

## OPRA CC-21-0019

Response

---

A search in Legistar (our all-in-one product for managing our documents and meeting management responsibilities) used to maintain the City's Legislative records is complete.

**Disclosure-** A "Legistar file" consists of attachments ("pdf", "tiff") of all the documents associated to the Legistar file. A file is created by indexing the "Title" and "Body" of the legislative record, which are searchable. **The system does not have the capability of searching any words within the attachments.**

### Response to Interrogatories

The City of Newark has a Civilian Complaint Review Board, which may or may not be relative to this request. A copy of the ordinances establishing this board are attached.

By-laws for this board have not been filed with the Office of the City Clerk.

Date: 6/7/21
