Mr. Bendokas responded to the parents of Herbertsville School. He was placed on the Board six years ago for the children and education. He listens to those people who have the education and doctorates to make the decisions in the best interest of the children. That is their field and not his field. He asks questions and comes to what he believes is the right decision. He feels the right decision is what was recommended tonight by administration. Dr. Boyan was in agreement with Mr. Bendokas and reiterated what he said. We must take into consideration that we are elected by the entire community. He will vote in favor of this administrative decision.
