Whenever a bid sets forth more than one subcontractor for any of the categories listed below, the bidder shall submit to the contracting unit a certificate signed by the bidder listing each subcontractor named in the bid for that category. The certificate shall set forth the scope of work, goods and services for which the subcontractor has submitted a price quote and which the bidder has agreed to award to each subcontractor should the bidder be awarded the contract. The certificate shall be submitted to the contracting unit simultaneously with the list of the subcontractors. NJSDA TOTAL AMOUNT OF UNCOMPLETED CONTRACTS

I certify that the amount of uncompleted construction work (defined as the total contract value of unbilled work - including public and private) as of the bid due date is \$ 1,150,598.75

A firm may exclude from "uncompleted construction work" the following:

- "Non-at-Risk" construction management services (also known as "fee only" construction management services) where the firm is acting strictly as an agent for the owner.
- On any project where the firm was awarded a single prime contract which encompasses work to be performed by a subcontractor in a principal trade defined as plumbing and gas fitting; steam and hot water heating and ventilation; electrical; or structural steel and ornamental iron work, the firm may calculate the value of the awarded contract by deducting eighty-five percent (85%) of the actual subcontract price of the work to be performed by principal trade(s) from the actual price of the contract awarded to it. The firm will have the burden of proving that the work is encompassed by the principal trades and the value of the amount of work performed by those principal trades.

I further certify that the amount of this bid proposal, including the amount listed above does not exceed my New Jersey Schools Development Authority, Aggregate Rating limit.
