FYI, the Gov received the attached and shares his thanks

Subject: Wharton State Forest Plan

Dear Gov. Murphy, I am attaching a letter from the environmental community in support of the pending Wharton State Forest motorized recreation plan, an excellent (though long overdue) effort by the DEP to get a handle on the situation in NJ's largest State Forest so it can safely accommodate a variety of forms of recreation and protect its incredible Pine Barrens natural resources. This has been a priority of ours for many years, and it's been a long, hard struggle to get to this point. We hope you will let Commissioner LaTourette that he and his team are on the right track and should adopt the proposed plan.
