145 Crash Description/Narrative

Vehicle #1 was traveling westbound on West Sylvania Ave. Vehicle #2 was travelling southbound in the parking lot of 300 West Sylvania Ave approaching the parking lot's stop sign. Driver #2 states she did not see Vehicle #1 approaching her because it's lights were not on (it should be noted Vehicle #1 has automated lights which were tested and functioning properly). Driver #2 did not properly stop/yield to oncoming traffic and subsequently entered West Sylvania Ave to turn left. As a result, the front passenger side bumper of Vehicle #1 collided with the front driver side bumper of Vehicle #2. Vehicle #1 sustained moderate/functional damage and Vehicle #2 sustained disabling damage to their respective points of impact.

Neither Driver #1 or Driver #2 had a complaint of pain.

Due to the disabling damage of Vehicle #2, a tow was requested. Jim's Towing responded and towed the vehicle to Impact Auto Body.
