Summary: Only one commercial vehicle is allowed to be on property. All others are to be removed. Camper cannot be used as a living facility. It must be kept locked for safety reasons. It was observed by neighbors that there are people living in the camper including a child. Also observed inhabitants of camper urinating in a bucket outside camper and dumping the bucket over the fence. This is unsanitary and may cause health issues. There is debris and refuse all over property and there is concern that this is inviting insects, mice and rats. This issue must be dealt with immediately. cc: Raritan Police Department Board of Health

Summary: As per our conversation regarding the garbage placement issue on 6 Lincoln Street, I spoke to both the property owner and the complaintant, Kathy Renshaw. Ms. Renshaw insists that the tenants of 6 Lincoln place their garbage out on Somerset for pick up rather than on Lincoln (Pick up has been on Lincoln for more than 28 years). She claims that the garbage spills over onto the ground and she is always picking it up. The owner of the property on 33 E. Somerset St has agreed to place the garbage out on Monday morning rather than Sunday night and place it further back so it is less likely to be knocked over during the night. I don't know what else can be done at this point. I don't think Ms. Renshaw will be satisfied with this outcome and she may take it further. I just wanted you to be aware of this situation should you might be her next call. Thanks.
