RE: Alfonso Voza
341 Ridge Road
Lyndhurst, New Jersey 07071

Dear Mr. Paolazzi:

Please be advised that I represent Mr. Alphonse Voza.

As you may recall, Mr. Voza owned and operated Voza's Automotive Services at the above address.

I have been informed that in July 1990 you applied to the Township of Lyndhurst to remove two 2000-gallon tanks. I am enclosing a copy of the paperwork that Mr. Voza found in the file for your review.

Mr. Voza sold the property in July 2001 to Stefan Malyniak.

On November 21, 2013, Mr. Voza received the enclosed letter from the State of New Jersey DEP stating that during the tank removal in August 1990 soil contamination was discovered and was reported to the DEP's hotline and assigned a case number (90-08-01-1547).

It is requested that you search your files, if available, to assist Mr. Voza in responding to the State of New Jersey.

After you have reviewed this letter and the enclosures, kindly contact my office to discuss the same.

Thank you for your assistance.

Very truly yours,

Malcolm J. McPherson, Jr., Esq.

APPLICATION FOR PERMIT

The Uniform Fire Code states:

"It shall be unlawful to engage in any business activity involving the handling, storage or use of hazardous substances, materials or devices; or to maintain, store or handle materials; to conduct processes which produce conditions hazardous to life or property; to install equipment used in connection with such activities; or to establish a place of assembly without first obtaining a permit from the fire official." (N.J.A.C. 5:18-2.7(a))

NOTE: Each individual act requires a separate permit. There are five types of permits. You should consult your local Fire Official for the number and types of permits required and for information on fees.

Date of Application <i>7/18/90</i>	Location where activity will occur and proposed date <i>A. Voza, 341 Ridge Road, Lyndhurst</i>
---------------------------------------	---

APPLICANT

Name <i>Paolacci Bros, Inc.</i>	Address <i>291 Green Ave., Lyndhurst, N.J. 07071</i>
State if Corporation, Partnership, or as Individual.	Telephone No. <i>5-66-1111</i>

The above named applicant hereby requests permission to conduct the following activity at the indicated location:

A. Voza, 341 Ridge Road, Lynd.

And for the keeping, storage, occupancy, sale, handling, or manufacture of the following:

(State Quantities for each category to be stored, or used and the method stored or used.)

2 - 2000 gal Tanks to be removed.

I HEREBY ACKNOWLEDGE THAT I HAVE READ THIS APPLICATION, THAT THE INFORMATION GIVEN IS CORRECT, AND THAT I, THE OWNER, OR DULY AUTHORIZED TO ACT IN THE OWNER'S BEHALF AND AS SUCH HEREBY AGREE TO COMPLY WITH THE APPLICABLE REQUIREMENTS OF THE FIRE CODE AS WELL AS ANY SPECIFIC CONDITIONS IMPOSED BY THE FIRE OFFICIAL.

A. L. Paolacci (or) *Paolacci*

remediation of the above referenced contamination. Investigative findings indicate that Alphonse Vosa, Stefan Malyniuk and Anna Malyniuk may have liability in this matter.

Case Summary

Alphonse Vosa owned the property at the site from June 1972 to July 2001.

Vosa's Automotive Service, Inc. operated a motor vehicle repair facility and gasoline service station at the site from 1978 to approximately 1990. Vosa's Automotive Service, Inc. was dissolved in 1990.

In August 1990, 1-2000 gallon leaded gasoline underground storage tank, 1-2000 gallon unleaded gasoline underground storage tank and 1-1000 gallon #2 fuel oil tank were removed from the above referenced site. During the tank removal, soil contamination was discovered and was reported to the Department's Routine and Assignment case # 90-08-01-1547.

A Site Investigation/Remedial Investigation Report regarding closure of the underground tanks was not submitted to the Department. By letter dated August 25, 1998, the NJDEP notified Alphonse Vosa that he was out of compliance with the Underground Storage of Hazardous Substances Act and implementing regulations.

In July 2001, Alphonse Vosa sold the property to Stefan Malyniuk and Anna Malyniuk.

Based on available information, the required investigation and remediation of the site has not been completed to the satisfaction of the Department. Therefore, as of November 2013, this aspect of the case remains as an unresolved issue in the Site Remediation Program.

Liability

Alphonse Vosa owned the property at the time the discharges of hazardous substances were discovered at the site. Alphonse Vosa also owned and/or operated regulated underground storage tank systems. Therefore, Alphonse Vosa is a responsible party pursuant to the New Jersey Spill Compensation and Control Act and is liable for investigation and proper closure of regulated underground tanks pursuant to the Underground Storage of Hazardous Substances Act.

Stefan Malyniuk and Anna Malyniuk acquired a known or suspected contaminated site. Therefore, Stefan Malyniuk and Anna Malyniuk are responsible parties pursuant to the New Jersey Spill Compensation and Control Act.

Site Remediation Reform Act (N.J.S.A. 58:10C-1 et seq)

On May 7, 2009, the Site Remediation Reform Act (SRRRA) was enacted. The SRRRA establishes criteria for the licensing of site remediation professionals who will assure that contaminated sites are remediated in accordance with the Technical Requirements for Site Remediation, N.J.A.C. 7:26E and related Departmental guidance. The legislature also amended the Brownfield and Contaminated Site Remediation Act, N.J.S.A. 58:10B-1.3 to compel responsible parties to

address discharges of hazardous substances by establishing an affirmative obligation to conduct remediation. The SRRRA authorizes the Department to establish mandatory timelines for the completion of each phase of remediation. These timelines, as well as other requirements of the act, have been codified in regulations that became effective on November 4, 2009. See N.J.A.C. 7:26C, the Administrative Requirements for the Remediation of Contaminated Sites, ("ARRCS Rule") and N.J.A.C. 7:26B, the Technical Requirements for Site Remediation ("Tech Regs."). The regulations can be found at <http://www.nj.gov/dep/spr/regs/>.

Pursuant to section 30 of SRRRA (N.J.S.A. 58:10B-1.3.30.a.), the owner or operator of an industrial establishment that is subject to the Industrial Site Recovery Act; the discharger of a hazardous substance, or those in any way responsible for a hazardous substance pursuant to provisions of the Spill Compensation and Control Act; and the owner or operator of an underground storage tank that is subject to the provisions of the Underground Storage of Hazardous Substances Act, that has discharged a hazardous substance, shall remediate the discharge(s) of hazardous substances.

Responsible parties who initiate remediation after November 4, 2009, or have who have not continuously remediated their contaminated site must use the services of a Licensed Site Remediation Professional. Specific requirements can be found at N.J.A.C. 7:26C, Subchapter 2. The ARRCS Rule, establish the criteria that determine how remediation must proceed. Since you have not continuously conducted remediation you are currently out-of-compliance with the law. To return to compliance you must immediately hire a LSRP and conduct remediation in accordance with N.J.A.C. 7:26C. Remediation must be completed within timelines established by the Department.

The LSRP you hire will conduct remediation of your site without the need for Department involvement. The Department will however, be available to provide compliance assistance to you and your LSRP as you move forward with the remediation. A list of Licensed Site Remediation Professionals (LSRP) is available at <http://www.state.nj.us/dep/arrcs/remediation.asp>. To document the hiring of a LSRP you must submit the LSRP Notification of Retention or Dismissal form online using <http://www.nj.gov/dep/arrcs/>. Follow the appropriate directions to set up an account, and to submit the LSRP Notification of Retention or Dismissal form.

Be advised that Department records indicate that the discharge(s) at the site occurred on, or before May 7, 1999 and a remedial investigation (RI) of the site has not been completed. As such, this discharge is subject to the statutory timeline from the SRRRA legislation which requires the RI be completed by May 7, 2014. If the remedial investigation of the site is not completed before May 7, 2014, your site will become subject to direct Department oversight. Information concerning the May 7, 2014 deadline can be found at <http://www.state.nj.us/dep/spr/remediation/index.html>.

Failure to comply with the obligations of SRRRA may result in the Department taking direct oversight of the remediation of the contaminated site. Once a site or a portion of a site is under direct Department oversight, the responsible party forfeits all rights in the decision making process regarding the remedial investigation and remedial action to be performed at the site, including remedy selection. Additionally, the responsible party will be required to post a

remediation funding source (RFS) and the Department will control the disbursements from the RFS.

Compliance/Enforcement

Should you fail to submit the required documentation or decide not to comply with all remedial requirements, the case will be evaluated for enforcement action pursuant to the above referenced statutory authorities. Failure to complete the required remediation may result in the Department conducting the remediation using public funds. If public funds are expended to conduct the remediation, Aphronse Voza, Stefan Malywick, and Ana Malywick may be held liable for up to three times the costs incurred by the Department.

Please contact me at (609) 633-1436, or by e-mail at Brian.McDonnell@dep.state.nj.us if you have any questions regarding this correspondence.

Sincerely,
Brian McDonnell

remediation of the above referenced contamination. Investigative findings indicate that Alphonse Vosa, Stefan Malyniuk and Ana Malyniuk may have liability in this matter.

Case Summary

Alphonse Vosa owned the property at the site from June 1972 to July 2001.

Vosa's Automotive Service, Inc. operated a motor vehicle repair facility and gasoline service station at the site from 1978 to approximately 1990. Vosa's Automotive Service, Inc. was dissolved in 1990.

In August 1990, 1-2000 gallon loaded gasoline underground storage tank, 1-2000 gallon unleaded gasoline underground storage tank and 1-1000 gallon #2 fuel oil tank were removed from the above referenced site. During the tank removal, soil contamination was discovered and was reported to the Department's Hotline and assigned case # 90-08-01-1547.

A Site Investigation/Remedial Investigation Report regarding closure of the underground tanks was not submitted to the Department. By letter dated August 25, 1998, the NJDEP notified Alphonse Vosa that he was out of compliance with the Underground Storage of Hazardous Substances Act and implementing regulations.

In July 2001, Alphonse Vosa sold the property to Stefan Malyniuk and Ana Malyniuk.

Based on available information, the required investigation and remediation of the site has not been completed to the satisfaction of the Department. Therefore, as of November 2013, this aspect of the case remains as an unresolved issue in the Site Remediation Program.

Liability

Alphonse Vosa owned the property at the time the discharges of hazardous substances were discovered at the site. Alphonse Vosa also owned and/or operated regulated underground storage tank systems. Therefore, Alphonse Vosa, is a responsible party pursuant to the New Jersey Spill Compensation and Control Act and is liable for investigation and proper closure of regulated underground tanks pursuant to the Underground Storage of Hazardous Substances Act.

Stefan Malyniuk and Ana Malyniuk acquired a known or suspected contaminated site. Therefore, Stefan Malyniuk, and Ana Malyniuk are responsible parties pursuant to the New Jersey Spill Compensation and Control Act.

Site Remediation Reform Act (N.J.S.A. 58:10C-1 et seq)

On May 7, 2009, the Site Remediation Reform Act (SRRRA) was enacted. The SRRRA establishes criteria for the licensing of site remediation professionals who will assure that contaminated sites are remediated in accordance with the Technical Requirements for Site Remediation, NJA C 7:26b, and related Department guidance. The legislature also amended the Brownfield and Contaminated Site Remediation Act, N.J.S.A. 58:10B-1.3 to exempt responsible parties to

addresses discharges of hazardous substances by establishing an affirmative obligation to conduct remediation. The SRRRA authorizes the Department to establish mandatory timeframes for the completion of each phase of remediation. These timeframes, as well as other requirements of the act, have been codified in regulations that became effective on November 4, 2009. See N.J.A.C. 7:26C, the Administrative Requirements for the Remediation of Contaminated Sites, ("ARRCS Rule") and N.J.A.C. 7:26D, the Technical Requirements for Site Remediation (Tech Regs.). The regulations can be found at <http://www.nj.gov/dep/srrra/>.

Pursuant to section 30 of SRRRA (N.J.S.A. 58:10B-1.30a), the owner or operator of an industrial establishment that is subject to the Industrial Site Recovery Act; the discharger of a hazardous substance, or those in any way responsible for a hazardous substance pursuant to provisions of the Spill Compensation and Control Act; and the owner or operator of an underground storage tank that is subject to the provisions of the Underground Storage of Hazardous Substances Act, that has discharged a hazardous substance, shall remediate the discharge(s) of hazardous substance(s).

Responsible parties who initiate remediation after November 4, 2009, or have who have not continuously remediated their contaminated site must use the services of a Licensed Site Remediation Professional. Specific requirements can be found at N.J.A.C. 7:26C, Subchapter 2. The ARCS Rule, establish the criteria that determine how remediation must proceed. Since you have not continuously conducted remediation you are currently out-of-compliance with the law. To return to compliance you must immediately hire a LSRP and conduct remediation in accordance with N.J.A.C. 7:26C. Remediation must be completed within timeframes established by the Department.

The LSRP you hire will conduct remediation of your site without the need for Department involvement. The Department will however, be available to provide compliance assistance to you and your LSRP as you move forward with the remediation. A list of Licensed Site Remediation Professionals (LSRPs) is available at <http://www.state.nj.us/dep/srrra/remediation.asp>. To document the hiring of a LSRP you must submit the LSRP Notification of Retention or Dismissal form online using <http://www.nj.gov/dep/online/>. Follow the appropriate directions to set up an account, and to submit the LSRP Notification of Retention or Dismissal form.

Be advised that Department records indicate that the discharge(s) at the site occurred on, or before May 7, 1999 and a remedial investigation (RI) of the site has not been completed. As such, this discharge is subject to the statutory timeline from the SRRRA legislation which requires the RI be completed by May 7, 2014. If the remedial investigation of the site is not completed before May 7, 2014, your site will become subject to direct Department oversight. Information concerning the May 7, 2014 deadline can be found at <http://www.state.nj.us/dep/srrra/remediation.asp>.

Failure to comply with the obligations of SRRRA may result in the Department taking direct oversight of the remediation of the contaminated site. Once a site or a portion of a site is under direct Department oversight, the responsible party forfeits all rights in the decision making process regarding the remedial investigation and remedial action to be performed at the site, including remedy selection. Additionally, the responsible party will be required to post a

remediation funding source (RFS) and the Department will control the disbursements from the RFS.

Compliance/Enforcement

Should you fail to submit the required documentation or decide not to comply with all remedial requirements, the case will be evaluated for enforcement action pursuant to the above referenced statutory authorities. Failure to complete the required remediation may result in the Department conducting the remediation using public funds. If public funds are expended to conduct the remediation, Aphonse Veza, Stefan Wadyrak, and Anna Wadyrak may be held liable for up to three times the costs incurred by the Department.

Please contact me at (609) 633-1436, or by e-mail at Brian.Montezzi@dep.state.nj.us if you have any questions regarding this correspondence.

Dear Sirs and Madam:

The New Jersey Department of Environmental Protection (Department) is charged with responding to the release or threatened release of hazardous substances and with enforcing the requirements of the Spill Compensation and Control Act (N.J.S.A. 58:10-23 et seq.), the Underground Storage of Hazardous Substances Act (N.J.S.A. 58:10A-21 et seq.), the Industrial Site Recovery Act (N.J.S.A. 13:1K-6 et seq.) and the Site Remediation Reform Act (N.J.S.A. 58:10C-1 et seq.). The Department has documented the release of hazardous substances at the former Voza's Auto Service site at 341 Ridge Road, Lyndhurst, Bergen County, PI# 005010.

The Bureau of Enforcement and Investigations/Responsible Party Investigations Unit (RPIU) has initiated an investigation to identify the responsible parties that are liable for investigation and

Re: Voza's Automotive Service
341 Ridge Road
Lyndhurst, Bergen County
PI# 005010

Dear Sirs and Madam:

The New Jersey Department of Environmental Protection (Department) is charged with responding to the release or threatened release of hazardous substances and with enforcing the requirements of the Spill Compensation and Control Act (N.J.S.A. 58:10-23 et seq.), the Underground Storage of Hazardous Substances Act (N.J.S.A. 58:10A-21 et seq.), the Industrial Site Recovery Act (N.J.S.A. 13:1K-6 et seq.) and the Site Remediation Reform Act (N.J.S.A. 58:10C-1 et seq.). The Department has documented the release of hazardous substances at the former Voza's Auto Service site at 341 Ridge Road, Lyndhurst, Bergen County, PI# 005010.

The Bureau of Enforcement and Investigations/Responsible Party Investigations Unit (RPIU) has initiated an investigation to identify the responsible parties that are liable for investigation and
