To: "Jane" Strawberry Shortcake opra+request-80402-c1f62486@requests.opramachine.com

Dear OPRA Requester:

This letter is in response to your Open Public Records Act (OPRA) request received on September 8, 2025, with clarification provided to us the same day. You requested:

"All written and recorded communication between the SCCC administration and the county commissioners between Jan 1, 2025, to present," with clarification of "SCCC administration" as "include President, all VPs directly under the President, Executive Directors directly under the President, Dean of Technical Operations, and the Chief of Staff/Liaison to the Board of Trustees."

Your request is granted. A thorough search was conducted by Sussex County Community College's Information Technology department. It yielded the attached documents, which are responsive to your request, and are being sent to you electronically.

There is no charge to you for filling this request.

Sincerely,

A handwritten signature in black ink that reads "Wendy Fullem".

Good morning Cory,

We all received this email regarding stats of college. Are these numbers accurate? We certainly need to be prepared to set the record straight at the meeting.

Alan

In case you haven't had the time to familiarize yourself with SCCC enrollment figures, here you go.

2009	4,208
2010	4,122
2011	3,794
2012	3,402
2013	3,235
2014	3,064
2015	2,732
2016	2,589
2017	2,529
2018	2,300
2019	2,318
2020	2,190
2021	2,162
2022	2,187
2023	2,220
2024	2,247

Admissions have been basically stagnant since 2020, rising a very tiny fraction, fluctuating up and down by very little.

Admissions are DOWN over 45% over the last 15 years.

I will graph it and bring it.

The graph will not look good for SCCC.

PLEASE STOP throwing money away on SCCC?

The entire state college system has gone through a similar contracture in the same time period due to the decrease in high school graduates and many of them have not rebounded as much as we have. These appear to be fall headcount numbers but we can look at overall headcount. I can't speak to 2009-2018 but since 2018 we have been relatively flat. 2009 was the peak which is why he pulled that particular number to draw from :) I'll send over some more information later today

Hi Alan,

I am going to continue to send some things along on this and here is a good one for us to look at which is more relevant. Our numbers have even increased beyond this over the last two years as indicated by our audited statements. We have performed the strongest in the state during this time period by significant amounts. Unfortunately I don't have the comparison data for FY24 or FY25 year

Hey Guys,

I hope you had a restful weekend!

For transparency purposes, I wanted to send a note along to the both of you as our commissioner liaisons to let you know I received an inquiry from our accrediting body regarding Dr. Connolly (in his previous role as President) and possible misconduct. – The article they referenced was from March 2024...

We have a supplemental information report due on June 13th regarding Ethics & Integrity and Leadership.

I believe we have taken all proper steps in moving this College forward, and this will give us an opportunity to demonstrate the great direction the College is moving in. Feel free to give me a call to discuss further.

Thank you and have a nice week,

Subject: SUSSEX COUNTY SUPERINTENDENT GAYLE CARRICK ENDANGERED OUR KIDS WITH PRESIDENTS HIDDEN FIREARM

Dear Commissioner,

I am writing not out of politics, but out of genuine alarm for what has gone unchecked in Sussex County. Dr. Gayle Carrick, our Executive County Superintendent of Schools, has utterly failed in her duty to protect students and ensure the integrity of our public education institutions. Her conduct in relation to Sussex County Community College (SCCC) and its disgraced former president Jon Connolly is not just negligent, it is indefensible.

When it became known that Connolly illegally brought a firearm onto campus to threaten our kids, Carrick did not investigate, reprimand, or alert law enforcement. Instead, she **invited him to lunch** so college-officials could "keep the scandal in-house". Carrick did not do this in her official capacity... but as a "friend". A quiet greenlight to keep the weapon hidden and to protect Connolly from scrutiny. This wasn't just a lapse in judgment. It was complicity.

This isn't speculation. It's supported by sworn affidavits, federal court filings, and audio recordings already submitted in the civil rights case now pending in federal court found here:
https://www.pacermonitor.com/public/case/56916884/COFFEY_v_SUSSEX_COUNTY_COMMUNITY_COLLEGE_et_al. Dr. Carrick, the highest-ranking education official in Sussex County, chose loyalty to a colleague over her legal and moral duty to students, faculty, and the public. That is betrayal. That is dangerous.

At the center of this is a school president running a scandal-plagued institution... placing over 30 international students into overcrowded, unregulated, and illegal housing in violation of human right laws, when a student complained, they tried to bury him through threats, intimidation and law enforcement.

Worse still, when Coffey's disclosures about Connolly's misconduct began to gain traction, Connolly didn't face accountability he was rewarded! A \$193,700 severance check, rubber-stamped by his political allies including Jack Ciaterrelli! Official Meeting minutes where his firearm admission was caught on tape were altered to read "inaudible." and the County Government even covered this up too! They even attempted to put an innocent man in jail for asking too many questions! And while all this happened, Dr. Carrick stood silent, watched it unfold, and shielded Connolly at every turn. The role of the County Superintendent is not ceremonial. Dr. Carrick is responsible for ensuring safe, legal, and ethical conduct within all educational institutions in Sussex County. She failed. And in that failure, she helped bury the truth, put children at risk, and allowed a culture of retaliation and corruption to metastasize.

This county cannot move forward while people like Gayle Carrick remain in power, pretending to serve the public while enabling institutional rot. She should resign or be removed. Immediately. Or even face criminal charges.

The people of Sussex County deserve the truth. They deserve accountability. And they deserve leaders who protect children... not abusers of public trust.

PLEASE INVESTIGATE THIS WE ARE BEING IGNORED IN SUSSEX COUNTY OUR KIDS ARE IN DANGER AT SCCC.

Sincerely,

A VERY Concerned Sussex County Parent

Sussex County Watchdog

We met with the grant folks and Lorraine regarding the outdoor fitness space that was suggested earlier this week.

The grant possibility is very promising for a project completion in the summer of 2026 and the College is going to take the lead on writing the grant, paperwork, etc.
It might move a little quicker this way, but it will still be a partnership between the County and College.

Also, a few months again I mentioned to her that we would be open to having County employees use our fitness center on specific days and times.
She was going to take that info back, but I haven't heard anything yet.

Just wanted to keep you in the loop.

Good Evening Cory and Stan,

Congratulations!!

On behalf of our National Grants Committee, I am thrilled to inform you that Sussex County Community College has been awarded preliminary eligibility for a **\$40,000 NFC-Horizon BCBS grant.**

Your application has been selected on the basis of commitment to accessible health and fitness options, the development of stakeholder consensus, and an exceptional and active space where you will launch your campaign.

Your official Award Call is scheduled for **Monday, June 23 at 4:15**. During that meeting, we will discuss all milestones toward bringing the Campaign to Sussex County C.C. in detail. We will have the official Notice of Award and Grant Program Requirements documentation to you before that call.

We look forward to building a great partnership!

I just sent this to the College Community and wanted to keep you both in the loop as our commissioner liasions.

I would like to set up a quarterly meeting for us to discuss the happenings at the college and will have Saliha work with Christina Marks if that sounds like an okay plan?

Good evening,

I hope everyone is staying warm and gearing up for a restful weekend. As some of you may know, there was a special meeting of the Board of Trustees held tonight to discuss personnel matters.

After approximately three hours of deliberation in executive session, the Board took action to accept the mutually agreed upon resignation of Dr. Jon Connolly and to appoint him to the tenured position of Associate Professor in the Biological Sciences.

The Board took additional action to appoint myself as the Interim President of Sussex County Community College, beginning immediately.

I would like to take this opportunity to thank Dr. Jon Connolly for his service and dedication to the College as the President, and to wish him luck in this new role. I am happy to see him return to the classroom and to have the flexibility to conduct research, which he loves so much.

I am deeply honored and grateful to accept this position, and am excited to begin this new chapter with each of you.

As always, thank you for your unwavering support of the College Mission and commitment to our students,

The entire state college system has gone through a similar contracture in the same time period due to the decrease in high school graduates and many of them have not rebounded as much as we have. These appear to be fall headcount numbers but we can look at overall headcount. I can't speak to 2009-2018 but since 2018 we have been relatively flat. 2009 was the peak which is why he

pulled that particular number to draw from :) I'll send over some more information later today

Good morning Cory,

We all received this email regarding stats of college. Are these numbers accurate? We certainly need to be prepared to set the record straight at the meeting.

In case you haven't had the time to familiarize yourself with SCCC enrollment figures, here you go.

2009	4,208
2010	4,122
2011	3,794
2012	3,402
2013	3,235
2014	3,064
2015	2,732
2016	2,589
2017	2,529
2018	2,300
2019	2,318
2020	2,190
2021	2,162
2022	2,187
2023	2,220
2024	2,247

Admissions have been basically stagnant since 2020, rising a very tiny fraction, fluctuating up and down by very little.

Admissions are DOWN over 45% over the last 15 years.

I will graph it and bring it.

The graph will not look good for SCCC.

PLEASE STOP throwing money away on SCCC?

Good Evening Cory and Stan,

Congratulations!!

On behalf of our National Grants Committee, I am thrilled to inform you that Sussex County Community College has been awarded preliminary eligibility for a **\$40,000 NFC-Horizon BCBS grant.**

Your application has been selected on the basis of commitment to accessible health and fitness options, the development of stakeholder consensus, and an exceptional and active space where you will launch your campaign.

Your official Award Call is scheduled for **Monday, June 23 at 4:15**. During that meeting, we will discuss all milestones toward bringing the Campaign to Sussex County C.C. in detail. We will have the official Notice of Award and Grant Program Requirements documentation to you before that call.

We look forward to building a great partnership!

Good Morning,

Usually I would update Jack and Alan during our quarterly meetings, but since we spoke about it I wanted to send over to you.

We met with the grant folks and Lorraine regarding the outdoor fitness space that was suggested earlier this week.

The grant possibility is very promising for a project completion in the summer of 2026 and the College is going to take the lead on writing the grant, paperwork, etc.

It might move a little quicker this way, but it will still be a partnership between the County and College.

Also, a few months again I mentioned to her that we would be open to having County employees use our fitness center on specific days and times.

She was going to take that info back, but I haven't heard anything yet.

Just wanted to keep you in the loop.

I received a copy as well and I forwarded to our attorney. Thank you sir

At the center of this is a school president running a scandal-plagued institution... placing over 30 international students into overcrowded, unregulated, and illegal housing in violation of human right laws, when a student complained, they tried to bury him through threats, intimidation and law enforcement.

Worse still, when Coffey's disclosures about Connolly's misconduct began to gain traction, Connolly didn't face accountability he was rewarded! A \$193,700 severance check, rubber-stamped by his political allies including Jack Ciaterrelli! Official Meeting minutes where his firearm admission was caught on tape were altered to read "inaudible." and the County Government even covered this up too! They even attempted to put an innocent man in jail for asking too many questions! And while all this happened, Dr. Carrick stood silent, watched it unfold, and shielded Connolly at every turn. The role of the County Superintendent is not ceremonial. Dr. Carrick is responsible for ensuring safe, legal, and ethical conduct within all educational institutions in Sussex County. She failed. And in that failure, she helped bury the truth, put children at risk, and allowed a culture of retaliation and corruption to metastasize.

This county cannot move forward while people like Gayle Carrick remain in power, pretending to serve the public while enabling institutional rot. She should resign or be removed. Immediately. Or even face criminal charges.

The people of Sussex County deserve the truth. They deserve accountability. And they deserve leaders who protect children... not abusers of public trust.

PLEASE INVESTIGATE THIS WE ARE BEING IGNORED IN SUSSEX COUNTY OUR KIDS ARE IN DANGER AT SCCC.

Sincerely,

A VERY Concerned Sussex County Parent

Sussex County Watchdog

I just sent this to the College Community and wanted to keep you both in the loop as our commissioner liasions.

I would like to set up a quarterly meeting for us to discuss the happenings at the college and will have Saliha work with Christina Marks if that sounds like an okay plan?

Good evening,

I hope everyone is staying warm and gearing up for a restful weekend. As some of you may know, there was a special meeting of the Board of Trustees held tonight to discuss personnel matters.

After approximately three hours of deliberation in executive session, the Board took action to accept the mutually agreed upon resignation of Dr. Jon Connolly and to appoint him to the tenured position of Associate Professor in the Biological Sciences.

The Board took additional action to appoint myself as the Interim President of Sussex County Community College, beginning immediately.

I would like to take this opportunity to thank Dr. Jon Connolly for his service and dedication to the College as the President, and to wish him luck in this new role. I am happy to see him return to the classroom and to have the flexibility to conduct research, which he loves so much.

I am deeply honored and grateful to accept this position, and am excited to begin this new chapter with each of you.

As always, thank you for your unwavering support of the College Mission and commitment to our students,

Update:

Met with Bob this morning. Michelle Valentine has been in contact with Noa regarding the new Cloud Computing course Michelle has designed for us and Bob and I are bringing it to Curriculum in September. CompTia badge has been sent up to K. Peterson and the badge from Noa/Secure Academy will be sent up by Bob.

Along with this, Bob has a long, long list of changes that he, John and all the adjunct faculty had input and contributed their expertise to. For example, Edwin Carberry contributed to COM113, Munir Kuran contributed to COMS111. These two courses involved relatively major changes and lots of smaller changes also have happened and all will end up in Curriculum.

Also, Bob is in the process of doing the final read of the Program Review completed by Michelle.

Hi Noa,

I'm sending Dr. Homer's greetings to you and he has requested that I connect you with our Cyber Security Program team. Our Computer Science Coordinator and STEM Chairperson, Prof. Robert Reeber, as well as our Cyber Security instructor Prof. Michelle Valentine-Rubalcava, are copied here. Bob would like to set up a meeting with you and Michelle to review all the items you listed in your email below. Michelle will be the designer of our new "Cloud Computing" course being presented to our Curriculum Committee this upcoming Fall 2025. I do have plans to include the SecureAcademy Partner Badge on our Cyber Security program webpage and I thank you for sending that along.

Hi Cory,

I hope you're doing well!

Continuing my previous email, I would like to move forward and schedule an onboarding call, in which we'll discuss our SecureAcademy resources, and how you can start running the program for your students.

I can suggest the following dates, please let me know which one works for you, so I can send an invite:

- Monday, June 16 at 10:00am EST
- Tuesday, June 17 at 11:00am EST
- Wednesday, June 18 at 10:30am EST

In the meantime, I am happy to provide you with access to all of our SecureAcademy resources, which I will gladly walk you through in our upcoming onboarding meeting.

1. Cybersecurity Online content library:

Your students and alumni can log in to SecureAcademy's cybersecurity online content library using [THIS LINK](#).

Please inform them that your institute's access code is **SCCC**. Registration is only necessary once.

2. General Program resources:

For software licenses, lab installation guides, and PPT decks, please access Check Point's Partner MAP using [THIS LINK](#).

You can find your institution by following this simple process:

Click the search bar at the top right corner of the screen > type "ATC PORTAL" > find your institute name in the "Partner" dropdown menu located in the top right corner of the screen > scroll down to find "Program Resources" at the bottom left corner of your screen and click it.

Please note: in order to grant any other faculty members access to this portal, have them register, and then go to Partner Dashboard > Contacts > Add Contact, and choose the relevant permissions.

3. Certifications track Train the Trainer course:

Our next CCSA Train the Trainer course will take place between **July 14-17, 2025**. You can already register [right here](#).

4. Official SecureAcademy Partner Badge:

You are now a SecureAcademy partner! Attached is our official SecureAcademy Partner badge, for you to add to your website or any other location in which you'd like to showcase our partnership. Please make sure to make it clickable so it can lead to [our website](#).

Welcome aboard :)

Looking forward to meeting soon,

Noa

Subject: Sussex County Community College Data Metrics
Date: Thursday, April 24, 2025 9:35:39 AM

Good Morning Gentlemen,

I heard there was some discussion last night at the Commissioner's meeting regarding our enrollment and continual decreases.

I would just like to send this over to help shine some light on the facts.

While we did decrease due to COVID, we have rebounded tremendously and now have surpassed pre-pandemic levels.

Over the last 5 years, SCCC has surpassed the state average by 6.3%.

Since a majority of our budget is made up of tuition and fees, we would not have such a sound financial picture if there was continuing enrollment decreases. This all while keeping tuition and fees flat for 7 out of the last 8 years.

In addition to just raw enrollment data, we have outperformed our federal peer intuitions on graduation rates by 5% (2-year), 14% (3-year) and 17% (4-year).

SCCC is currently #4 in the state for IRS data earnings after 8 years, showing that our graduates are performing well in the labor market after completing.

While all of these metrics are indicative of a strong institution, our greatest accomplishment is the commitment to the County we have shown by using DOL data to drive new academic programs that support a skilled workforce.

As I always offer, if anyone would like to go through the numbers together or have any questions or concerns, they can contact me at anytime

I am also planning on being present at the May 14th meeting to help dispel any falsehoods in the public.

Please feel free to share with the other commissioners as well!

Good Morning,

Usually I would update Jack and Alan during our quarterly meetings, but since we spoke about it I wanted to send over to you.

We met with the grant folks and Lorraine regarding the outdoor fitness space that was suggested earlier this week.

The grant possibility is very promising for a project completion in the summer of 2026 and the College is going to take the lead on writing the grant, paperwork, etc.

It might move a little quicker this way, but it will still be a partnership between the County and College.

Also, a few months again I mentioned to her that we would be open to having County employees use our fitness center on specific days and times.

She was going to take that info back, but I haven't heard anything yet.

Just wanted to keep you in the loop.

I just sent this to the College Community and wanted to keep you both in the loop as our commissioner liaisons.

I would like to set up a quarterly meeting for us to discuss the happenings at the college and will have Saliha work with Christina Marks if that sounds like an okay plan?

Good evening,

I hope everyone is staying warm and gearing up for a restful weekend. As some of you may know, there was a special meeting of the Board of Trustees held tonight to discuss personnel matters.

After approximately three hours of deliberation in executive session, the Board took action to accept the mutually agreed upon resignation of Dr. Jon Connolly and to appoint him to the tenured position of Associate Professor in the Biological Sciences.

The Board took additional action to appoint myself as the Interim President of Sussex County Community College, beginning immediately.

I would like to take this opportunity to thank Dr. Jon Connolly for his service and dedication to the College as the President, and to wish him luck in this new role. I am happy to see him return to the classroom and to have the flexibility to conduct research, which he loves so much.

I am deeply honored and grateful to accept this position, and am excited to begin this new chapter with each of you.

As always, thank you for your unwavering support of the College Mission and commitment to our students,

Good morning.

The meeting is on the 3rd floor of the B building, in the executive office. Reserved parking in front of Horton. Spots have cones designating reserved.

Thank you for all you do.

Regards,
Wendy

Good afternoon.

Commencement is almost here! You should have the parking permit that I emailed to you. If not, please let me know.

Our reception begins this Wednesday, 5/14, at 2:45 p.m. in the Board Room. The ceremony starts at 4:00 p.m.

I have had a few questions regarding attire. Shirts or blouses with a top button are easiest to work with, but we also have safety pins to secure the hoods and hairpins to keep your caps in place. Ladies, please refrain from wearing thin heels. Square heels or flat shoes are best for walking on the green.

If you have any questions, please don't hesitate to let me know.

Best regards,
Wendy

Good afternoon.

I have attached the agenda for the Board of Trustees meeting on Wednesday, March 26th. The meeting has been moved from Tuesday due to a scheduling conflict with state-mandated new trustee leadership training. The meeting will be called to order at 4:00 p.m., and the Board will immediately enter into an Executive Session. They will resume the public meeting at 5:00 p.m.

Have a nice weekend.
