Attendance PolicyPROPOSED

ATTENDANCE POLICY

Students shall be required to attend school in accordance with provisions of the Compulsory Education Law.

Every parent, guardian, or other person having custody and control of a child between the ages of 6 and 16 years, shall cause such child to attend the public schools of the district or a day school in which there is given instruction equivalent to that provided in the public schools for children of similar grades and attainments or to receive instruction elsewhere than at school.

Such regular attendance shall be during all the days and hours that the public schools are in session in the school district, unless it is shown to the satisfaction of the Board of Education that the mental condition of the child is such that he/she cannot benefit from instruction in the school or that the bodily condition of the child is such as to prevent his/her attendance at school, but nothing herein shall be construed as permitting the temporary or permanent exclusion by the Board of Education of any child between the ages of 5 and 20, except as explicitly otherwise provided by law.

Any student between the ages of 6 and 16 who shall repeatedly be absent from school, and any student found away from school during school hours whose parent, guardian, or other person having charge and control of the student is unable to cause him/her to attend school and any student who is incorrigible, actually vagrant, vicious, or immoral in conduct, shall be deemed to be a juvenile delinquent and shall be proceeded against as such.

The Superintendent shall promulgate regulations to ensure that the intent of this policy is carried out. A copy of the attendance policy and regulations shall be provided to each high school student annually.
