5/19/86 Investigated - Short paved road - supposedly owned by Township and Hall - Debris on side of road - e.g. grass clippings, branches organic wastes; few containers 1-2 beer bottles, a few cardboard containers on side - No signs of water retention -

Spoke to Mrs Hall - Complained of mosquitoes, horseflies, household garbage (she picked up) people using road. dumping - including WashTwp Road Dep't -

I told her I would speak to Chief Klutz to see about a chain across the existing poles to block road yet permit emergency access as a fire road.

5/19 Phoned Chief Klutz - He will see to it and coordinate with Road Dep't -

is getting bugs from the debris. She is requesting that it be cleared up and blocked off with a penalty sign posted.

8/26/92 Onsite inspection made by MA & DB. Noted that at the end of the cul-de-sac, there has been some brush and lawn clippings deposited over the years. Does not appear as though there is a problem as a result of this activity regarding health. Will forward to administration as complainant wants area blocked off and posted.
