Re: Landisville Vol. Fire Company

Dear Mr. Rowan,

Enclosed are documents responsive to your OPRA request to the New Jersey Department of Labor and Workforce Development's Office of Public Employees Occupational Safety and Health (OPEOSH) in reference to case files, notes, and details regarding complaints filed against the Landisville Vol. Fire Company within the Department of Labor and the Department of Health. Please note, the Department of Health will respond under separate cover should there be any information to provide.

The OPEOSH is withholding all NJOSH 300 injury & illness logs, and the names of employees who appear on documents related to this investigation have been redacted in accordance with the PEOSH Act, specifically N.J.S.A. 34:6A-35(b) which states in pertinent part that "information which identifies an individual employee shall be confidential"; and, pursuant to N.J.S.A. 47:1A-1, which states in pertinent part that a public agency has a responsibility and obligation to safeguard from public access a citizen's personal information with which it has been entrusted when disclosure thereof would violate the citizen's reasonable expectation of privacy.

If you have any questions or concerns regarding the production of these documents, please do not hesitate to contact me at the number listed below.

Sincerely,

Thomas Wilson, Assistant Chief
