March 29, 2018

Dear Mayor Reid,

The New Jersey Conference of Mayors is holding its Annual Spring Conference from April 25 to 27 at the Borgata Casino hotel and Spa in Atlantic City. As part of the conference we will have a panel session on the legalization of marijuana on Friday, April 27 from 1:00 p.m. to 3:00 p.m.

Due to your expertise in this area we would like to include you as a panelist at the session. Please let us know if you would be available to participate by Wednesday, April 4 so that we can publicize the list of panelists as soon as possible. Please respond to Communications Specialist Charlie Pritchard at charlie@njcm.org or by phone to 609-989-9216.

You are welcome to also join us for lunch at noon that day before the start of the session.

We hope you will be able to join us!

Sincerely,

John Morrissey
Executive Director
New Jersey Conference of Mayors

2017 - 2018

President

Mayor Chuck Chiarello
Buena Vista Township

Vice Presidents

Mayor William J. Chegwiddon

R E S O L U T I O N #2018 - 02

**RESOLUTION OF THE OCEAN COUNTY MAYORS' ASSOCIATION,
COUNTY OF OCEAN, STATE OF NEW JERSEY, HEREBY
OPPOSING THE ENACTMENT OF LEGISLATION TO LEGALIZE
THE RECREATIONAL USE AND SALE OF MARIJUANA**

... Virus-free. www.avast.com

RESOLUTION #2018 - 02

RESOLUTION OF THE OCEAN COUNTY MAYORS' ASSOCIATION, COUNTY OF OCEAN, STATE OF NEW JERSEY, HEREBY OPPOSING THE ENACTMENT OF LEGISLATION TO LEGALIZE THE RECREATIONAL USE AND SALE OF MARIJUANA

WHEREAS, under the Federal Controlled Substances Act of 1970, it is illegal to possess, use, buy, sell or cultivate marijuana for recreational purposes in all United States jurisdictions; and

WHEREAS, Ocean County follows the Rule of Law and Federal Law clearly states that marijuana is considered to have a high potential for abuse and physical or psychological dependence and that marijuana use is illegal for any reason, with the exception of FDA approved research; and

WHEREAS, the Federal Drug Enforcement Agency lists marijuana as a Schedule 4 Drug and that other Schedule I Drugs include Heroin, LSD, Ecstasy and Quaalude; and

WHEREAS, the Ocean County Mayors' Association strives to support the local law enforcement effort and recognizes that making recreational marijuana use legal will further strain the resources of law enforcement already dealing with the opioid epidemic; and

WHEREAS, recent public media accounts have indicated that the Governor of the State of New Jersey, some State Legislators and other officials will move to legalize recreational marijuana use within the Governor's first 100 days of office; and

WHEREAS, only eight states and the District of Columbia have legalized recreational marijuana; and

WHEREAS, Attorney General Jeff Sessions has rolled back an Obama-era policy that allowed "legal" marijuana without Federal intervention and has effectively unleashed Federal prosecutors to crack down on marijuana-related offenses; and

WHEREAS, a recent poll taken by Fairleigh Dickinson University found that 58 percent of those polled believe the State should not legalize marijuana for recreational use, highlighting a trend which shows support for legalization declining in recent years; and

WHEREAS, Colorado, one of the states that has legalized recreational marijuana, has seen an increase in documented traffic deaths involving drivers that had used marijuana as well as increased use in teens aged 12 to 17 that is 74% above the national average; and

WHEREAS, recreational marijuana is specifically designed to have as much THC as possible; and

WHEREAS, THC is known to impair physical function in the user, including reaction time while operating a vehicle and the user's ability to perceive danger; and

WHEREAS, New Jersey utilizes Drug Recognition Experts, "DRE" to determine whether someone is under the influence of a drug when operating a motor vehicle; and

WHEREAS, New Jersey has a standard established for Driving While Intoxicated, .08%, however, since marijuana THC is known to stay in a person's system for up to 30 days, there is no current test or standard established for operating a motor vehicle under the influence of marijuana, making enforcement difficult; and

WHEREAS, Monmouth County and several municipalities in Ocean County, including Point Pleasant Beach, Berkeley Township and Bay Head have already passed Ordinances to ban sales in their jurisdiction with Toms River Township, Ocean Gate and Lavallette strongly considering similar ordinances; and

NOW, THEREFORE, BE IT RESOLVED, that the Executive Officers membership of the Mayors Association of Ocean County, of the County of Ocean, State of New Jersey hereby opposes the enactment of legislation to legalize the recreational use and sale of marijuana; and further encourage Ocean County municipalities to join with Ocean County in opposing this issue.

BE IT FURTHER RESOLVED, that certified copies of this resolution shall be made available to Governor Phil Murphy, the 3rd, 9th, 10th, 12th and 30th Legislative Districts representatives, Ocean County Freeholders, Ocean County Mayors, Prosecutor Joseph Coronato, Sheriff Michael Mastronardy, Ocean County Chiefs of Police and the New Association of Counties.

CERTIFICATION

I, Carmen F. Amato, Jr., Secretary of the Ocean County Mayors' Association, do hereby certify that the foregoing is a true copy of a resolution duly adopted at an Ocean County Mayors' Association regular business meeting held on the 23rd day of January, 2018.

Non-Resident Taxpayers' Annual Meeting
Point Pleasant Beach, NJ
Saturday, June 9, 2018 - 10:00am
G. Harold Antrim Elementary School
401 Niblick Street

The Point Pleasant Beach Non-Resident Taxpayers Advisory Committee (NRTAC), under the guidance of Mayor Stephen Reid, will host its sixth annual town meeting on June 9, 2018 in the auditorium at the G. Harold Antrim Elementary School. Important and current Point Pleasant Beach topics and issues to be discussed, including the town update from the Mayor, dunes and beach replenishment, safety in the schools and in the town, lake flooding, property taxes, the town budget, real estate matters, marijuana, shop local credit and much more.

Guest speakers will include, among others, Mayor Stephen Reid, Council President Bob Santanello, representatives from the Police, Fire and EMT departments, an official from the town engineering firm, local real estate agents, chamber of commerce and Jenkinson's.

Attendees will have the opportunity to ask questions and learn more about the continuing work of NRTAC. Any questions regarding the meeting can be sent to ppbnrtac@gmail.com. For more information on NRTAC, please visit its website: www.pointpleasantbeach.org/board-nrtac.php

We hope to see you on June 9th.

Sincerely,
Seth Sloan
NRTAC Chairman

***A non-resident tax-payer is an owner of residential or commercial property in Point Pleasant Beach, NJ, who pays property taxes, but is not eligible to vote in local election.*

**** THIS MEETING IS OPEN TO BOTH RESIDENT AND NON-RESIDENT TAXPAYERS OF POINT PLEASANT BEACH, NJ ****

Partnership For a Drug Free New Jersey

Child Break Summary for Senior Presentations

Our Child Break presentation is a multimedia program that informs, encourages and empowers parents, grandparents, educators, coaches, and other adult caregivers how to communicate effectively with children about the misuse and abuse of alcohol and other drugs. The presentation includes up to date statistics on drug and alcohol use and public service announcements that cover various types of drugs used by children. Specific topics addressed include underage drinking, marijuana use, the current opiate/heroin crisis we are currently facing throughout our state, risk factors and protective factors, and specific strategies parents may use with their children. The American Academy of Pediatrics has recently promoted guidelines encouraging parents and guardians to talk to their children about this issue as early as age 9.

When doing the presentation for seniors, specific attention is, to note seniors themselves are an "at risk" population. Over 2.7 million people over age 50 abused painkillers and over 14,000 people over age 45 died of overdoses in 2015.

To schedule a presentation, you can visit www.drugfreenj.org. Click on the word "Child Break". Click on the phrase, "join a child break". Then enter your contact information. We will then check to see if a parent educator is available to present and work with you to schedule a presentation. You can also call the Partnership for a Drug Free NJ to schedule a presentation. If you have any questions about the program, please feel free to contact:

On Jun 29, 2018, at 8:31 AM, SAM Action (Smart Approaches to Marijuana) <reply@learnaboutsam.org> wrote:

Dear Friend,

As you might have seen, New York Senator Chuck Schumer introduced a bill on Wednesday that would remove marijuana from the Controlled Substances Act... essentially legalizing it at the federal level.

This bill would make it legal to manufacture and sell 99% pure THC extracts, candies, gummies, and other edibles. What's worse, because the U.S. Department of Transportation derives its drug testing regulations from the Controlled Substance Act, the bill would essentially end the ability to perform random drug tests for marijuana for DOT licensees, including pilots and truck drivers.

Another shocking takeaway from this bill: it removes the ability of the National Forest system to police highly dangerous

National Forests with pesticides and illegal water diversion and are also connected to foreign cartels.

By all accounts, Senator Schumer and his staff were so excited to start getting checks from the marijuana industry, they slapped together a half-baked proposal without giving a single thought to the potential damages.

It is one thing when junior level senators and representatives introduce bills, but it is an entirely different scenario when the Senate Minority Leader introduces a bill that is such a blatant giveaway to Big Marijuana.

Friend, this is what we are up against.

The pot industry is showering lawmakers with money and gaining influence, but this fight is far from over. As evidenced by the many victories our supporters have been able to accomplish at both the state and federal level this year, we know we can stop this train.

If you can, please [click here to chip in with a donation](#) to SAM Action to help us mobilize.

If we are going to win the struggle for public health, it is going to take small sacrifices from advocates who believe in the cause, and I am thankful to be in the trenches everyday with all of you.

Thank you for all that you do.

ACTION ALERT: Stop Big Marijuana -- Contact your legislators today!

Stephen Reid <sreidassoc@yahoo.com@ccsend.com>

Mon 7/30/2018 3:29 PM

To: Stephen Reid <sreid@pointbeach.org>;

Dear NJ-RAMP Supporter:

It's been 200 days since Governor Murphy took office and promised to legalize recreational marijuana. Because of the support of volunteers and grassroots advocates like you, we've been successful in pushing back on the Big Marijuana industry and blocking their agenda.

However, **the battle is not over**. We are asking for your help to stop lawmakers from passing a short-sighted bill to legalize recreational marijuana in the Garden State **this summer**. The marijuana industry is working with political bosses in New Jersey to pass legislation in **August** - when they think most New Jerseyans are on vacation and won't be paying attention.

We are asking for your help to contact your legislators TODAY to let them know you're opposed to this dangerous proposal. Click **here** to send a letter to your legislator. Or visit **<http://nj-ramp.org/action>**.

Thank you for your help. Together, we can stop Big Marijuana from profiting at the expense of our communities and families.

Sincerely,

Stephen Reid
Executive Director, NJ-RAMP

everyone.

I am following up -- let me know if the agenda looks okay and if you'd like a call on Thursday.

Thanks! I'm looking forward to meeting you all on Friday. - Lisa

From: Lisa W. Spiegel, Esq.

Sent: Monday, July 30, 2018 5:43 PM

To: Dominick Mazzagetti <[REDACTED]>; epurcell@newjerseylaw.net <epurcell@newjerseylaw.net>; Gary Engelstad <[REDACTED]>; Jennifer Naughton <jnaughton@springlakeboro.org>; Amy Quinn <amy.quinn@cityofasburypark.com>; Stephen Reid <sreid@pointbeach.org>; Lisa Chapland, Esq. <lchapland@njsba.com>

Subject: Jersey Shore Program Friday

afternoon, everyone.

Thank you again for participating in "The Jersey Shore: The Past, the Present and the Future of a National Treasure." As you know, the program will be this Friday, August 3rd at McLuone's Supper Club, 1200 Ocean Avenue, Asbury Park, starting at 9:00AM. I am looking forward to meeting you.

breakfast will be ready by 8:15 so feel free to come early for coffee and bagels and to settle any last-minute details. We have arranged for free parking and I'll have those details for you on Thursday. Also, I sent everyone Dominick's book — I'm sorry that I didn't do it sooner. You will all receive it tomorrow at your municipal halls. You do not need to read the book to participate, but I thought you would all like to have it.

I'm glad to let you know that Mayor Jennifer Naughton from Spring Lake has agreed to join us. It is possible that Mayor Frank Gilliam of Atlantic City will also join the program — he will let me know by tomorrow.

I have attached a draft of the agenda. You will all take part in the round table discussion portion of the program. Ed McCell will be the moderator but the topics will mostly come from you, as I would like these to be topics that you are comfortable talking about. The goal is for the round table to be as informal as possible so that it feels more like a discussion than a presentation. Dominick, Ed, Deputy Mayor Quinn and Mayor Reid already suggested some topics, and they are on the attached agenda. Please feel free to send in more by Wednesday. Please send me your biographies by Wednesday as well. We are going to print a materials book and the biographies will be in that handout.

I would be glad to answer any questions that you may have so call me any time. My work number is below and my cell is [REDACTED]. I answer my cell before 9:00 and after 5:00. Also, let me know if you would like to have another reference call on Thursday. I think you can all do this without one but, if you're more comfortable, I would be glad to come together.

Thanks again to everyone. Registration for this is brisk — you'll have 100 in the audience by Friday.

Warm Regards,

1

Mayor Reid,

I am Patrick Boccio, the mayor of Green Brook Township.

As the State gets closer to legalizing retail marijuana sales, we are assessing our options in Green Brook regarding banning or allowing sales.

I am aware that Point Pleasant Beach has banned all sales, including medical marijuana dispensaries.

If you have some time I would like to speak to you on this important issue.

My cell phone is below or I could call you at time that works for you.

Regards,

Patrick Boccio, Mayor
Township of Green Brook
111 Greenbrook Road
Green Brook, New Jersey 08812

Your help is VITAL

Stephen Reid <sreidassoc@yahoo.com@ccsend.com>

Thu 8/16/2018 3:24 PM

To: Stephen Reid <sreid@pointbeach.org>;

Dear NJ-RAMP Advocate,

We need you, now! We are quickly approaching a crucial situation with regard to the legislation to legalize marijuana in New Jersey. The legislature will return in September and this will be the major issue on the docket as Senate leadership hope to have a bill ready for the Governor to sign by late October.

As the only group united in the fight against legalized marijuana in the state, NJ-RAMP will continue to lead this opposition effort with the support of all of our advocacy partners such as you!

To do so, we must be focused on the following goals:

- Educate members of the Senate Judiciary Committee on the dangers of moving such legislation and negative impact it will have on NJ communities through one-on-one meetings
 - Use NJ-RAMP spokespeople to impact legislative decisions through op-eds, testimony at hearings, public events, etc.
 - Rally our grassroots in opposition to legalized marijuana through targeted media ads, events and other communications platforms

Toward this end we will be developing a number of outreach initiatives that we will need your support on in the coming weeks. **The first event, that can help turn the tide, is a Council meeting in Linden on August 21 where Councilman Peter Brown will attempt to pass a law to ban dispensaries in Linden. This would provide a high profile rebuke to Sen. Scutari's bill as this is his district.**

We ask any NJ-RAMP advocate that can make it to join us that night and to provide testimony at the hearing. **We need as many people as we can get to make this event successful.**

In the weeks to come we will also look to stage our own events, such as a potential Back to School Rally at the Statehouse with all coalition partners; press conference on day of hearing with bipartisan group of lawmakers; having advocates speak at all Senate hearings; press events with religious leaders and support of local coalition events.

Whether it be a letter or phone call to members of the Senate Judiciary Committee, letters to the Governor, Senate President and Assembly Speaker, letters to the editor and other outreach endeavors, your help will be vital to our efforts to defeat the legislation.

We will continue to furnish you with information on how you can assist our efforts. I thank you all for the dedication and support you have already shown to NJ-RAMP.

Please email and call the members of the Senate Judiciary Committee Members (below) and tell them Sen. Bill 2703 is wrong for NJ.

Re: Legalization of Marijuana Can Provide Investment in Housing As Reparative Justice

I wanted to share with Mayor Reid the attached piece which we have sent to State Assemblypersons and State Senators who are engaged in the potential passage of Marijuana legalization in New Jersey. I am hoping that you can please forward this email to

Legalization of marijuana can provide the opportunity for the investment in housing as reparative justice. Opportunity starts at the local level for impacted communities and impacted individuals. More detail about our proposal for how to ensure this is below and in the attached document.

We would be happy to meet with you and your staff to discuss and answer any questions that you might have about our proposal and the opportunity for investing in housing.

Passage of marijuana legalization provides the opportunity to address legal justice, economic access, housing, substance abuse treatment and access to support services. Each of these cornerstones could have a significant and direct impact on stabilizing communities and creating opportunities for those directly impacted by drug policies and disparate targeting by law enforcement.

In addition to targeting and spending a portion of the increased revenue on evidenced based substance abuse treatment programs, a portion of the State of New Jersey's new revenue should be spent on housing. Supportive housing has been proven to both prevent and end homelessness, stabilize communities, and stabilize lives, including the lives of those receiving substance abuse treatment and in recovery. Housing is an important component of successful recovery. Individuals offered substance abuse treatment through proposed centers treating intoxicated drivers should be given supportive housing opportunities and access to services to be able to stabilize their lives and connect people back to their own communities.

Supportive housing opportunities funded through the tax revenue from legalized marijuana should include

earmarking 20% of the new tax revenue for the State's Special Needs Housing Trust Fund;

- The earmarked 20% of new revenue should be used for housing vouchers and supportive housing requiring that both impacted communities and persons experiencing addiction receive priority for receiving housing;
- Using 20% of any local fees added on at the municipal level to create new supportive housing in the local community for populations in the greatest need including household experiencing addiction who need housing to succeed in recovery;
- 20% of the \$127 million spent annually on marijuana possession enforcement costs should be reinvested into support services that will help impacted individuals and impacted communities succeed in the supportive housing created; and
- Individuals with criminal records from drug related crimes should be given equal access to newly created supportive housing by waiving criminal background restrictions.

The State can work with local mayors to identify and prioritize impacted communities where housing programs funded through the special needs housing trust fund can be implemented. Local communities can use data around the impact in their community to respond to a Request for Proposal (RFP.) The RFP would fund supportive housing and include services funding through the enforcement cost savings to provide the support in the supportive housing. Communities most impacted will receive bonus points in the RFP application process.

Thank you,
Kate Kelly

A significant portion of funding generated through marijuana legalization should be earmarked for reparative justice initiatives including specifically, funding for housing for those in the greatest need including those who need housing to succeed in their recovery. Opportunity starts at home and we know that stable housing is the foundation from which people can build healthy and productive lives.

The passage of marijuana legalization provides the opportunity to address legal justice, economic access, housing, substance abuse and mental health treatment and access to support services. Each of these cornerstones could have a significant and direct impact on stabilizing communities and creating opportunities for those directly impacted by drug policies and disparate targeting by law enforcement.

In addition to targeting and spending a portion of the increased revenue on evidenced based substance abuse treatment programs, a portion of the State of New Jersey's new revenue should be spent on housing. Supportive housing has been proven to both prevent and end homelessness, stabilize communities, and stabilize lives, including the lives of those receiving substance abuse treatment and in recovery. Housing is an important component of successful recovery. Individuals offered substance abuse treatment through proposed centers treating intoxicated drivers should be given supportive housing opportunities and access to services to be able to stabilize their lives and connect people back to their own communities.

Supportive housing opportunities funded through the tax revenue from legalized marijuana should include:

1. Earmarking 20% of the new tax revenue for the State's Special Needs Housing Trust Fund;
2. The earmarked 20% of new revenue should be used for housing vouchers and supportive housing requiring that both impacted communities and persons experiencing addiction receive priority for receiving housing;
3. Using 20% of any local fees added on at the municipal level to create new supportive housing in the local community for populations in the greatest need including household experiencing addiction who need housing to succeed in recovery;
4. 20% of the \$127 million spent annually on marijuana possession enforcement costs should be reinvested into support services that will help impacted individuals and impacted communities succeed in the supportive housing created; and
5. Individuals with criminal records from drug related crimes should be given equal access to newly created supportive housing by waiving criminal background restrictions.

The State can work with local mayors to identify and prioritize impacted communities where housing programs funded through the special needs housing trust fund can be implemented. Local communities can use data around the impact in their community to respond to a Request for Proposal (RFP.) The RFP would fund supportive housing and include services funding through the enforcement cost savings to provide the support in the supportive housing. Communities most impacted will receive bonus points in the RFP application process.

IN CASE YOU MISSED IT...

FOR MORE INFORMATION, VISIT WWW.NJCIA.ORG OR CONTACT US AT 431-212-7510

Fellow NJCIA Members,

Last week, the New Jersey Department of Health notified the six existing
alternative treatment centers (ATC) in New Jersey that it would now allow the sale

of cannabis vaporable concentrates through the state's medical marijuana program.

Allowing for the sale of cannabis concentrates has been a legislative priority for the NJCJA and was one of the key components of the New Jersey Department of Health's proposed rule changes filed in May 2018.

Now, NJ patients have the option to consume their medicine through safe, convenient, discrete and easily measured delivery systems like vape cartridges and concentrates. Cannabis concentrates are becoming increasingly popular with medical marijuana patients because the convenience and because they can easily measure dosage.

[Click here](#) to read more from Payton Guion/ NJ Advance Media.

Also, NJ Department of Health Commissioner Dr. Elmahal just announced three new dates for his continuing series of lectures on NJ's medical marijuana program at hospitals and universities. [Click here](#) for more information.

Have a great weekend!
