Re: OPRA Request 1092-24

Dear Mr. Berg:

I am in receipt of your recent OPRA request, whereby you requested the following:

- 1-Construction Code Enforcement (especially all documents that exist as required by the N.J.A.C. 5:23 Uniform Construction Code including all permits [open or closed], inspections and approvals).
- 2-Tax office, including property tax record cards indicating the number of rooms, bedrooms, and bathrooms as well as lot size including the property tax history.
- 3-Zoning Department-are there any pending applications or pending municipal projects that are within 200 feet of the property and/or that will impact the property?
4. Any information the municipality has regarding environmental problems and or hazards that may affect the subject property.
5. Conformation that this is a legal two family home.

Please be advised that a search of our files indicates that there are no documents or records made, maintained or kept on file by the County of Burlington responsive to your request. Please be advised that there may be documents or records responsive to your request on file with the local municipality which is a separate entity from the County of Burlington with its own Records Custodian. Specifically, items 2, 3 and 5 are not maintained by the County. Additionally, with regard to item 1 of your request the only permits maintained by the County are permits for septic and/or well systems and there are none on file for the subject property. All other permits, inspections, and approvals are maintained by the municipality.

We now consider our response complete. Thank you for the opportunity to be of assistance.

Sincerely,

DINA ROCCO
Custodian of Public Records
Burlington County
