ROOF COVERING CERTIFICATION

It is the Township's position that there is the possibility of ice forming along the eaves, therefore all residents and developer's shall be required to comply with the certification below.

The signatures affixed to this document certify that the requirements outlined in the Uniform Construction Code specifically Section R905 of the current State approved edition of the International Residential Code 2000, New Jersey Edition have been complied with. Specifically the ICE DAM protection noted in Section R905.2.7.1. that the installation of the materials and the procedures used has been in compliance the manufacture's installation instructions and this code.

Date: 7/30/07
