Signature (Permittee): _____

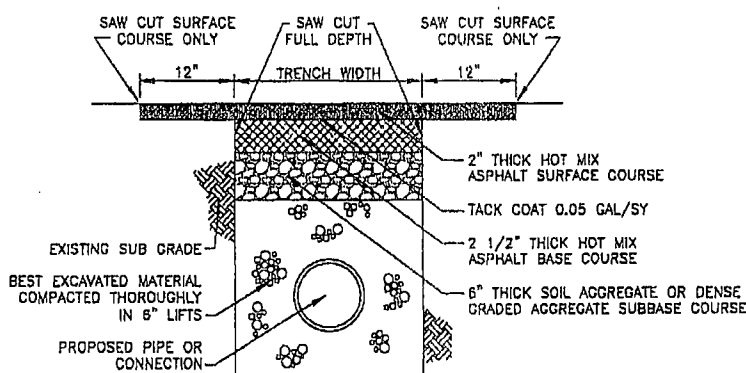

Date: _____

APPLICANT: When all signatures have been obtained, this form will become your permit. Please produce copy of form during construction upon request.

The Permitted shall review the Code of the Township of Brick Chapter 404 entitled, "Streets and Sidewalks", on file at the Municipal Engineer's Office, prior to applying for a permit.

The following is a brief outline of the procedures required for obtaining a street excavation permit.

1. The application must be completely filled out and submitted to the Municipal Engineer with the proper fees on separate checks.
2. The application fee (1st check) is non-refundable.
3. The restoration guarantee (2nd check) will be held in escrow until the trench repairs are completed to the satisfaction of the Municipal Engineer.
4. The permittee (you) must call for a utility markout at least three (3) full days prior to excavation. **NJ One Call: 1-800-272-1000**
5. The roadway shall be repaired in accordance with Chapter 404, Streets and Sidewalks, typically, as shown below.
6. Upon completion of the final pavement surface course, the applicant shall request an inspection by the Municipal Engineer. Requests shall be made by phone or fax to the Municipal Engineer.
7. After the inspection, if restoration has been completed to the satisfaction of the Municipal Engineer, the Municipal Engineer will notify the Township Clerk in writing that the restoration performance guarantee may be released.
8. If applicant fails to restore the trench to the satisfaction of the Municipal Engineer, the Township may hold the guarantee until proper restoration is complete.

NOTE:
1. ALL MATERIALS SHALL CONFORM TO THE LATEST
NJDOT STANDARDS AND SPECIFICATIONS.

**TYPICAL ASPHALT SURFACE
TRENCH RESTORATION**
NOT TO SCALE

(For Official Use Only)
