PUBLIC QUESTIONS TO BE VOTED UPON						
State Public Question No. 1 New Jersey Library Construction Bond Act Do you approve the "New Jersey Library Construction Bond Act"? This bond act authorizes the State to issue bonds in the aggregate principal amount of \$125 million. The proceeds of the bonds will be used to provide grants to public libraries. The grants will be used to build, equip, and expand public libraries to increase capacity and serve the public. Interpretive Statement Approval of this bond act will allow the State to sell \$125 million in State general obligation bonds. Proceeds from the bonds will be used to provide grants to construct, expand, and equip public libraries. Municipalities or counties that fund public libraries will match the grant amount. The municipality or county may solicit private funding to support its match. The State Librarian, in consultation with the President of Thomas Edison State University, will set eligibility criteria for the grants.		State Public Question No. 2 Constitutional Amendment Dedicating Moneys from State Environmental Contamination Cases Do you approve amending the Constitution to dedicate all moneys collected by the State relating to natural resource damages in cases of contamination of the environment? The moneys would have to be used to repair, restore, replace, or preserve the State's natural resources. The moneys may also be used to pay legal or other costs incurred by the State in pursuing its claims. Interpretive Statement This amendment would dedicate moneys collected by the State relating to natural resource damages through settlements or awards for legal claims based on environmental contamination. These moneys would be dedicated to repair, replace, or restore damaged natural resources, or to preserve the State's natural resources. The moneys would be spent in an area as close as possible to the geographical area in which the damage occurred. The moneys could also be used to pay for the State's legal or other costs in pursuing the claims. Currently, these moneys may be used for any State purpose.		County of Monmouth Open Space Proposal Should the County of Monmouth increase its dedication to the Monmouth County Open Space, Recreation, Floodplain Protection, and Farmland and Historic Preservation Trust Fund from the previously approved and implemented annual levy of 1.5 cents per \$100 of equalized valuation to 2.75 cents per \$100 of equalized valuation, pursuant to N.J.S.A. 40:12-15.2(e), with the annual levy to be used for any or all of the purposes set forth in N.J.S.A. 40:12-15.2(a) (1)? Explanatory Statement This proposition would approve an increase in the annual collection rate from 1.5 cents per \$100 of equalized valuation to 2.75 cents per \$100 of equalized valuation through which the County of Monmouth funds the Monmouth County Open Space Trust Fund. The Open Space Trust Fund supports the current program to acquire and preserve open space for County park and recreational areas, to conserve natural resources and to protect water quality, to develop and maintain the system of County public recreation, which includes those County lands acquired for recreation and conservation purposes, to acquire easements to preserve County farmland, and to participate in cooperative park and recreation projects with Monmouth County municipalities, thereby permanently preserving these areas, providing recreational opportunities, conserving natural resources and protecting water quality for future generations of Monmouth County residents. Increasing the rate will enable the funding for open space acquisition to keep pace with rising land costs and with the loss of land to development.
