CERTIFICATION IN LIEU OF OATH

I. OWNER SECTION

I hereby certify that I am the owner of the property listed on Page 1. This dwelling is to be occupied by myself and is not to be used for any purpose, other than single family residential use.

- A. ☐ I further certify that I prepared the plans submitted. This statement is made in accordance with the New Jersey Uniform Construction Code, N.J.A.C. 5:23-2.15(e)vii.
- B. ☐ I further certify that I will perform the work below.
 B1. ☐ Building B2. ☐ Electrical B3. ☐ Plumbing
- C. ☐ I further certify that a new home will be constructed on this property, for my use and occupancy. I attest that all design, construction, plumbing, or electrical work will be done by me or by subcontractors under my supervision, in accordance with all applicable laws; and further acknowledge that said new home is not covered under the New Home Warranty and Builders Registration Act (N.J.A.C. 46:3B-1 et. seq.) and that such fact shall be disclosed to any person purchasing this property within ten years of the date of issuance of a certificate of occupancy.
- D. ☐ I agree to advise all contractors on this project that they are required to be registered with the New Jersey Division of Taxation and to comply with all New Jersey tax laws.

I understand that if any of the above statements are willfully false, I am subject to punishment.

SIGNATURE _____ DATE _____

II. AGENT SECTION

I hereby certify that the work is authorized by the owner of record and I have been authorized by the owner to make this application as his agent.

I agree to advise all contractors on this project that they are required to be registered with the New Jersey Division of Taxation and to comply with all New Jersey tax laws.

I understand that if any of the above statements are willfully false, I am subject to punishment.

☒ Check if contractor.

U.C.C. Form F-110 (8/83) Green - Office Copy White - Applicant Copy Beige - Inspector Copy

Application No. NAPOP-R-SPGP-19
Name of Applicant William McQuaide
Effective Date Date Validated by District Engineer
Expiration Date (if applicable) 31 December 1989

**DEPARTMENT OF THE ARMY
PERMIT**

Referring to written request dated March 23, 1987 for a permit to:

(X) Perform work in or affecting navigable waters of the United States, upon the recommendation of the Chief of Engineers, pursuant to Section 10 of the Rivers and Harbors Act of March 3, 1899 (33 U.S.C. 403);

(X) Discharge dredged or fill material into waters of the United States upon the issuance of a permit from the Secretary of the Army acting through the Chief of Engineers pursuant to Section 404 of the Clean Water Act (33 U.S.C. 1344);

() Transport dredged material for the purpose of dumping it into ocean waters upon the issuance of a permit from the Secretary of the Army acting through the Chief of Engineers pursuant to Section 103 of the Marine Protection, Research and Sanctuaries Act of 1972 (86 Stat. 1062; P.L. 92-532);

William & Lisa McQuaide
1311 G. River Avenue
Lakewood, NJ 08701

is hereby authorized by the Secretary of the Army:
to

existing and proposed timber piers, docks, decks, mooring piles, boats lifts, timber breakwaters and the reconstruction of existing, servicable bulkheads within 18 inches of the existing bulkhead structure

in

navigable waters of the United States within the geographic boundaries
at of the State of New Jersey

in accordance with the plans and drawings attached hereto which are incorporated in and made a part of this permit (on drawings, give file number or other definite identification marks.)

1522-15 (NAPOP-R-New Jersey - SPGP-19)

subject to the following conditions:

I. General Conditions:

a. That all activities identified and authorized herein shall be consistent with the terms and conditions of this permit; and that any activities not specifically identified and authorized herein shall constitute a violation of the terms and conditions of this permit which may result in the modification, suspension or revocation of this permit, in whole or in part, as set forth more specifically in General Conditions j or k hereto, and in the institution of such legal proceedings as the United States Government may consider appropriate, whether or not this permit has been previously modified, suspended or revoked in whole or in part.

b. That all activities authorized herein shall, if they involve, during their construction or operation, any discharge of pollutants into waters of the United States or ocean waters, be at all times consistent with applicable water quality standards, effluent limitations and standards of performance, prohibitions, pretreatment standards and management practices established pursuant to the Clean Water Act (33 U.S.C. 1344), the Marine Protection, Research and Sanctuaries Act of 1972 (P.L. 92-632, 86 Stat. 1062), or pursuant to applicable State and local law.

c. That when the activity authorized herein involves a discharge during its construction or operation, or any pollutant (including dredged or fill material), into waters of the United States, the authorized activity shall, if applicable water quality standards are revised or modified during the term of this permit, be modified, if necessary, to conform with such revised or modified water quality standards within 6 months of the effective date of any revision or modification of water quality standards, or as directed by an implementation plan contained in such revised or modified standards, or within such longer period of time as the District Engineer, in consultation with the Regional Administrator of the Environmental Protection Agency, may determine to be reasonable under the circumstances.

d. That the discharge will not destroy a threatened or endangered species as identified under the Endangered Species Act, or endanger the critical habitat of such species.

e. That the permittee agrees to make every reasonable effort to prosecute the construction or operation of the work authorized herein in a manner so as to minimize any adverse impact on fish, wildlife, and natural environmental values.

f. That the permittee agrees that he will prosecute the construction or work authorized herein in a manner so as to minimize any degradation of water quality.

g. That the permittee shall allow the District Engineer or his authorized representative(s) or designee(s) to make periodic inspections at any time deemed necessary in order to assure that the activity being performed under authority of this permit is in accordance with the terms and conditions prescribed herein.

h. That the permittee shall maintain the structure or work authorized herein in good condition and in reasonable accordance with the plans and drawings attached hereto.

i. That this permit does not convey any property rights, either in real estate or material, or any exclusive privileges; and that it does not authorize any injury to property or invasion of rights or any infringement of Federal, State, or local laws or regulations.

j. That this permit does not obviate the requirement to obtain state or local assent required by law for the activity authorized herein.

k. That this permit may be either modified, suspended or revoked in whole or in part pursuant to the policies and procedures of 33 CFR 325.7.

l. That in issuing this permit, the Government has relied on the information and data which the permittee has provided in connection with his permit application. If, subsequent to the issuance of this permit, such information and data prove to be materially false, materially incomplete or inaccurate, this permit may be modified, suspended or revoked, in whole or in part, and/or the Government may, in addition, institute appropriate legal proceedings.

m. That any modification, suspension, or revocation of this permit shall not be the basis for any claim for damages against the United States.

n. That the permittee shall notify the District Engineer at what time the activity authorized herein will be commenced, as far in advance of the time of commencement as the District Engineer may specify, and of any suspension of work, if for a period of more than one week, resumption of work and its completion.

o. That if the activity authorized herein is not completed on or before 31st day of Dec., 19 89, (three years from the date of issuance of this permit unless otherwise specified) this permit, if not previously revoked or specifically extended, shall automatically expire.

p. That this permit does not authorize or approve the construction of particular structures, the authorization or approval of which may require authorization by the Congress or other agencies of the Federal Government.

q. That if and when the permittee desires to abandon the activity authorized herein, unless such abandonment is part of a transfer procedure by which the permittee is transferring his interests herein to a third party pursuant to General Condition t hereof, he must restore the area to a condition satisfactory to the District Engineer.

r. That if the recording of this permit is possible under applicable State or local law, the permittee shall take such action as may be necessary to record this permit with the Register of Deeds or other appropriate official charged with the responsibility for maintaining records of title to and interests in real property.

s. That there shall be no unreasonable interference with navigation by the existence or use of the activity authorized herein.

t. That this permit may not be transferred to a third party without prior written notice to the District Engineer, either by the transferee's written agreement to comply with all terms and conditions of this permit or by the transferee subscribing to this permit in the space provided below and thereby agreeing to comply with all terms and conditions of this permit. In addition, if the permittee transfers the interests authorized herein by conveyance of realty, the deed shall reference this permit and the terms and conditions specified herein and this permit shall be recorded along with the deed with the Register of Deeds or other appropriate official.

u. That if the permittee during prosecution of the work authorized herein, encounters a previously unidentified archeological or other cultural resource within the area subject to Department of the Army jurisdiction that might be eligible for listing in the National Register of Historic Places, he shall immediately notify the district engineer.

II. Special Conditions: *(Here list conditions relating specifically to the proposed structure or work authorized by this permit):*

See Attached Sheets

The following Special Conditions will be applicable when appropriate:

STRUCTURES IN OR AFFECTING NAVIGABLE WATERS OF THE UNITED STATES:

- a. That this permit does not authorize the interference with any existing or proposed Federal project and that the permittee shall not be entitled to compensation for damage or injury to the structures or work authorized herein which may be caused by or result from existing or future operations undertaken by the United States in the public interest.
- b. That no attempt shall be made by the permittee to prevent the full and free use by the public of all navigable waters at or adjacent to the activity authorized by this permit.
- c. That if the display of lights and signals on any structure or work authorized herein is not otherwise provided for by law, such lights and signals as may be prescribed by the United States Coast Guard shall be installed and maintained by and at the expense of the permittee.
- d. That the permittee, upon receipt of a notice of revocation of this permit or upon its expiration before completion of the authorized structure or work, shall, without expense to the United States and in such time and manner as the Secretary of the Army or his authorized representative may direct, restore the waterway to its former conditions. If the permittee fails to comply with the direction of the Secretary of the Army or his authorized representative, the Secretary or his designee may restore the waterway to its former condition, by contract or otherwise, and recover the cost thereof from the permittee.
- e. Structures for Small Boats: That permittee hereby recognizes the possibility that the structure permitted herein may be subject to damage by wave wash from passing vessels. The issuance of this permit does not relieve the permittee from taking all proper steps to insure the integrity of the structure permitted herein and the safety of boats moored thereto from damage by wave wash and the permittee shall not hold the United States liable for any such damage.

MAINTENANCE DREDGING:

- a. That when the work authorized herein includes periodic maintenance dredging, it may be performed under this permit for _____ years from the date of issuance of this permit (ten years unless otherwise indicated);
- b. That the permittee will advise the District Engineer in writing at least two weeks before he intends to undertake any maintenance dredging.

DISCHARGES OF DREDGED OR FILL MATERIAL INTO WATERS OF THE UNITED STATES:

- a. That the discharge will be carried out in conformity with the goals and objectives of the EPA Guidelines established pursuant to Section 404(b) of the Clean Water Act and published in 40 CFR 230;
- b. That the discharge will consist of suitable material free from toxic pollutants in toxic amounts.
- c. That the fill created by the discharge will be properly maintained to prevent erosion and other non-point sources of pollution.

DISPOSAL OF DREDGED MATERIAL INTO OCEAN WATERS:

- a. That the disposal will be carried out in conformity with the goals, objectives, and requirements of the EPA criteria established pursuant to Section 102 of the Marine Protection, Research and Sanctuaries Act of 1972, published in 40 CFR 220-228.
- b. That the permittee shall place a copy of this permit in a conspicuous place in the vessel to be used for the transportation and/or disposal of the dredged material as authorized herein.

This permit shall become effective on the date of the District Engineer's signature.

Permittee hereby accepts and agrees to comply with the terms and conditions of this permit.

PERMITTEE
BY AUTHORITY OF THE SECRETARY OF THE ARMY:

Ralph V. Locurcio
Lieutenant Colonel, Corps of Engineers
DISTRICT ENGINEER,
U.S. ARMY, CORPS OF ENGINEERS

Transferee hereby agrees to comply with the terms and conditions of this permit.

/

SPECIAL CONDITIONS - NAPOP-R-New Jersey - GP19

(1) That in order for the work and/or structures to be approved by this general permit, the structures must be reviewed and receive the approval(s) of the New Jersey Department of Environmental Protection, pursuant to N.J.S.A. 12:5-3 (Waterfront Development Permit), and/or N.J.S.A. 13:9 A-1 et seq (Wetlands Permit) and New Jersey Water Pollution Control Act NJSA 58, 10A (Water Quality Certificate).

(2) This general permit is not applicable to work which is authorized by the State due to failure of the State to make a permit decision within the review period mandated by State law and/or regulation (90 day law).

(3) That the work and/or structures may be used for non-commercial purposes only.

(4) That the structures subject to this general permit shall not extend more than 20% of the width of the adjacent waterway measured from mean low water line and in no instance exceed 250 feet channelward of the mean high water line. Each application shall include a written justification for the number and length of all proposed structures.

(5) That the structures subject to this general permit shall be limited to a maximum width of 8 feet except where crossing wetlands, mudflats and submerged vegetation where the width of the structures shall be limited to a maximum width of 6 feet. The height of structures over wetlands shall be a minimum of 3 feet.

(6) That all construction equipment working on wetlands shall be supported on mats. Any wetlands disturbed during construction shall be restored to pre-project conditions.

(7) That this general permit only authorizes the construction of timber breakwaters. All breakwaters must be constructed at least 18 inches above the bottom of the waterway with a minimum spacing of 3 inches between sheathing.

(8) That the structures subject to this general permit shall be constructed a minimum of 50 feet outside of any authorized navigation channel/project.

(9) That this general permit is not applicable for work directly related to another activity requiring an individual Department of the Army permit application and approval by the District Engineer, Corps of Engineers.

(10) That provisions of this general permit shall not apply to:

(a) Historic, cultural or archaeological sites as provided in the National Historic Preservation Act of 1966.

(b) Sites included or eligible for inclusion in the National Registry of Natural Landmarks which are published periodically in the Federal Register.

(c) Any other areas named in Acts of Congress or Presidential Proclamations as National Rivers, National Wilderness, National Wildlife Refuges, National Seashores, National Recreation Areas, National Lakeshores, National Parks, National Monuments and such areas as may be established under Federal law for similar and related purposes such as estuaries and marine sanctuaries.

(11) That provisions of this general permit shall not apply to any activity that would affect any species of fish, wildlife or plant (or their critical habitat) which is designated as endangered or threatened pursuant to Section 7 of the Endangered Species Act of 1973 (P.L. 93-305).

(12) That no public or private shellfish beds shall be infringed upon by the proposed structures.

(13) That this general permit does not authorize the following:

(a) Any dredging, or any other activity not specified in this general permit.

(b) The permit does not include piers, docks, boat lifts and breakwaters constructed of solid fill (earth or rock). These types of structures will require an individual Department of the Army permit.

(c) The storage of petrochemicals, pollutants, or hazardous products on docks or piers.

(14) That the District Engineers retains discretionary authority to require, on a case by case basis, submission of an individual Department of the Army permit application for work when it is determined that such a review would be in the public interest (e.g. potential for significant impact on environmental resources, effect on navigation).

(15) That all work performed under the authorization of this general permit must be consistent with the approved State of New Jersey Coastal Zone Management Program. The applicant must include a statement with the permit application indicating that, "The proposed activity complies with and will be conducted in a manner that is consistent with the approved State Coastal Zone Management (CZM) Program, specifically New Jersey Coastal Resource and Development Policies (N.J.A.C. 7:7E-1.1 et seq.).

(16) If it is discovered that an individual is performing work under the pretense that it is authorized by this general permit, and in fact it is not, he must specifically apply for an individual Department of the Army permit to perform the work. If the Department of the Army permit is denied, the applicant shall, without expense to the United States and in such time and manner as the Secretary of the Army or his authorized representative may direct, restore the waterway to its former condition. If the individual fails to comply with the direction of the Secretary of the Army or his authorized representative, the Secretary or his designee may restore the waterway to its former condition, by contract or otherwise, and recover the cost thereof from the individual.

(17) That prior to commencing any work under this general permit, the permittee should contact the various utility authorities and companies (i.e.: electric, gas, water, sewage, etc.) in order to prevent personal injury and/or damage to property during construction work.

(18) That any archaeological artifacts discovered during the performance of work under the authorization of this general permit must be adequately protected and their discovery promptly reported to the District Engineer.

(19) That all applicable Federal regulations concerning fish and wildlife and water quality agencies and statutes relating to the prevention and abatement of pollution shall be complied with in the performance of work under this general permit.

(20) That pollution of the waterway with harmful chemicals, fuels, oils, greases, bituminous material, acid, waste washings and/or other harmful materials shall be prevented.

(21) That all work identified and authorized herein shall be consistent with the terms and conditions of this general permit; and that any activities not specifically identified and authorized herein shall constitute a violation of the terms and conditions of this permit, in whole or in part, as set forth more specifically in condition (16) hereto and in the institution of such legal proceedings as the United States Government may consider appropriate.

(22) That the permittee agrees to make every reasonable effort to perform the construction work authorized herein in a manner so as to minimize any adverse impact on fish, wildlife and natural environmental values.

(23) That the permittee agrees to perform the construction work authorized herein in a manner so as to minimize any degradation of water quality.

(24) That the permittee shall permit the District Engineer or his authorized representative(s) or designee(s) to make periodic inspections at any time deemed necessary in order to assure that the activity being performed under authority of this general permit is in accordance with the terms and conditions prescribed herein.

(25) That the permittee shall maintain the structures authorized herein in good condition.

(26) That this general permit does not convey any property rights, either in real estate or material, or any exclusive privileges; and that it does not authorize any injury to property or invasion of rights or any infringement of Federal, State or local laws or regulations nor does it obviate the requirement to obtain State or local assent required by law for the activity authorized herein.

(27) That in issuing this general permit, the Government has relied on the information and data which the permittee has provided in connection with his/her permit application. If, subsequent to the issuance of this permit, such information and data prove to be false, incomplete or inaccurate, this permit may be modified, suspended or revoked, in whole or in part, and/or the Government may, in addition, institute appropriate legal proceedings.

(28) That any modification, suspension or revocation of this general permit shall not be the basis for any claim for damages against the United States.

(29) That the permittee shall notify the District Engineer a minimum of two weeks prior to commencing the authorized activity.

(30) That this general permit does not authorize or approve the construction of particular structures, the authorization or approval of which may require authorization by the Congress or other agencies of the Federal Government.

(31) That if and when the permittee desires to abandon the structures authorized herein, unless such abandonment is part of a transfer procedure by which the permittee is transferring his interest herein to a third party pursuant to General Condition (34) hereof, he must restore the area to a condition satisfactory to the District Engineer.

(32) That if the recording of this general permit is possible under applicable State or local, law, the permittee shall take such action as may be necessary to record this permit with the Register of Deeds or other appropriate official charged with the responsibility for maintaining records of title to and interests in real property.

(33) That there shall be no unreasonable interference with navigation by the existence or use of the structures authorized herein.

(34) That this general permit may not be transferred to a third party without prior written notice to the District Engineer. If the permittee transfers the interests authorized herein by conveyance of realty, the deed shall reference this general permit and the terms and conditions specified herein and this permit shall be recorded along with the Register of Deeds or other appropriate official.

(35) That this general permit does not authorize the interference with any existing or proposed Federal project and that the permittee shall not be entitled to compensation for damage or injury to the structures authorized hereing which may be caused by or result from existing or future operations undertaken by the United States in the public interest.

(36) That no attempt shall be made by the permittee to prevent the full and free use by the public of all navigable waters at or adjacent to any structures authorized by this general permit.

(37) That if the display of lights and signals on any structures authorized herein is not otherwise provided by law, such lights and signals as may be prescribed by the United States Coast Guard shall be installed and maintained by and at the expense of the permittee.

(38) Structures for Small Boats: That the permittee hereby recognizes the possibility that the structures permitted may be subject to damage by wave wash from passing vessels. The issuance of this general permit does not relieve the permittee from taking all proper steps to insure the integrity of the structures permitted and the safety of boats moored thereto from damage by wave wash and the permittee shall not hold the United States liable for any such damage.
