Immediate access means at once, without delay. Exceptions may include instances in which the requested records are in use, in storage, or require medium conversion. In such instances, the custodian must provide access as immediately as possible. Agencies should act reasonably, however, using their best efforts to comply with this requirement.

If a custodian cannot provide immediate access to records for a legitimate reason, the custodian must reduce such reason to writing and request an extension of time to comply with the immediate statutory requirement."

Yours faithfully,
