State: [REDACTED]

Message Body:

While everyone understands the need for officer protection and protection of sensitive topics- a total encryption is uncalled for. I know your mind is made up, and you don't care about transparency, but I would love to talk to you, Chief Germain about this. Large cities with real crime leave dispatch channel open and encrypt tactical and SWAT channels for sensitive operations and information. Please reach out to me, I only would like ten minutes of your time.
