Narrative:

Companies dispatched to 62 Liberty St for the reported structure fire. Upon arrival units found fire conditions on the exterior of the bravo side of the structure. Companies stretched an 1"3/4 line to the bravo side and began suppression. Engine 4 made their way to the second floor for primary search of life and fire. Search was negative. Engine 4 reported a fire condition in the attic crawl space. One line was put into operation for suppression of the fire in the attic. A second line was stretched as a back up. Companies opened up all bedroom walls and ceilings to check for extension. Inspection holes were also made in the kitchen and dinning room with negative findings. Fire was placed under control. Mutual Aid called also utilities. Utilities were secured
