Government Records Request

Receipt

This is a request for public records made under OPRA and the common law right of access. I am not required to fill out an official form. Please acknowledge receipt of this message. Please electronically provide the following data on affordable housing units and their lotteries. Building address Unit number Unit size (i.e. number of bedrooms) Unit rent Income requirements Date posted online to solicit applications Date lottery ran [if filled via lottery] Date unit filled Number of applications [if available] The data are similar to what is available through NJ Housing Resource Center and SocialServe for current affordable housing applications, but I am interested in historical data as far back as available. If the exact unit number is unavailable -- e.g., if the data are only available at the building, but not unit, level -- please provide the number of units of each size and rent within the apartment building. The data is for academic use, not commercial, but I can cover some fees. Please advise me if fees are likely to exceed \$250.
