144 Crash Diagram (NOT TO SCALE)

145 Crash Description/Narrative

Box 118a: Driver 1 advised she was distracted by either looking into her rear view mirror or out her passenger side window just prior to the collision.

Vehicle 2 was stopped in traffic in the right eastbound lane of State Route 33 (SR 33). Vehicle 1 was traveling eastbound in the right lane of traffic directly behind Vehicle 2. Driver 1 was not paying attention to the stopped traffic ahead and subsequently crashed into Vehicle 2. The front end of Vehicle 1 crashed into the rear end of Vehicle 2 creating minor damage to the front end of Vehicle 1 and minor damage to the rear end of Vehicle 2. There were no injuries or fluid leaks as a result of the collision.

I spoke with both drivers during the crash investigation. While speaking with Driver 1, she appeared confused and was unable to recall exactly how the crash occurred. She was unsure of what she was doing just prior to the crash however believes she may have been distracted by looking into her rear view mirror or out the passenger side window. Driver 1 made it known to me that she has a physical handicap due to a previous existing injury to her right knee. Due to Driver 1's elderly age, physical and mental condition at the time of the crash, I completed a Driver Examination and/or Medical Evaluation Request form and submitted the same to the New Jersey Motor Vehicle Commission. A copy of the document is attached to this report.
