ADMIN NOTICE: There have been a recent flurry of posts regarding development in town, many of which have been removed. This is a controversial issue in town, and we are hoping to keep this page a welcoming group for all families.

We recognize that some people see this as a health issue not a political one, but given how contentious some discussions about it have become, not just here but throughout town, we are asking that the group avoid the issue for the time being.

Thank you.

This group is intended for people who live in Upper Saddle River. A couple of members have been inviting people who do not live in USR. PLEASE do not do that. If you feel there is a good reason for someone who doesn't live in USR to join (ex, a grandparent who does a lot of your daily child care) message myself or [Joseph](#), and we will try to accommodate, but please do not just invite non-residents, they will be rejected.

Subject: messages

I don't see a way to download all messages I have had , (private with various residents)

None of them pertain to Derek other than two recent messages..

I screen shot those messages.

There are no other private messages for my fb account related to Derek

There are no other emails that relate to Derek

I am the liaison to the dpw. Not sure why you are insulting me. Please refrain from speaking about me.

I had to screen shot this because the download didn't include it for some reason.

U can see that my comment was deleted and the group closed access to all comments related to political matters shortly after it was posted

Councilman Jon Dikoff commented on Tommy Salerno's post.

Hi. I agree that the signs are unsightly. I am not an attorney, but my understanding is that private citizens can put signs on their lawn and i wouldn't want to stop them from exercising this right. Public property is a different story and i agree with you. I appreciate you
