Dear Mayor

I want to bring something to your attention that has bothered me for a while. I go to the Senior center at times to participate in activities and when I go there is a little dog always running around. Never on a leash. Just running around by everyone feet. I am afraid I will fall when he gets to close. I am not the only one who is afraid of falling since I do hear the chatter about this dog.

What are the laws about a dog running around loose under foot at a senior center?

I don't want to fall and get hurt.

Thank you

A concern senior citizen
