Subject: [EXTERNAL] Alpha Gun Club's Response to proposed Wharton State Forest Visitor Vehicle Access Plan

Dear Assistant Commissioner Cecil,

I am writing on behalf of the Alpha Gun Club in Atco. It is imperative that the following roads remain open for our deer hunts to allow equal access for all members regardless of age or physical limitations:

- 1) Mannis Pond Road from Bulldozer Road to the parking area at Mannis Duck Pond.
- 2) Lower Forge Road from High Crossing Road to the no vehicles signs posted 6/10 of a mile above Lower Forge Campground.
- 3) Unnamed Road connecting Tuckerton Road 1.8 miles south of Sandy Ridge Road to Devious Mount Road 7/10 of a mile north of Washington Quaker Bridge Road. Picture attached and road is highlighted in solid purple.

Thank you for your anticipated assistance in this matter,
Harold Pierce
