Motion was made by Mr. Hancock, seconded by Mrs. Riley and carried unanimously by roll call vote that the Board of Education approve amendment to Policy #490, by adding Section B, on first reading, to become effective September 1, 1978:

Part B. Non-Athletic Activities

Pupils who desire to participate in any non-athletic extra-curricular activity, which requires a large block of time during the course of the activity, may have failed no more than one course in the preceding marking period to be eligible.

The same eligibility requirement must be maintained throughout the activity.

ADMINISTRATIVE REGULATIONS FOR POLICY IMPLEMENTATION

- Part A.
1. Each athlete shall be given a copy of this policy at the beginning of each sport season along with standard permission forms, etc., so that he/she will be aware of the revised academic requirements.
 2. Unsatisfactory achievement reports shall be issued at the mid-point of each marking period for those courses that a student is in danger of failing. These reports will serve as a warning notice to those students involved in athletics that loss of eligibility is imminent.
 3. The academic status of students participating in the athletic program shall be evaluated at the end of the first, second and third marking periods by the guidance department to determine whether any participants are failing more than one course. The eligibility status of students participating in athletics will be determined upon issuance of report cards.
 4. Students who fail more than one course in a marking period shall be declared ineligible for participation in all athletics for the duration of the next marking period.
 5. The High School Principal shall be responsible for the enforcement of the athletic eligibility policy.
 6. Exceptions to this policy may be granted by the Board of Education where extenuating circumstances apply, upon the request of the High School Principal.
- Part B.
1. The regulatory procedures outlined above for inter-scholastic athletics also apply for non-athletic activities.
 2. Specific extra-curricular activities covered by this policy are:
 - a. Auxiliary athletic activities - cheerleaders, managers, and statisticians.
