Good morning, Ms. McCaffrey,

The original 3 minute 12 second video exceeds the file size to send. Therefore, I am sending a 30 second clip to show a small sample of how many trees they cleared out. Like I said, the video is over 3 minutes of me walking this huge area that they cleared out behind our home from the tower to the creek. This video was taken on July 23, 2025.

Please confirm receipt of this email. Thank you and happy holidays.

Good afternoon, Stephanie,

Andy came by last week to survey the amount of trees that were removed. He said he was contacting the lawyer of the company who is planning on putting the unmanned data building behind our house. I don't have Andy's email but can you forward this along to inquire or provide me with his email address? Thank you very much!!

Just letting you know that this hasn't been forgotten. The applicant (American Tower Corp) will be coming before the Planning Board on April 21 for an unmanned data storage facility. They sent in a tree permit/check, as they were unaware of our Tree Ordinance. However—we are going to let our professionals handle whether they concluded the proper # of trees, etc.

Regards,

Stephanie

Just to clarify, what do you mean by postponing their application to May? Meaning the April 21, 2026, meeting regarding the Data Center may be moved to May?

That's actually being looked at by the professionals to determine accuracy. The applicant may be postponing their application to May, so if they are you will see the amended agenda.

Good afternoon,

Can you provide me with a copy of what was submitted by American Tower Corp for the tree permit/check for the trees removed in July 2025? And what was concluded but the professionals as

[REDACTED]

to the number of trees?

Thank you!
