Hello All,

Thank you, as always, for all you do for our amazing township and continued support of Hainesport School.

We all agree the school is a vital part of our community and appreciate your partnership.

We had discussed previously and believe there is sometimes money allocated for potential direction to the school.

The district has many needs- thankfully through the hard work of the team and support of the community through tax dollars we are able to meet our day-to-day operations but there is always a need to improve our capital projects.

Please let me know if there is a opportunity to move this conversation forward with the potential of receiving some of these dollars that may have been budgeted or receive dollars that may end up as township surplus.

Again- thank you for your steadfast support.

With great appreciation.

Jason
