Narrative

While on patrol I observed [redacted] traveling northbound on Ocean Avenue. A random plate inquiry through my MDT revealed the vehicle's registration expired through 07/2024. I safely closed the gap on the vehicle and conducted a traffic stop on Ocean Ave and Brighton Ave in Deal. I made contact with the driver who was later identified as [redacted] I advised him the reason for the stop and that he was being recorded through my body worn camera. It should be noted that I recognized a strong language barrier immediately. I requested for his driver's license and proof of insurance. [redacted] indicated he does not have a license and has never been stopped by a police officer. [redacted] indicated that it was his mother's vehicle and handed me an expired insurance card. I had him write down his information on my notepad. I returned to my patrol vehicle and attempted to locate a driver's license for the subject; which yielded negative results. I used my department issued phone to contact the insurance company; which yielded an active policy. It should be noted that [redacted] indicated during the stop that both passengers did not have a valid driver's license.

I advised [redacted] that the vehicle will be impounded and issued him a summons for 39:3-4 and 39:3-10B. I gave him written instructions, in Spanish, on how to retrieve the vehicle. At this time, [redacted] asked me if this would affect his process of getting a license and began showing me various documents from a folder. I observed a learner's permit and later advised him via telephone that he may only drive with a licensed driver.

Bennett's Auto impounded the vehicle and patrol took no further action. (H/M)

Narrative

I was on a stationary traffic detail when I observed [redacted] traveling northbound on Norwood Avenue bearing a fraudulent 2025 inspection sticker. I knew this because the font was inconsistent and it was the wrong shade of green. I conducted a traffic stop on Norwood Ave and Parker Ave. I made contact with the driver subsequently identified as [redacted] advised him the reason for the stop and that he was being recorded. I observed the sticker had absent and incorrect microprinting; which is an indicator for a fictitious inspection sticker. [redacted] provided me with a valid license, registration and proof of insurance. I returned to my vehicle and Sgt. Lipari arrived as a backup unit.

A vehicle inspection report was completed which is attached to this report. This revealed that the vehicle should have a sticker with an expiration date of 08/2019 and a sticker number of 1458707. The sticker on the vehicle displayed an expiration date of 06/2025 and had a sticker number of 0006752. It should be noted that I took a photograph of the fraudulent sticker with a department issued cell phone.

[redacted] was issued one summons for 39:8-9c and advised to remove the fictitious sticker as soon as possible.

Patrol took no further action. (B/M)

Narrative

On November 9, 2024, at 6:55 AM, I was dispatched to [redacted] for a report of vandalism. I responded and spoke to the caller, [redacted] I activated my body worn camera and advised him of this. [redacted] showed me damage done to the business sign in front of the address. There was a pole with a hanging sign attached to it which was now damaged. 2 sign boards were ripped from the pole and the pole was split in the middle. I took pictures with the duty cell phone. I looked around the area and I observed a pumpkin which was taken from where it was displayed in front of the Post Office and was now laying in the middle of Main Street. The pumpkin did not appear to be damaged. Just before I went to investigate the pumpkin, a passerby had already placed it back where it was. I advised [redacted] to let me know what the cost of the damage was and he said he would get back to me. I took photographs of the damage.

I cleared the scene and went to look if there was any other damage done up and down Main Street. I observed a black patio chair laying up against the display in front of the digital sign at the corner of Main Street and Corlies Avenue. I recognized the chair to have been taken from the front of [redacted] It did not appear the chair was damaged and I placed it back in front of the business, with the other chairs. No further damage was discovered up and down Main Street.

I responded to headquarters to review security camera footage from cameras installed b the borough on Main Street at Corlies and Allen Avenues. The camera at Allen Avenue captured footage of a suspect walking North on Main Street at approximately 3:20 AM. The subject was a white male wearing dark clothing. He had a shirt and tie on. He appeared to be staggering as he was walking. He appeared to be in his 20's and had long dark hair and a full beard. Further review of the footage shows him taking the chair from in front of [redacted] and carrying it with him. I could not see on camera the time where he threw it in front of the digital sign.

From previous investigations, I knew there were security cameras at [redacted] which would have captured the damage at [redacted] Since the law firm was closed, I emailed [redacted] and asked to review the footage. She responded and told me she would contact me when she got to the office so I could review the camera footage.

It appeared the actor was headed north on Main Street into Deal and I called Deal Police and provided them with the description of the subject to see if they were familiar with him. They were not and would keep and eye out for him.

Later on, I responded back to Main Street to perform a more thorough search of the area. I looked in the are of the digital sign at Corlies Avenue. I walked up to the sign and I discovered there was damage. There were a few LEDs on the sign and molding that were damaged. Right in the area of the damage, I observed a white scuff mark. I looked on the ground and I saw a white molded sheet metal sign that read "office". I photographed the damage and the sign. I secured the sign as evidence. I was familiar with this sign and knew it came from [redacted] I walked over to the business and I observed a metal mounting bracket on the ground. The chain and hardware on the bracket matched the hardware on the metallic sign found near the digital sign described earlier. I knocked on the front door to the business and I spoke to one of the employees, [redacted] confirmed the sign belonged to the store and showed me where it was hung. She told me she would contact the owner of the business and have them call me. She added there was a security camera and would ask that the footage be sent to me as well.

A short time later, [redacted] called me back and advised me she was at the office. I responded there and she let me have access to the security cameras. I reviewed the footage and observed the subject walking north on Main Street and cause the damage. After destroying the sign, the subject walked north into Deal. I obtained a copy of the footage.

I responded to [redacted] I reviewed security camera footage there and saw the same subject walk into the store and purchase some items. I obtained the footage from them.

Investigation to continue.

Narrative

I was conducting a house check at [redacted] at approximately 1:56 PM when I discovered an unsecure rear door. I activated my BWC and Sgt. Lipari arrived as backup. After an interior sweep of the residence, there were no signs of criminal activity. Patrol was able to secure the rear door and cleared from the scene. I attempted to make contact with homeowner, [redacted] via telephone which yielded negative results. I left a voicemail and advised him of the same.

Patrol took no further action.

Narrative

I was performing a house check on [redacted] at approximately 2:21 PM when I found a wide open door on the western side of the residence. I activated my BWC and completed an interior sweep of the residence; which yielded no signs of criminal activity. It should be noted that I was unable to secure the door. I was unsuccessful to contact the homeowner.

Patrol took no further action.

On 11/11/21, 81602 was advised to reach out to the homeowner.

Narrative

While on patrol I observed [redacted] traveling northbound on Norwood Avenue bearing a fraudulent 2026 inspection sticker. I knew this because the color was the wrong shade of purple and looked significantly faded. I safely closed the gap and conducted a traffic stop on Norwood Avenue and Runyan Ave in Deal. I made contact with the driver subsequently identified as [redacted] advised him the reason for the stop and that he was being recorded. [redacted] provided me with a valid NJ DL, valid registration and proof of insurance. I observed the sticker to have absent and incorrect microprinting; which is an indicator for a fictitious inspection sticker.

I returned to my vehicle and completed a vehicle inspection report; which is attached below. This revealed that the vehicle should have an inspection sticker with an expiration date of 4/2024 and a sticker number of [redacted] The sticker on the vehicle had an expiration date of 4/2026 and a sticker number of [redacted] It should be noted that I took a photograph of the sticker with a department issued cell phone.

[redacted] was issued one summons for 39:8-9c and advised to remove the fraudulent sticker as soon as possible. (H/M)

Narrative

On 11/09/2024 at 1942HRS, while on patrol in marked unit 8130 I observed a white sedan parked against the flow of traffic in front of [redacted]

I then parked behind the vehicle bearing [redacted] registration [redacted] to issue a summons for parking against the flow of traffic. Upon running the plate for validity the registration was found to be expired as of 4/24. I then requested a tow for unregistered via dispatch whom advised that Bennett's Towing would be responding.

At this time, Bennett's arrived on scene and positioned behind the vehicle to which a male came out from an apartment in the area subsequently identified as [redacted] indicated that it was his moms car and inquired about our presence. I advised him that due to the vehicle being parked against the flow of traffic it was going to get a summons for the same but due to the vehicle also being unregistered since 4/24 it was going to be impounded pending proof of proper documentation.

[redacted] then provided Bennett's with the key to the vehicle and [redacted] was allowed to collect his belongings from the vehicle prior to the tow.

Bennett's then towed the vehicle from the scene and [redacted] was advised of the proper steps to retrieve the vehicle and handed his summonses.

Summonses for parked against the flow of traffic (39:4-135) and unregistered (39:3-4) issued to the vehicle.

Impound sheet attached below.

Nothing further. BWC#13

Narrative

On 11/09/2024 I was in full uniform conducting my nightly security checks on Main Street when I discovered an open door at [redacted]

At this time I made entry and cleared the building which was absent individuals and signs of criminal activity. I then requested dispatch to make contact with a keyholder to respond to secure the front entrance of the business.

Dispatch then advised that the keyholder was contacted and at this time they were unsure if they would be able to have someone respond.

I then requested dispatch to make contact again with the keyholder to advise that we would be clearing the call but would respond back if they wished to have another walk through.

Nothing Further. BWC#13

Narrative

On 11/10/2024 at approximately 1745HRS I was on routine patrol in marked unit 8130 when I was approached by an anonymous person whom indicated that there was someone with a flashlight in the house under construction at the intersection of Ocean Avenue and Spier Avenue.

I then advised Ptl. Eustace of the incident and requested him to meet me at the home later identified as [redacted]

Upon my arrival I observed a flashlight illuminating on the third floor of the residence. It is to be noted that the home is under renovations and the home is unlivable at this time and there were no construction vehicles in the area. Ptl. Eustace and I then approached the home and were able to hear a sweeping sound of that of a broom.

At this time I flashed my flashlight in the area where I could hear footsteps and announced myself as Allenhurst Police to which I saw a male in my flashlight on the third floor of the home. I then ordered the male subsequently identified as [redacted] to show me his hands to which he complied. I then ordered him to come down and meet us near the front entrance to which he complied.

Once on flat ground [redacted] indicated that he was sent there by his employer, D Construction owned by [redacted] to tidy up the home before tomorrow due to the home owner come down for an inspection on the progress of the construction.

I then requested dispatch the make contact with the homeowner to make sure the construction company had permission to have someone at this location this evening. Dispatch advised that no one answered and they left a message.

[redacted] was then made aware of the ordinance, checked for warrants with negative results and sent on his way.

At 2200HRS I contacted [redacted] who confirmed that he sent over [redacted] to clean the job site. [redacted] was then advised just be cognizant of the time it gets dark this time of year and if possible send someone during daylight to which he understood.

At 2218HRS I left a voicemail for the new homeowner, [redacted], advising of the nature and if he had any questions to call the police department.

Nothing further to report. BWC#13

Narrative

On 11/10/2024 at approximately 1820HRS I was on patrol in marked unit 8130 conducting a traffic detail at the intersection of Spier and Norwood Avenue's when I observed a blue sedan traveling North on Norwood Avenue absent its license plate lamps in violation of 39:3-66.

I then positioned my patrol vehicle behind the suspect vehicle bearing [redacted] registration [redacted] activated my emergency lights, and conducted a motor vehicle stop on Norwood Avenue at the intersection of Deal Esplanade.

I then exited my patrol vehicle, made a driver side approach, and contacted the driver later identified as [redacted] While speaking with [redacted] there was a language barrier so I utilized Google translate. [redacted] indicated to me that he never had a license nor an ID only. I then provided him with a sheet of paper to write down his pedigree information. He provided me with the following; [redacted]

I then returned to my patrol vehicle to search the Spillman database for [redacted] utilizing the pedigree information provided which yielded negative results.

At this time I searched the database by last name only which yielded a drivers license which was in a ID only status and was suspended at this time and the address and DOB on the license was not that of the information given to me. There was also a Neptune address in his Spillman involvements and when asked if he had ever lived in Neptune he indicated no.

I then ordered [redacted] out of the vehicle to which he complied. He was then placed under arrest utilizing double locked handcuffs without incident and secured in the rear of my patrol vehicle.

I then requested a Spanish speaking officer from Deal to respond to speak with the female passenger to inquire if she had a valid license to drive the vehicle from the scene.

Deal Police Officer, Chris Mirrone then arrived on scene and spoke with the female whom indicated she did not have a license to which she requested a taxi to provide her a ride back to [redacted] I then contacted dispatch who advised a taxi from Surf Taxi was enroute. Mirrone then advised [redacted] that he was being arrested this evening for hindering to which [redacted] understood.

[redacted] was then transported to HQ for processing in the rear of unit 8130 without incident. The vehicle was left at the scene and during processing [redacted] was advised when released he is not to drive the vehicle and to make contact with a valid driver to remove the vehicle from the scene.

At HQ [redacted] was charged accordingly on a summons complaint (1301-S-000031) as well as his motor vehicle summonses with appropriate court dates and released.

Prior to writing all of [redacted] motor vehicle summonses I searched NJMVC database for inspection history which yielded negative results for any inspection history while searching the VIN.

His motor vehicle summonses are the following;

1301E2402651 Driving While Suspended
1301E2402652 Maint of Lamps
1301E2402653 Failure to Inspect
1301E2402654 Fraudulently Obtain or Display Certificate of Approval

Narrative

I was on a stationary traffic detail facing north on Norwood Ave when I observed [redacted] traveling south bearing a fictitious inspection sticker. I knew this because the sticker was significantly bolder in green color. I conducted a traffic stop on Deal Lake Dr and Eighth Ave in Asbury Park. I made contact with the driver subsequently identified as [redacted] advised him the reason for the stop and that he was being recorded through my BWC. I observed the sticker to have incorrect microprinting in two separate areas, which is a common indicator for a fraudulent inspection sticker. Smith provided me with all valid documents and I returned to my vehicle.

A vehicle inspection report was completed which is attached to this report. This revealed that the vehicle should have a sticker with an expiration date of 10/2023 and a sticker number of [redacted] The fictitious sticker had an expiration date of 3/2025 and a sticker number of [redacted] It should be noted that I took a photograph of the fraudulent sticker with a department issued cell phone.

[redacted] was issued one summons for 39:8-9c and advised to remove the sticker as soon as possible. Patrol took no further action (B/M)

Narrative

While on patrol I observed [redacted] traveling northbound on Ocean Avenue bearing a fraudulent 2026 inspection sticker. I knew this because it was the wrong shade of purple and looked significantly faded. I conducted a traffic stop on Ocean Ave and Roseld Ave in Deal. I made contact with the driver subsequently identified as [redacted] advised him the reason for the stop and that he was being recorded through my BWC. I observed the inspection sticker to have absent and incorrect microprinting which is an indicator of a fictitious sticker. [redacted] provided me with a valid NJ DL and valid registration but had an expired [redacted] insurance card. I recognized that the insured and registered owner was [redacted] who was identified as [redacted] boss. I told [redacted] to call his boss on the phone and have him send over an up-to-date insurance policy.

A short time later, [redacted] gave me his phone to speak with [redacted] He indicated that the active policy was at his home and that his daughter will send a photo. I advised him that I will also contacting the insurance company and returned the phone to [redacted] I returned to my patrol vehicle and contacted [redacted] Insurance using my department issued cell phone. [redacted] stated that the insurance policy was never renewed and expired on 8/21/24, just as the insurance card displayed. I had MC dispatch contact Bennett's for an impound.

I completed a vehicle inspection report which is attached to the report. This revealed that the vehicle should have an inspection sticker with an expiration date of 2/2023 and a sticker number [redacted] The inspection sticker displayed on the vehicle has an expiration date of 3/2026 and a sticker number of [redacted] It should be noted that I took a photo of the fictitious sticker with the same department phone.

I returned to speak to [redacted] and advised him the vehicle was being impounded. I gave him written instructions, in Spanish, on how to retrieve the vehicle. I issued him a summons for 39:8-9c, 39:8-1 and 39:6B-2. Bennett's arrived on scene.

As Bennett's was locking in the vehicle on the flatbed, the passenger indicated that the [redacted] was on the phone again and sent a photo of the insurance policy. I observed a [redacted] insurance policy, which was placed in effect today, November 11th. I advised [redacted] that I already spoke to a [redacted] representative who stated there was no active policy. I advised him that I was aware he just renewed the policy but the vehicle is still being impounded due to it not being insured during the time of the stop. Bennett's impounded the vehicle and patrol cleared from the scene. (H/M)
