Subject: Open Public Records Act request - Agreements and memorandums between Cooper's Ferry Partnership and the City of Camden.

Dear Camden City,

This is a request for public records made under OPRA and the common law right of access. Please acknowledge receipt of this message.

Records requested:

All agreements, memorandums of understanding, meeting minutes (whether public or executive session) and other email or written communications that outline, explain or layout the role of Cooper Ferry Partnership in the development and/or design and engineering of RCA Pier Park, a 2.2-acre signature waterfront park on the Central Waterfront.

I am trying to find out what role Cooper Ferry Partnership has in the development of the RCA Pier. The RFP outlines that it is a partnership with Camden, but it also notes that CFP is actually putting the project out for proposal, managing the collection of the proposals - and appears to have had at least some input in rejecting the last proposals - and that State Greenacres money (which are public funds) are being used.

I make this request under OPRA and the common law right of access. My common law interest is that I am a citizen attempting to learn how public money is being spent or controlled by entities that may not be subject to public scrutiny.

Yours faithfully,

Patrick Duff
