The Commission is established for the protection, development or use of natural resources, including water resources, located within territorial limits of the Township of North Brunswick. The Commission shall have power to conduct research into the use of the open land areas of the municipality and may coordinate the activities of unofficial bodies organized for similar purposes, and may advertise, prepare, print and distribute books, maps, charts, plans and pamphlets which in its judgment it deemed necessary for its purpose. It shall keep an index of all open areas, publicly or privately owned, including open marshland, swamps and other wetlands, in order to obtain information on the proper use of such areas and may from time to time recommend to the Planning Board plans and programs for inclusion in the Master Plan and the development and use of such areas.
