Re: **Reminder Letter:** Program Interest ID #: 009150  
Program Interest Name: National Waste Disposal Inc. (Former)  
Invoice #: 141587470  
Amount: \$2,700.00

Dear Regulations Official:

Please be advised that this is a reminder that you are overdue on your LSRP Annual Fees and need to make remittance of the Licensed Site Remediation Program (LSRP) Annual Remediation Fees associated with the above referenced case. To date, no payment has been received.

The New Jersey Department of Environmental Protection hereby requests that you make FULL payment for the total outstanding amount listed above by the due date on the enclosed invoice. The invoice includes the past due annual remediation fee for 2012, 2013 as well as the 2014 annual remediation fee.

Failure to pay this invoice by the due date will result in the issuance of a Final Notice Letter. The Final Notice Letter is the first step in an Enforcement process that may result in future interest or penalties. In addition, failure to pay may result in referring this amount owed to a collection agency and/or placement of a lien on the property or person responsible for the remediation.

Should you have any further questions regarding this matter, please email Karen Ward at the Office of Direct Billing and Cost Recovery at [Karen.Ward@dep.nj.gov](mailto:Karen.Ward@dep.nj.gov) or (609) 777-0691 (email preferred).

Sincerely,

Gary Czock, Section Chief  
Office of Direct Billing and Cost Recovery
