GC FORMAL Introduction of Carli- (this is going to be GC improv) Delran IS a small town. Every single one of you grew up on the same streets, playing on the same fields as Carli. And if you want it... Any one of you can do what she did. Whether it's soccer, music, theater...You have to work hard... but you can do this. (insert stats)

And NOW... It is my honor to officially introduce... the reason we are ALL here tonight, a woman who has dedicated herself to putting in the hard work and passion required of her and an inspiration to us all... let's hear it for **Carli Lloyd!**
