## RESOLUTION

WHEREAS, the Brick Township Board of Education recognizes the need to relieve traffic congestion and to reduce air pollution related to vehicle travel, and

WHEREAS, the Employer Trip Reduction Act attempts to implement a plan to relieve traffic congestion and reduce air pollution related to vehicle travel by exchanging alternatives for employees driving to work alone, and

WHEREAS, school buildings have limited flexibility in staggering starting and ending times, and

WHEREAS, the vast majority of school employees live within Brick Township, therefore, carpooling is not encouraging to employees or feasible due to different ending times of the school day due to after school activities, and

WHEREAS, any Board of Education sponsorship of strategies will cost the taxpayers additional funds, and

WHEREAS, the registration, survey and plan submission to the New Jersey Department of Education will result in expending public tax dollars,

NOW, THEREFORE, be it resolved that the Brick Township Board of Education opposes the Employer Trip Reduction Act and requests all New Jersey public school district employers be excluded from this costly requirement.

COMMENTS ON  
CO-CURRICULAR  
ELIGIBILITY

Mr. Paredes opened the meeting with public comment on student co-curricular eligibility. Public comments are attached at the end of these minutes.

The Buildings & Grounds Committee Report  
School Building Options Update

Mr. Mercer reported the Buildings & Grounds Committee meetings are open to the public. Originally there were ten options for a site which have been narrowed down to four basic options. Originally the intent was to put the Early Childhood Center at Parkwood Plaza or the old skating rink. After a meeting with the Township Council last week, we are moving closer toward a deal. We are looking at additional properties and possibly at the December Meeting we will have a final solution as a recommendation to the Board.

A Buildings & Grounds Committee Meeting will be held November 17, 1994 at the Administration Building. This may be the last chance for the public to make comments regarding this issue.

OPEN PUBLIC  
MEETINGS  
LAW

Dr. Nicastro announced that the New Jersey Open Public Meetings Law was enacted to insure the right of the public to have advance notice of and to attend the meetings of public bodies at which any business affecting their interests is discussed or acted upon.

In accordance with the provisions of this Act, the Brick Township Board of Education has caused notice of this meeting to be published by having the date, time and place thereof posted on November 21, 1994 as follows: Board Office Bulletin Board, Asbury Park Press, Ocean County Times-Observer, Municipal Clerk and Brick Town News.

EARLY CHILD-  
HOOD CENTER

Mr. Mercer gave a presentation on the building program options for the Early Childhood Center. The options are: (1) Parkwood Plaza with no additions, or (2) Parkwood Plaza with additions, and (3) additions to the middle school.

Dr. Normandia explained the importance of an Early Childhood Center. The State Department is very interested in these kinds of centers and is very pleased with the results coming from these centers. There are four centers in the State. Administration, with the Board's support, will design this center with the small community atmosphere similar to Herbertsville, Osbornville or Lanes Mill schools so that children after First Grade are comfortable going to the elementary school.

The recommendation to the Board is that option 2 and 3 be considered - Parkwood Plaza with additions and additions to

DEC 01 1994

the middle school. The Referendum would be placed on the April 1995 ballot along with the Annual School Election.

Motion to table the discussed referendum was made by Mr. Pannucci with the following roll call vote: Mr. Huber, no; Mr. Mercer, no; Mr. Mueller, no; Mr. Pannucci, yes; Mr. Stephens, no; Mr. Paredes, yes; Mr. Cline, no. Motion fails.

MOTION FAILS

DISCUSSED  
REFERENDUM

Motion was made by Mr. Mercer, seconded by Mr. Stephens, with the following roll call vote to accept Option 3, Parkwood Plaza with additions and future additions to the middle school: Mr. Huber, yes; Mr. Mercer, yes; Mr. Mueller, present; Mr. Pannucci, yes; Mr. Stephens, yes; Mr. Paredes, yes; Mr. Cline, yes.

APPROVE PARK-  
WOOD PLAZA  
W/ADDITIONS  
& ADDITIONS  
TO MIDDLE  
SCHOOL

Prior to the vote, Mr. Paredes read into the record and then requested the Chair deliver to Mr. Mercer a memorandum signed by Board President Cline, Vice President Paredes, Board Member Pannucci and Board Member Stephens regarding statements by Mr. Mercer in the Ocean County Observer as previously referenced to by Mr. Pannucci.

With regard to the above motion, Mr. Mueller referred to option 5, Parkwood Plaza owner provide turn key project for \$5,000,000 without addition. Township Council sell bonds for \$5,000,000. Board of Education pay the annual debt. Councilman Acropolis explained that he felt the meeting with Mr. Fish, the owner of Parkwood Plaza, went fairly well. However, it was his feeling that Mr. Fish might consider moving \$200,000 less, but not \$700,000 or \$1,000,000 less. Dr. Nicastro said that a letter was sent to the Mayor and the Council President requesting if there is any interest in Mr. Mueller's proposal. There has been no response as of today. He suggested a meeting before the next Board Meeting to get a yes or no answer to this proposal and also to clarify where we are and where we need to be in this matter.

The meeting was open for public comment - policy for student co-curricular eligibility.

M. Daniel Regan, Principal at Brick Memorial High School, James Rochford, Vice Principal at Brick Township High School and Thomas Gialanella, Vice Principal Guidance at both high schools, were opposed to this policy. It is a disservice to the students. This policy would encourage students to

settle and not seek higher levels of education. Why change the original policy. Brick has one of the toughest academic policies in the State of New Jersey. When college admission personnel evaluate transcripts, the most important thing they look at is the degree of difficulty the student took in high school. This policy is encouraging students to take the average courses. They requested the Board reconsider this policy.

Steve Acropolis, Township Councilman, expressed his concern for this proposal. He has four children in the school system. A majority of the people who have expressed themselves have not been in favor of this policy.

Donovan Brown, coach, spoke against this policy. A lot of children do not have a "C" average. I have 98 boys on my wrestling team. At this time one is ineligible. If this policy is approved, there will be 49 wrestlers ineligible. Some kids try but cannot achieve a "C" average. Please consider that there are a lot of kids that cannot do what you are asking them to do in this policy.

Mr. Paredes asked at this time, after two hours of public comment on this subject at the last meeting, to move on this policy. Mr. Mueller, as a point of order, said there is no motion on the floor, this is a public hearing.

Motion was made by Mr. Paredes, seconded by Mr. Stephens, to approve the proposed policy submitted in the form of a Resolution to change the academic standards for extra curricular activities. Board Members spoke on the motion.

Mr. Paredes spoke against the policy. The policy was ill conceived and did not follow the process that the Policy Committee should follow in bringing such matters to the Board, such as starting with the concept of an idea involving administration, particularly the superintendent, building principals, athletic directors when it involves athletics or extra curricular activity, and then bring it to the Board as a whole before bringing it at a public meeting. Mr. Mercer, as Chairperson of the Policy Committee, I am not in favor or opposed to this particular policy. This policy was brought to the committee and I felt an obligation to bring it forth. The intention was proper but it was ill

conceived and it should have been conferred with the administrators first. At this time I will support voting against this particular policy.

Mr. Mueller again said there is no policy on the floor, this is a public hearing to get input. We have not heard from teachers or the superintendent.

Mr. Huber said, as a point of order, this was a representation of an idea brought before the Board for public comment. There have been no formal presentations by the committee.

Mr. Cline reminded the Board that when Mr. Mueller submitted this in the form of a Resolution, it was accepted at that time as a Resolution or a policy change. It exists, it was signed by the committee members, and it was presented to the Board for consideration. The motion and second were made properly. This proposed policy change is before this Board for decision at this time.

Mr. Montenegro was in agreement that the matter coming before the Board in the terms of a open public meeting for which formal action may be taken is appropriate on the behalf that it was proposed as a amendment to the policy by way of a resolution. Alternatively, if it was not, then it is a motion not to change a policy which can be made at any time.

Dr. Normandia, before giving his comments, wanted to clarify two things. He was instructed a month ago to place a statement that related to student eligibility for extra curricular activities into formal policy and regulation language. This was done and has been submitted to the Board. Secondly, the administration in this district in terms of the enforcement of the current eligibility policy, work with Dr. Normandia almost daily on the enforcement of that policy. The current policy does contain an appeal process and it is used. Dr. Normandia referred to a memorandum he addressed to the Board which contained his reaction to the proposed change to the eligibility policy. His recommendation to the Board is that they not change the current eligibility policy.

The above motion made by Mr. Paredes, seconded by Mr. Stephens, to approve the proposed policy submitted in the form of a resolution to change the academic standards for extra curricular activities was defeated with only Mr. Mueller voting an amended yes vote after voting no.

DEC 01 1994

At 9:25 p.m. the Board took a short recess.

At 9:40 p.m. the Board returned to open session.

PUBLIC  
PARTICIPATION

The meeting was open to public participation.

John Pannico, representing the Brick Memorial High School Band Booster Club, thanked the Board and administration for coming to their aid. Band competition was canceled at Monmouth College which fell through due to a clause in their deed. Dr. Nicastro made the necessary calls and, with five hours, help put the show together. Bands from surrounding states competed at the Brick Memorial High School facility. On behalf of the band and band director, he thanked the Board for all their help.

Mr. Eremita, representing the Brick Football Parents Club, thanked Dr. Nicastro and Members of the Board. There were some concerns brought to Dr. Nicastro, and he acted very diligently to correct them. This is the first time the State Championship Game will be played in Brick and the field looked great. Again, thank you.

Mr. Cline requested that the update on the student initiated prayer along with the remainder of the Buildings and Grounds Committee Reports be presented at the next meeting.

F&B REVIEW

Dr. Nicastro reviewed Finance & Business Items (a) through (k). By the January Board Meeting we hope to be caught up with the Secretary's Reports. With the new GAAP system, it has been very complicated making the transition. A copy of the audit report and a complete written report with recommendations from the Finance Committee to remedy a long history of things that have to be resolved, have been submitted to the Board. This school district is in the best financial condition it has possibly ever been in. There are some things that need to be improved in the accounting and bookkeeping area and there is a plan and program to do that. Next week the Finance Committee will have a recommendation on some minor organizational changes.

Health Insurance Program Update - The Finance Committee met today and will meet again next week on the health insurance program update. We have received enhancements to the proposal from Blue Cross/Blue Shield. The Finance Committee will have a final recommendation to the Board at the December 8, 1994 meeting.

DEC 6 1 1994

Mr. Mercer requested the motion approving the payment of vouchers be designated as a separate item on the agenda for approval next week.

Personnel Teaching Items (a) through (g) were reviewed by Dr. Normandia. PERSONNEL TEACHING

Personnel Non-Teaching Items were reviewed by Dr. Nicastro. PERSONNEL NON-TEACHING  
Motions for the approval of professional services resolution for an architect and the approval of professional services resolution for a bond counsel will be held for executive session discussion and come back with a Board recommendation next week.

Auxiliary Items (a) through (e) were reviewed by Dr. Normandia. AUX. ITEMS

Informational items were explained by Dr. Nicastro.

- Midstreams PTO Request - The PTO will be fundraising for new playground equipment at Midstreams School. The PTO is asking the Board for any financial assistance toward the purchase and installation of the equipment. Dr. Nicastro is recommending that \$5,000 be contributed by the board to match the PTO's \$5,000 contribution with the Board installing the new equipment. This has been done for Lanes Mill and Herbertsville School.

Motion was made by Mr. Huber, seconded by Mr. Mercer, with the following roll call vote to approve the Board to contribute \$5,000 in matching funds and complete the installation of upgrading and improving the playground equipment at Midstreams School: Mr. Huber, yes; Mr. Mercer, yes; Mr. Mueller, present; Mr. Pannucci, yes; Mr. Stephens, yes; Mr. Paredes, yes; Mr. Cline, yes. APPROVE MATCHING FUNDS FOR PLAYGROUND EQUIPMENT AT MIDSTREAMS SCHOOL

Greenbriar I application to divert existing wells in Brick Township. Mr. Montenegro will research and respond, if necessary.

Transportation Schedule Update - Dr. Nicastro, Dr. Normandia and Mrs. Ceres are working in conjunction with the Transportation Department to improve the overall transportation system.

## Audience Participation

AUDIENCE  
PARTICIPATION

Mr. Dillon spoke in relation to the eligibility policy. He asked the Board consider additions to the policy. Progress reports and failure notices are sent home prior to report cards. If a student is failing, the first hour of that students extra-curricular activity should be spent in the library with a teacher giving extra credit or with an honor society tutor helping the student raise their grade to an acceptable level.

Dr. Normandia addressed comments that students are classified so that they can play sports. This is unfair for any one to say, unless they are involved in the student classification process. It is also not true that children are classified so as not to meet the high school standard for graduation which is to pass the High School Proficiency Test. The State has completed monitoring the Special Education program in Brick and they commended the district in writing that we are approved on all aspects of the classification process.

Ms. Kravas, audience participant, commended the Board for having a public hearing on the eligibility policy. On behalf of Hands Across New Jersey, the Board was invited to a public awareness forum on school choice. The guest speaker will be the Mayor of Jersey City and a speaker from Time Magazine. It will be held on Saturday, December 3, at 2:30 p.m. at Shore Christian Center.

Dr. Nicastro gave a brief update on the warehouse situation. Mr. Yezzi, architect, met with the staff and is completing work drawings. Buildings & Grounds Committee will be meeting prior to next week's Board Meeting. There will be a presentation by Mr. Yezzi at the Board Meeting. With Board approval, we will be ready to go out to bid.

Mr. Montenegro updated the Board on the LRMS boundary lines. He contacted the power company. They indicated their search has been completed and are working on their report. The report should be to Mr. Montenegro no later than Monday.

Mrs. Scott, audience participant, requested information on litigation against the Board by Mr. Mueller. She requested the time spent by administration and the cost to the Board for the legal fees and court costs.

Mr. Mueller suggested that without Board approval, Mrs. Scott's request for this extensive survey is improper.

DEC 01 1994

Motion was made by Mr. Mueller for Dr. Nicaastro to comply with Mrs. Scott's request and to include the cost of the School Board and the taxpayers for Dr. Nicaastro's time to prepare for that report. There was no second.

Motion was made by Mr. Mueller for Dr. Nicaastro not to comply with Mrs. Scott's request as noted in the above motion. There was no second.

A brief discussion followed on the action Mr. Mueller is taking against two sitting Board Members on their BTEA contract vote, one being a teacher, the other being a business administrator.

At 10:45 p.m., Dr. Nicaastro read the appropriate Resolution to go into Executive Session for the purpose of personnel, possible acquisition of real estate, collective bargaining and litigation.

EXECUTIVE  
SESSION

Motion was made by Mr. Huber, seconded by Mr. Paredes, with everyone voting yes, except Mr. Mueller voting no, to go into Executive Session.

At 12:30 a.m., motion was made by Mr. Paredes, seconded by Mr. Huber, with all in favor to come out of Executive Session.

OPEN SESSION

At 12:35 a.m., motion was made by Mr. Mercer, seconded by Mr. Pannucci, with all in favor to adjourn this meeting.

December 8, 1994  
Brick, New Jersey

The Brick Township Board of Education held their Regular Public Meeting beginning at 7:30 p.m. in the Brick Township High School Cafeteria West, 346 Chambers Bridge Road, Brick, New Jersey.

Present were: Mr. Huber, Mr. Mercer, Mr. Mueller,  
Mr. Pannucci, Mr. Stephens, Mr. Cline.

Also present: Dr. Normandia, Mrs. Ceres, Dr. Nicastro,  
Mr. Montenegro.

Mr. Cline made an announcement and congratulated Dr. Nicastro on successfully completing his bar exam and certification in New Jersey and Pennsylvania. **DR. NICASTRO  
PASSES BAR  
EXAM, NJ & PA**

A presentation and an achievement of award were presented to Mr. Herbert T. Stephens in recognition of his outstanding service as a citizen on this 50th anniversary of the bombing of Pearl Harbor. The school district is proud to have a member of this heroic division, The Screaming Eagles, not only as a member of our community, but as a member of the Board of Education. **HERBERT R.  
STEPHENS REC.  
ACHIEVEMENT  
AWARD**

Mr. Huber updated the Board on the student initiated prayer policy. The Superintendent is presently reviewing the policy. **REVIEW PRAYER  
POLICY**

Mr. Yezzi, Architect, was present this evening and gave an overview of the proposed warehouse building which will be located at the Laurelton site, facing Princeton Avenue. He had several sketches which he explained to the Board. This will go out to bid by mid-January, will be under construction by early Spring and possible occupancy by July or August 1995. There is a meeting scheduled with the Planning Board on January 4, 1995. **MR. YEZZI  
REVIEWS  
PROPOSED  
WAREHOUSE  
BUILDING**

The Athletic Field Development at the Lake Riviera site is going well. Work will begin at Emma Havens Young and Drum Point sites in the Spring. At the January meeting there will be a drawing of the Midstreams site playground area and discussion on the upgrade of irrigation at the site. **ATHLETIC FIEL  
DEVELOPMENT  
GOING WELL  
AT LR SITE**

DEC 08 1994

Mr. Montenegro updated the Board on the Lake Riviera boundary lines. He has received the title search. He suggested this issue be discussed in Executive Session.

Mr. Cline is a member of the Brick 2000 Committee. The Committee is made up of citizens throughout the community. The concerns voiced are being taken into consideration by the Buildings & Grounds Committee.

MR. CLINE  
MEMBER OF THE  
BRICK 2000  
COMMITTEE

A discussion followed on placing equipment from the cable company into the schools. The Mayor and Township Council are willing to request from the cable company the equipment for the school district. However, the Board would have final approval of any equipment coming into the school district.

DISCUSSION  
ON PLACING  
EQUIP. FROM  
CABLE CO.  
INTO SCHOOLS

Concerns were expressed about a possible business which may be opening across the street from the Parkwood Plaza site.

Dr. Nicastro introduced Mr. Lauria and Mr. Spaveka, auditors from Samuel Klein & Company. As Dr. Nicastro indicated in his presentation last week, the unreserved surplus of \$3,015,000 is probably the largest this district has ever had. There are some recommendations that Dr. Nicastro has sent to the Board which will be discussed in Executive Session. The meeting was turned over to Mr. Lauria. The audit report is a new format as required by the State under the new GAAP System. The statement presentation is different than in the past. There are two separate reports in one. This new accounting requires more of an accounting background from the workers in the system. A clerk would have more difficulty with this new system.

PRESENTATION  
FROM S. KLEIN  
& CO.

Dr. Nicastro said the school district has hard working employees, but the requirements of GAAP are requiring school districts to higher an in-house accountant. The amount of work required is more involved and complex.

A lengthy discussion followed between the auditor and the Board with reference to the new GAAP System, the audit report and the corrective action plan.

Motion was made by Mr. Stephens, seconded by Mr. Pannucci, with the following roll call vote to approve Finance & Business Item (a): Mr. Huber, yes; Mr. Mercer, abstain; Mr. Mueller, no; Mr. Pannucci, yes; Mr. Stephens, yes; Mr. Cline, yes.
