E. The Township shall require proof of illness from an Employee on sick leave when such a requirement appears reasonable. Abuse of sick leave shall be cause for disciplinary action. In addition, in cases where illness is of a reoccurring or chronic nature, causing reoccurring absences of one day or less, the Township reserves the right to require competent medical evidence to be submitted prior to the reinstatement of said Employee, and also reserves the right to have the Employee examined by the Township physician before returning to duty. In all cases of reported illness or disability, the Township reserves the right to send the Township physician to investigate the report.

F. When an absence due to an illness does not exceed two (2) consecutive working days, normally the Employee's statement of the cause for the absence will be accepted without a supporting statement by the attending physician. The Township reserves the right to have the employee examined by the Township physician before returning to work. Any absence in excess of two (2) consecutive working days may, at the discretion of the supervisor or his designee, require a written statement from the attending physician. The Township also reserves the right to require the Employee to be examined by the Township's physician to be certified as fit for duty before returning to work.

G. After two (2) unexcused absences due to illness on a Monday or Friday or the day preceding or following a paid holiday or vacation, a written statement from the attending physician will be required for the third such absence in order for the Employee to return to work. The Township reserves the right to mandate an examination by the Township physician should a pattern of Monday/Friday absence or absences preceding or following a paid holiday or vacation illness emerge.
