECKMEYER ENGINEERING, P.C.

- 2 Business name/disregarded entity name, if different from above.

- 3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☐ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☐ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership)

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions)

- 4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

(Applies to accounts maintained outside the United States.)

- 3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions ☐

- 5 Address (number, street, and apt. or suite no.). See instructions.

39 PATERSON AVENUE

- 6 City, state, and ZIP code

WALLINGTON, N.J. 07057

- 7 List account number(s) here (optional)

Requester's name and address (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Social security number

				-							
--	--	--	--	---	--	--	--	--	--	--	--

or

Employer identification number

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- I am a U.S. citizen or other U.S. person (defined below); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they
