Lanes Mill

PERSONNEL Personnel Non-Teaching Items (a) through (m) were reviewed
NON-TEACHING by Dr. Nicastro.
ITEMS

AUXILIARY Dr. Nicastro reviewed Auxiliary Items (a) through (c).
UPDATE ITEMS Summer Secretarial In service - with the help of Mrs. Sandra Moore (BTMHS), Mrs. Susan McNamara (LRMS) and Mr. Alan McCafferty, the secretaries in the district have gone through extensive training in the Windows Program, working with the same software and hardware.

Mr. Cline, in reference to out of district placement of students for 1994-95 school year, asked Mrs. Ceres what the capacity for Special Education students is for next year. Mrs. Ceres responded there are no slots at the present time for certain classifications. Those students would have to be placed out of district. Dr. Normandia said by the next Board Meeting, Administration will have figures to report back to the Board. We receive the same State aide for the Special Ed child whether in or out of district. The cost to taxpayers is approximately \$26,000 for each child.

In reference to the summer maintenance projects, some fantastic projects were completed over the summer such as Midstreams School, Laurelton and Brick Township High School projects.

AUXILIARY Dr. Nicastro updated the Board on Auxiliary Old Business
OLD BUSINESS items.
ITEMS

Lake Riviera Tract Survey/Title - Mr. Montenegro was authorized at a previous meeting to coordinate this matter. Lake Riviera Field Complex - Dr. Nicastro has been working with Mr. Mueller and Mr. Alexy on the field complex.

Coop Fueling Station - Anyone wishing to see this facility, please call Mrs. Wylie or Dr. Nicastro. This fueling station will be operational in two weeks.

Public Telephone for Veterans Complex - Letter was sent to New Jersey Bell requesting a public telephone with no charge to the school district. As of today there has been no response. Dr. Nicastro will send a follow up letter.
