Notes

Cited on 5/9/19 , returned on 6/11/19 and still not completed.

This is a recurring issue with the business not having the hood suppression report completed and or report on site when the fire inspection is completed.

This penalty is as a result of an 11 month old inspection with violations pertaining to the Sprinkler system under the building. The work was proposed to be completed by May 1st, 2019. The extension request was granted and no work has been done at all. Furthermore, there has been no communication from built

This is the second time in a NINE month time period that the lock is on the exit gate from the second floor.

Penalty:Emergency lighting must be maintained

Penalty:Emergency lighting must be maintained

Penalty:Carbon Monoxide Detection Equipment Required as per SubChapter 4 570-4-9

Penalty:Fire extinguisher need to be inspected, maintained and tested in accordance with NFPA 10

Multiple years of non compliance.

This is multiple years of non compliance.
