RE: Lumberton Township OPRA Request 2019-233

Dear Mr. Saltarelli:

Lumberton Township received your OPRA request on December 11, 2019. This correspondence timely responds to your request as follows:

1. Police reports for 80 Kingsbridge Road from 12/2/19 to Present.
Response – See attached documents.
2. Incident reports for 80 Kingsbridge Road from 12/2/19 to Present.
Response – See attached documents.
3. Instructions or request to comply with Title 4 (Proper Shelter)
Response – referenced in attached documents and a copy of the materials provided by the officer directly to the individual are also attached.

Standard redactions were made to remove Dates of Birth and Home Telephone Numbers pursuant to N.J.S.A. 47:1A-1.1.

This completes your OPRA request.

Sincerely,

Bobbie Quinn, RMC/CMR
Lumberton Township Clerk/Registrar of Vital Statistics

I responded to 80 Kingsbridge Dr. to complete a follow-up investigation as the HELO. Upon arrival at the residence there were two occupied vehicles in front of the residence. Central dispatch then advised me that there was a call for service at the residence for a stand-by for the surrender of a dog. I spoke with the caller, Celine Montana. She stated that the owner of the dog (Priscilla Anderson) had agreed to sell her dog to her for \$50 and she was now on location with the money. I then spoke with Anderson who is elderly and did not understand the situation. Anderson called her daughter and I explained the situation to her and she advised her mother against the selling the dog to Montana. I explained the nature of the animal cruelty complaints to Anderson and her daughter and also briefed them on the animal cruelty laws pertaining to exposure and shelter. I advised them to research the laws for themselves to further their knowledge on them. I then advised Montana that Anderson did not wish to sell her dog. Montana left without incident. It should be noted that the dog, a male Border Collie, was inside the residence when I arrived on scene. Anderson let me inspect the dog and it appeared to be healthy and well cared for.

SAW ON FACEBOOK POST ABOUT DOG AT THE ABOVE BEING TETHERED OUTSIDE AND NOT SUITABLE SHELTER / CALLER WANTS TO SPEAK TO OFC IN REF TO / WILL BE WAITING ON CORNER IN GLD MAZDA VAN / CALLER IS FROM ANIMAL RIGHTS GROUP

Entered By: Chris Cheesman Date Entered: 12/04/2019 13:50

Dispatched to 80 Kingsbridge Dr. for an animal complaint. Upon arrival, I spoke with Celine Montana, who advised me she was from a local animal rights activist group and heard there was a dog being left outside at 80 Kingsbridge Dr.. Montana requested police check on the dog. I observed the dog in the rear yard of the property. The rear yard was fenced in and the dog did not seem to be in any distress. I made contact with the owner, Priscilla Anderson, who advised she was home and the dog was fine. She lets the dog in and out of the residence as needed and advised the dog has access to food and water. Montana advised she was upset because there was no straw inside of the dog's dog house. She and Anderson discussed the matter after Anderson agreed to speak with Montana at her request and they did not agree in their discussion. After they could not come to an agreement, Montana and Anderson went their separate ways. I notified our Humane Law Enforcement Officer, Sgt. McHugh by email of the ongoing incidents. No further actions were taken.

Date Entered: 12/02/2019 13:49

Priscilla Anderson wished to advise police that a white pick up truck drove past her residence and took a picture due to the recent calls at her residence regarding her dog being left outside. She believes that it may be related to the animal complaints. Anderson did not have a registration number to provide and wished to have the incident documented.

NJ's Tethering Restriction and Proper Outdoor Shelter Law:

Title 4 revised, and signed into law, on August 7th, 2017

Adverse Environmental Conditions: It is unlawful to expose any dog, domestic companion animal, or service animal to adverse environmental conditions for more than 30 minutes, unless the animal has continuous access to proper shelter as set forth below. The act also specifies tethering requirements and what constitutes "adverse environmental conditions." The law advises on corrective actions to be taken before issuing punitive summonses to the pet owner. (C.4:22-17.1 Definitions relative to care, tethering of certain animals)

✚ Adverse Environmental Conditions means any of the following:

- 32 degrees Fahrenheit or below, or 90 degrees Fahrenheit or above;
- Exposure to direct sunlight, hot pavement, or any other hot surfaces that would pose a risk to the health or safety of the animal; Cold weather or precipitation-related environmental conditions, including, but not limited to, wind, rain, snow, ice, sleet, or hail

Prohibited Tethering and Restraints: (C.4:22-17.3 Unlawful to cruelly restrain a dog)

✚ It is illegal to tether a dog in any of the following manners:

- With a tether on which more than one dog is restrained,
- With a tether less than 15 feet in length or which doesn't permit the dog to walk at least 15' in a direction*
- With a tether that permits the dog to reach another dog or an object or location that poses a risk of entanglement, strangulation, drowning, or other harm to the health or safety of the dog.*
- In a manner that exposes the dog to adverse environmental conditions for more than 30 minutes,
- With the use of a choke collar, prong collar, head harness, a chain with metal links that are more than one quarter of an inch thick, or a tether, collar, or harness to which a weight is attached
- In a manner that prevents the dog's access to sanitary and liquid water when tethered for more than 30 minutes
- If the dog is a nursing female, or is less than four months old
- Outdoors between the hours of 11p.m. and 5a.m. (*shall not take effect until 18 months after enactment*)*

*Note: does not apply if person in position to care for animal is present with the animal at all times, or can see the animal at all times.
This law does not apply to transport, shows, or if indoors.

Proper Outdoor Shelter Requirements: (C.4:22-17.5 Proper shelter for certain animals)

✚ Proper shelter must at all times:

- Be adequately ventilated so animal remains dry and maintains a normal body temperature, UPRIGHT position.
- Allow animal access to clean, potable water, and exposure to natural or artificial light per a regular cycle of day and night. Be soundly constructed, in good repair, no sharp points or edges, maintained from waste and debris.
- Provide sufficient space for animal to easily turn around in a full circle and lie down on its side with limbs outstretched, and when the animal is in a normal sitting position, the top of the animal's head cannot touch the shelter ceiling. Must be reasonably away from flood areas, be cleared of snow, precipitation, and debris.
- MUST HAVE A FLOOR, insulation to maintain normal body temperature, and if under 32 degrees, a windbreak.

✚ **Proper shelter DOES NOT include** a crawl space, under a vehicle, a structure made with pressure treated wood containing arsenic or chromium, or with a wire, chain link type construction, or one made from materials that can easily denigrate from the elements. Even if shelter requirements are met, if the size, type, condition or type of animal puts the animal in danger of the elements, and normal body temperature cannot be maintained, it can be ordered to be taken inside.

While animal control officers (ACOs) and humane police (HLEOs) are primarily tasked with enforcement, state law gives authority to any local law enforcement official to enforce these provisions of Title 4 in the event ACOs or HLEOs are not available!

DISCLAIMER: This is not a legal document and solely intended to provide NJ residents a 'quick reference' summary of the new law. Please refer to the statute and state legislative website for the full text of the law at http://www.njleg.state.nj.us/2016/Bills/PL17/189_PDF
