Hi,

It was brought to the administration's attention by an anonymous source that the photo policy reviewed before the Halloween karaoke party was violated. The message indicated that photos taken inside the school during the event were posted on social media. It was confirmed by a post on your Facebook page. As stated prior to the event, this is not permitted.

Unfortunately, moving forward, you will not be able to volunteer for any Mauger or Woodland PTO events.

This matter was brought to us by the administration, and we were asked to follow up with you directly. If you have any questions or would like further clarification, please contact the administration.

We truly appreciate the time you have volunteered and all the help you have provided.

Thanks,
Mauger/Woodland PTO
