Dear Mr. Anderson,

Per your request, attached please find the following:

2. A completed Recommendation For Approval of Acting Administrator form.
3. A report of the Board's Ad Hoc Committee for the Superintendent Search.

Also attached for your reference are our original letter requesting this extension and a current listing of Ms. Chanley's DOE certificates.

With reference to the Superintendent search to date, please accept the following information in addition to the attached Ad Hoc committee report:

- On February 16, 2022, the Board interviewed three candidates – [REDACTED], [REDACTED] and [REDACTED]. These interviews were conducted in closed session in order to protect the confidentiality of the candidates. As such, this is **confidential** information.
- Subsequent to these interviews, which did not identify a candidate acceptable to the Board, the Board voted to continue the search with the assistance of the New Jersey School Boards Association (NJSBA).
- The Board approved a contract with NJSBA for this purpose on March 15, 2022.
- The Board will meet with Mary Ann Friedman from NJSBA on May 19th, at which time it will be informed of the current applicant pool compiled by NJSBA. Based upon that meeting, Ms. Friedman will prepare a calendar for interviews.
- As stated in our original letter, the plan is to name a candidate by June 30, 2022.

We trust this addresses the information you seek, but please let us know if additional information is required at this time.

Hello Ms. Skurbe,

I just wanted to reach out to thank you for everything you do for our district.

I am a 5th grade teacher at Woodland, and after watching a few of the recent board meetings I felt the need to reach out to you.

You have handled yourself with such poise and grace - not an easy task with some of the comments from the public.

I am very appreciative of how you stand behind Mrs. Chanley. She is an extremely beloved part of our school system. I had my own four children come through the Monroe township schools. I have seen and heard nothing but positive things from her. I've taught in Monroe for almost 20 years, and I have yet to meet a staff member who does not LOVE her. She makes us feel valued and appreciated. She treats us like the professionals we are, and she does everything in her power to help us help our students.

I actually had trouble sleeping last night, thinking about the constant attacks against her.

Even if she only had a kindergarten education, she still cares more about our children than 100 degrees ever could.

My hope is that she knows that the silent majority overwhelmingly supports her and everything she does. And I am so grateful to you for standing by her.

So again, thank you for all that you so - I know it is endless, but it does not go unnoticed or unappreciated.

Have a great day, you deserve it!

Subject: Re: [External Email]Agenda for the BOE Meeting on May 19, 2022

Good afternoon Ms. Bozowski -

Thank you for contacting the Board of Education. The agenda has been set forth in accordance with the Open Public Meetings Law. As you know from being in attendance at previous board meetings, the Board is meeting with NJ School Boards Association tomorrow evening in closed session to receive the applicant pool for the position of Superintendent of the Monroe Township School District. The Board Members have not been given information from NJ School Boards prior to the meeting and has not been privy to any resumes. There are no interviews set to take place tomorrow evening that would result in the board taking action to make a decision to hire any candidate after the closed session tomorrow.

There are no unanswered questions regarding Mrs. Chanley's qualifications. For the last 6 months, Mrs. Chanley, the Board Attorney and I have answered numerous questions, mostly the same questions, at every board meeting where they are asked. Numerous emails have been answered as well. Although the answers to the questions do not yield what someone wants to hear does not mean the question was not addressed appropriately.

As I have said many times, the Acting Superintendent is not required to complete her doctoral program as part of her employment in the Monroe Township School District. While her employment contract is posted all over social media, it is being misrepresented. The contract states that if Mrs. Chanley seeks reimbursement for her tuition under this contract for Acting Superintendent, the reimbursement will only be given if she acquires her doctorate degree. The completion of the doctoral program is NOT a term of her employment.

To conclude, the Board of Education voted to approve the extension of Mrs. Chanley and it was approved by the Department of Education. There is no reason to think Mrs. Chanley is not satisfying her contractual obligations.

Thank you again for your email.

Sincerely,

Chrissy Skurbe

To all BOE members,

I see, per the published agenda for the special meeting scheduled for Thursday, May 19, 2020, that there are no action items, only a closed session and a public forum. I ask that you rearrange the agenda to permit the public forum portion of the agenda to proceed before the board goes into closed session. Since the closed session topic is discussion of the permanent superintendent position, I feel that the public should be permitted to comment on this important matter.

There are many unanswered questions regarding Ms. Chanley's qualifications, including the completion of her doctoral program according to her publicly stated timelines, and whether she is satisfying the terms of her temporary contract. Since the Board has not responded to questions regarding these two issues, which I raised at the May 5, 2022 meeting, I would like an opportunity to raise the questions again, and would think that other members of the public would be interested in the responses from the Board as well.

Thank you for your consideration of my request. I look forward to attending the meeting on May 19.

Dear Ms. Skurbe:

SUBJECT: Appending Certain Letters to Personal Name
OFAC Case #INV-02-22

The New Jersey Department of Education (Department), Office of Fiscal Accountability and Compliance (OFAC), received information concerning the current Monroe Township School District (District) Acting Superintendent, Chari Chanley (Ms. Chanley) with respect to appending the "Dr." designation in front of Ms. Chanley's name within school yearbooks without having earned the title.

N.J.S.A. 18A:3-15.3 Appending certain letters to personal name - states the following:

"A person shall not append to his name any letters in the same form designated by the Commission on Higher Education as entitled to the protection accorded to an academic degree unless the person has received from a duly authorized institution of higher education the degree or certificate for which the letters are registered. For the purposes of this section, a duly authorized institution of higher education means an in-State institution licensed by the Commission on Higher Education or an out-of-State institution licensed by the appropriate state agency and regionally accredited or seeking accreditation by the appropriate accrediting body recognized by the Council on Postsecondary Education or the United States Department of Education."

The OFAC review confirmed the title "Dr." was placed before Ms. Chanley's name while she was Principal of the Monroe Township Middle School, appearing in the school's yearbooks over a five-year period. The title first appeared before Ms. Chanley's name in the 2012-2013 yearbook and continued up to and including the 2016-2017 yearbook.

There was no evidence disclosed which confirmed the use of the title beyond those years or included on any other District documents bearing her name. Nor was there evidence Ms. Chanley received an enhanced salary by the appendage of the title.

Ms. Chanley did confirm that although she is diligently working toward a Doctor of Education degree, that degree has not yet been conferred. Ms. Chanley stated the title was appended in the 2012-2013 yearbook in anticipation of having received the degree by the time the yearbook was issued. However, the degree was not conferred during that time and due to yearly oversights, the title remained appended to her name, up to and including the 2016-2017 yearbook.

Although the District School Board (Board), prior to this time, was made aware of the improper use of the title and has internally corrected the matter, the Board is directed to submit a Corrective Action Plan (CAP) identifying the procedures it will develop and implement to ensure compliance with the provisions of N.J.S.A. 18A:3-15.3 throughout the District. Please provide a copy of this report to each member of the Board for review.

Utilizing the process outlined in the attached "Procedures for LEA/Agency Response, Corrective Action Plan and Appeal Process," the Board is required, pursuant to N.J.A.C. 6A:23A-5.6, to publicly review and discuss the findings in this report at a public board meeting no later than 30 days after receipt of the report. Within 30 days of the public meeting, the board must adopt a resolution certifying that the findings were discussed in a public meeting and approving a CAP to address the issues raised in the findings and/or submit an appeal of any findings in dispute. A copy of the resolution and the approved CAP and/or appeal must be sent to this office within 10 days of adoption by the Board. Direct your response to my attention.

Also, pursuant to N.J.A.C. 6A:23A-5.6(c), you must post the findings of this report and the Board's CAP on your district's website. Should you have any questions, please contact Thomas C. Martin, Manager, Investigations Unit, at (609) 376-3606.

Sincerely,

Dr. Jamar E. Purnsley, Director

Dear Mr. Anderson -

The Monroe Township Board of Education met on May 19, 2022 and went into closed session to meet with Mary Ann Friedman from NJ School Boards Association. At this meeting, Ms. Friedman delivered the candidate pool to the board members present. The pool consists of 18 applicants for the position of Superintendent of the Monroe Township School District. The board members deliberated upon receiving the pool and had discussions for the next steps. As we intend to engage our community and foster inclusion in this process, the Board will be creating a survey to ask for community input. We are hopeful to have this survey sent out early next week. The Board will be setting up a special meeting to be held on June 1, 2022 in which the Board members will meet to rank applicants and set forth the list of applicants to interview. At that meeting the Board will select one of its members to contact the applicants and set up the interviews. The Board anticipates calling a special meeting on June 14, 2022 and June 21, 2022 to interview applicants for a first round of interviews. Following the first round of interviews, the Board anticipates holding a second round of interviews for finalists and deliberation on

applicants on July 11, 2022. It is anticipated that after the July 11, 2022 meeting, the Board will select a finalist and begin contract negotiations with that applicant. The Board will submit a new contract to you at that time for your review. After review and approval from you, the Board will publicly approve the new superintendent of the Monroe Township School District to the staff and community.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Re: Monroe Township Board of Education/ Acting Superintendent

Dear Mr. Anderson:

This firm represents the Monroe Township Board of Education. As you may recall, on November 10, 2021, Acting Commissioner Allen-McMillan granted the Board's request for Chari Chanley to serve as the District's Acting Superintendent from September 10, 2021 through February 10, 2022. The approval letter acknowledged that the Board had opened a search for a permanent superintendent and stated that the Board should contact you in the event it needed an extension of the Acting Superintendent position. The Board requested an extension on January 27, 2022, which was granted by Acting Commissioner Allen-McMillan in a letter dated February 9, 2022. That extension expires on May 11, 2022.

We now request an additional extension because the ongoing search for a permanent superintendent, which is being conducted with the help of the New Jersey School Boards Association, was re-opened. The Board expects to be presented with a new group of resumes at a special meeting on May 19, with an eye toward naming a candidate by June 30, 2022. As the Board will not be ready to name a new superintendent prior to May 11, 2022, the Board hereby requests an extension of the Acting Superintendent position for an additional three months as allowed by N.J.A.C. 6A:9B-13.1.

ATTORNEYS AT LAW

Thank you in advance for your prompt attention to this request. Please let us know if you need any other information in order to give this request favorable consideration.

Sincerely,

Temporary Board Secretary

May 9, 2022

I hereby certify that the following is a true and exact excerpt from the minutes of the Special Public Board of Education Meeting held on May 05, 2022, at which time a quorum was present:

A motion was made by Mr. Chiarella and seconded by Ms. Belko that the members of the Monroe Township Board of Education approve the following resolution extending the employment contract for Ms. Chari Chanley, Acting Superintendent of Schools, until June 30, 2022:

WHEREAS, N.J.A.C. 6A:9B-13.1 allows for extensions of such approvals for periods of three months; and

WHEREAS, as the search for a permanent Superintendent remained ongoing at the end of the first three-month period, upon the Board's request, the Acting Commissioner of Education extended the approval of the Acting Superintendent position for the period February 1, 2022 through May 11, 2022; and

WHEREAS, the search for a permanent Superintendent, which is being conducted with the assistance of the New Jersey School Boards Association, remains ongoing and the Board expects to be presented with a new group of resumes at a special meeting on May 19, with an eye toward naming a candidate by June 30, 2022; and

WHEREAS, in light of that timeline, the Board is in need of another extension of the approval of Ms. Chanley in the Acting Superintendent position.

NOW THEREFORE BE IT RESOLVED that the Board hereby authorizes the Board Attorney to request from the Commissioner of Education an extension of the approval of Chari Chanley in the position of Acting Superintendent for the period May 12, 2022 through August 12, 2022, or until a permanent Superintendent begins employment, if sooner.

I, Sarah A. Aziz, residing at 3 Launcelot Dr. Monroe Township, NJ 08831 request the School Ethics Commission to consider a complaint against the Respondent, Adi Nikitinsky whose home address is 1 Davino Dr. Monroe Township, NJ 08831, Respondent, Kenneth "Ken" Chiarella whose home address is 116 Pergola Ave. Monroe Township, NJ 08831, Respondent, Christine "Chrissy" Skurbe, whose home address is 21 Preakness Dr. Monroe Township, NJ 08831 and Respondent Karen Bierman, whose address is 3 Matano Dr. Monroe Township, NJ 08831 in accordance with the authority of the School Ethics Commission to entertain such complaints under N.J.S.A. 18A:12-21 et seq.

The facts upon which this complaint is based are as follows: *(Please print additional pages as needed. Students should be identified by initials only.)*

1. Statement of facts:

Board Members, Adi Nikitinsky and Ken Chiarella launched a false and defamatory attack against me on Facebook to retaliate against me for filing ethics complaints against them. Board President, Chrissy Skurbe and Board Member, Karen "Walka" Bierman, have participated in these attacks to retaliate against me for questioning the professional credentials and academic background of Ms. Skurbe's personal friend, Acting Superintendent Chari Chanley. In this attack, board members

Docket Number: _____

cited the work of a hate group to promote racist and Islamophobic tropes that create division in our diverse community and put Muslim families at risk.

In some cases, but not all, these board members fail to use the complete legal disclaimer required of board members, *"the following statements are made in my capacity as a private citizen, and not in my capacity as a board member. These statements are also not representative of the board or its individual members, and solely represent my own personal opinions."* (Exhibits A-K).

Background

On April 23 and 24, 2022, I posted on social media evidence that Ms. Chanley had abused the tuition reimbursement policy, receiving a total reimbursement of over \$30K for doctoral programs to three separate schools (Exhibits L, M, N, O). Over three years of reimbursement records are missing, although I made the OPRA request for them on March 8 and March 13. On May 3, I uploaded a file called "The Case Against Chari Chanley", which documented several misrepresentations Ms. Chanley has made about having or getting a doctorate (Exhibit P). These misrepresentations have been made in yearbooks, on her resume, and at the February 2022 meeting of the Monroe Township Board of Education, when she claimed to be working towards a doctorate when the evidence revealed she was no longer enrolled in a doctoral program at the time. On May 5, 2022, I gave a speech exposing Ms. Chanley's abuse of the tuition policy (Exhibit Q).

A few days later, on May 7, 2022, Mr. Nikitinsky launched an Islamophobic attack against me on Facebook, falsely claiming I was involved in an organization that "inspires terrorism". He posted several articles about the Council on American Islamic Relations (CAIR) claiming this organization was an anti-Semitic organization that promoted violence. Mr. Nikitinsky, Ms. Skurbe, Ms. Bierman, and Mr. Chiarella all implied that I was an anti-Semite who has launched a campaign against Ms. Chanley because Ms. Chanley is Jewish. Mr. Nikitinsky claimed I filed an ethics complaint against him because he is Jewish and Mr. Chiarella claimed I filed a complaint against him because his father was an "Italian Jew". I categorically deny that I am anti-Semitic. In fact, they have not produced evidence that I was even aware of their Jewish identity. They have not produced any evidence that I have ever done anything that could be described as anti-Semitic. Mr. Nikitinsky posted a link from the Middle East Forum website, Meforum.org, also known as "MEF" which falsely described me as an "Islamist" and listed my political contributions—but the names of political candidates were blurred out because it would have revealed that I made several political contributions to Jewish candidates (Exhibit R), including Connecticut politicians such as Andrew Fleischmann, a Connecticut state legislator (Exhibit S) and Nancy Wyman (Exhibit T) the first female Jewish Lieutenant Governor of Connecticut.

According to a study by Georgetown University, "The Middle East Forum is a right-wing anti-Islam think tank that spreads misinformation, creates "watchlists" targeting academics, and advocates hawkish foreign policy. MEF provides funding to numerous anti-Muslim organizations and has provided legal services to a number of anti-Muslim activists including Geert Wilders and Tommy Robinson." (Exhibit U).

Docket Number: _____

Representatives of the Council on American Islamic Relations (CAIR) and its chapters around the country have visited the White House and have amicable relationships with their state and local officials. Attached is evidence that NJ Lieutenant Governor, Sheila Oliver, attended a CAIR-NJ banquet last year (Exhibit V) as well as evidence that CAIR-CT has positive relationships with U.S. Sen. Chris Murphy (Exhibit W), and U.S. Sen. Richard Blumenthal (Exhibit X). In fact, Sen. Blumenthal, who is also of the Jewish faith, has worked with CAIR-CT to fight Islamophobia. In one case, Sen. Blumenthal grilled Sen. Jeff Sessions on his relationship with David Horowitz, the founder of an organization the Southern Poverty Law Center calls "the premier financier of anti-Muslim voices and radical ideologies" (Exhibit Y). David Horowitz is among those funded by the Middle East Forum, which is the organization Mr. Nikitinsky cited in his Islamophobic attack on me. Most certainly, all these government officials would not have these positive relationships with CAIR if CAIR was promoting terrorism or anti-Semitism.

Board member, Adi Nikitinsky, has engaged in promoting racist tropes on social media. Specifically, he cited the literature of a hate group to launch personal Islamophobic attacks against me because I filed an ethics complaint against him that interfered in his effort to use his public office for personal financial gain. Mr. Chiarella participated in this attack to retaliate against me for filing an ethics complaint against him. He has already offended the special needs community (C44-22) and the people of Appalachia (Exhibit Z) and it appears that he is now targeting the Muslim community by smearing their largest civil liberties organization as a front for terrorists. Alluding to me, board Member Karen "Walka" Bierman, also participated in this attack, claiming that "anyone associated" with CAIR would "lean towards intolerance". It should be noted that all of these board members are staunch supporters of former board member Peter Tufano, who was rebuked by the School Ethics Commission for language described by community members as "racist, vulgar, and hurtful" (C48-20).

Board President, Chrissy Skurbe, posted a quote from a propaganda hit piece against CAIR, implying that I have attacked Ms. Chanley because of some "deep seeded [sic]" hate against Jewish people when she failed to present evidence that I even knew Ms. Chanley was Jewish. Ms. Skurbe retaliated against me for exposing Ms. Chanley's dishonesty in yearbooks, dishonesty in her resume, as well as her dishonesty at the February 2022 BOE meeting.

Given that I have a lengthy public record condemning anti-Semitism and wishing the Jewish community well on their religious holidays (Exhibit AA-AD) as well as the fact that my former BOE running mate in 2020, Jacob Koppel Egierd, is Jewish, it was shocking to have board members publicly accuse me of anti-Semitism by citing the work of a recognized hate group. This is an attempt by board members to smear me, divide our community, and create culture wars.

The reckless and inflammatory statements made by these board members put my children and Muslim families at risk. Even using the legal disclaimer may not protect board members who make these kinds of egregious and damaging remarks. My son is now afraid he might become a target at school because board members have claimed that my family is associated with "Islamic radicals" that "inspire terrorism" and "hate Jewish people". Board members are trying to incite hatred and violence against me, which impacts my children. They are creating an atmosphere in which anti-Muslim rhetoric is acceptable. Their behavior creates a chilling environment,

Docket Number: _____

making Muslims fearful of joining their own civil rights organizations, lest they be linked with hate and violence by board members. Further, the actions of these board members promote a narrative that Muslim people and the civil rights organizations that represent them are inferior. If anything, board members should play a role in dispelling hurtful misconceptions about Muslims and the main civil organization that represents them (Exhibit AE). Instead, board members are dividing the community attempting to fracture the bonds that exist between Muslim and Jewish people in Monroe Township.

Four board members—Chrissy Skurbe, Ken Chiarella, Karen “Walka” Bierman, and Adi Nikitinsky—were involved in a coordinated attack on me to retaliate against for exposing their abuses of power. This coordinated attack is intended to cause my family emotional distress and potential physical harm.

I call on the School Ethics Commission to urgently sanction Adi Nikitinsky, Ken Chiarella, Chrissy Skurbe, and Karen Bierman for spreading lies and misinformation about me which put my family, and other Muslim families, at risk. They should also be sanctioned for promoting racist and Islamophobic tropes that undermine efforts to create a safe and tolerant community in Monroe Township.

Date of occurrence: May 7, 2022- May 9, 2022

I assert this to be a violation of: 18A:12-24.1 (b) “I will make decisions in terms of the educational welfare of children and will seek to develop and maintain public schools that meet the individual needs of all children regardless of their ability, race, creed, sex, or social standing.” By publicly citing the work of anti-Muslim hate group, these board members cannot be entrusted to make decisions for the educational welfare of its students of the Muslim faith. I assert this to be a violation of: 18A:12-24.1 (e) “I will recognize that authority rests with the board of education and will make no personal promises nor take any private action that may compromise the board.” By failing to use the complete legal disclaimer, board members have compromised the board by giving the impression that the board sanctions and legitimizes the work of a hate group.

WHEREFORE, I, as Complainant, request that the School Ethics Commission find and determine that the above-named Respondent(s) has violated the School Ethics Act and that he or she be subject to such penalty as provided by the Act.

The following tuition analysis (Part 2) was conducted by various individuals familiar with both the Rowan doctoral program, the Rowan Ed.D. Handbook, the Rowan Dissertation & Completion Guide, Chari Chanley's contract (all have been posted here separately):

At the February 2021 BOE meeting, Ms. Chanley states:

"I then moved to New Jersey and years later started a program..a doctoral program at Rowan University alongside Dr. Alvich, who is a colleague, alongside Dr. Gorman, alongside many of the others. And I made the decision to open MY middle school. And when I opened my middle school I put my doctoral program- every credit was completed. I then had the equivalent of two doctorate degrees and I am called All But Dissertation. After which I put it on the backburner so I could properly open that middle school and I will tell you I did it successfully."

The middle school Ms. Chanley refers to as "hers" was previously named Applegarth Middle School at the time. She became principal at that middle school in 2009. It became Monroe Township Middle School in 2011, with the move to a new building. However, the Rowan Ed. D. Program began in 2008. A lot of history is running together here. These are the facts:

Connecticut lawmakers moved closer on Monday toward requiring the state's school districts to teach students about the Holocaust and other genocides, voicing concern about an uptick in anti-Semitic acts and an apparent lack of knowledge among many young people about such atrocities.

While the state Department of Education has made an optional course on genocide available to districts, legislators said many have not used it.

The House of Representatives voted 147-0 in favor of the bill following a somber and poignant debate. The measure previously cleared the Senate and now moves to Democratic Gov. Dannel P. Malloy's desk.

Under the legislation, local and regional school boards must include the topic in their social studies curriculum beginning with the 2018-19 school year. It is estimated the mandate could cost districts less than \$5,000, but the legislation allows local school officials to use free, online resources and to accept grants and donations to cover the cost.

Last year, the General Assembly passed legislation making the commission of a hate crime a felony instead of a misdemeanor. Violence and threats based on a person's gender also were deemed hate crimes. The state's previous law only protected gender identity or expression, not gender.

Various hate crime-related acts have occurred in Connecticut in recent years, including a man who fired a rifle at a mosque, swastikas painted at a high school and Nazi pictures sent to a synagogue.

Alan Levin, the regional civil rights chairman of the Connecticut Anti-Defamation League, told lawmakers last year that acts of anti-Semitic crimes had increased 34 percent nationally from 2015 to 2016, while they increased 68 percent in Connecticut during the same time period.

Democratic Rep. Derek Slap of West Hartford told his colleagues about how last weekend he attended the funeral of his grandfather, a Jewish Russian immigrant. After coming to the U.S., Slap's grandfather returned to Europe as an American soldier during World War II and helped to liberate Paris. He also served in the Battle of the Bulge. While he did not speak about his war experiences, he implored his grandson to "never forget,"

State Comptroller talks about run for Lt. Governor

By

Judie Jacobson

Nancy Wyman received the Democratic endorsement for Lt. Governor at the party's convention in April, running on a ticket with gubernatorial candidate Dan Malloy. Malloy and Wyman will face Ned Lamont and running mate Mary Glassman in the August 10 primary.

The first woman elected State Comptroller since the office was created in 1786, Nancy Wyman is the chief fiscal guardian for Connecticut's taxpayers. Wyman, first elected statewide in 1994 and re-elected in 1998, 2002 and 2006, is responsible for paying the state's bills, keeping its books and representing the taxpayers in state fiscal matters. Prior to her election as state comptroller, Wyman served as state representative (1987-1995) from the 53rd District. She was House chairperson of the Education Committee and chairperson of the Appropriations Subcommittee on Elementary and Secondary Education. From 1979-1987, Comptroller Wyman served on the Tolland Board of Education and was Vice-Chairperson for four of those years.

A native of Brooklyn, N.Y., Wyman and her husband, Michael, have lived in Tolland since 1973. They have two daughters and sons-in-law and five grandchildren.

Recently, Wyman visited the offices of the Ledger in West Hartford

Q: First, you're very active in Jewish life in the Hartford area. You have a special friendship with Rabbi Wolvovsky of Chabad of Glastonbury. How did that begin?

A: One of my favorite stories is about the time Dick Blumenthal and I were at a meeting of Hadassah on the Sunday right before Rosh Hashanah. It was at the theater in Waterbury and there was a rabbi there to oversee the preparation of the food and I said hello. Then it was my turn to speak and I was talking about the holiday coming up and I said that I had taken a few hours off the day before to make my soup for the holiday – and I realized that the rabbi was standing in back of me and that the day that I cooked it was Saturday. So, I said to the rabbi "Excuse me, I'm really sorry about that." And everyone laughed and I finished my speech and went back to talk to the rabbi. The rabbi was Rabbi Wolvovsky [of Chabad Jewish Center of Glastonbury]. And he said, "You know, there are two things that Jewish mothers say you must have: guilt and gelt." And, he said, "I don't know about the gelt, but, boy, do you have the guilt."

Q: How did you get into politics?

A: I have two daughters and I did not like the way things were going in our school system. And I just thought we should impeach the board of education. I knew nothing about politics, but I knew someone who was supposed to be involved with politics and I called him up and said I'd like to impeach the board of education. And he said "You mean the Republicans?" and I said "No, I mean the whole board of education." The next thing I knew I was at a caucus. I didn't understand the political things: I didn't know what a Democratic or Republican town committee was, all I cared about was I was going to go in and change the way the school was. But I went ... and I ended up running for the board of education. I stayed on the board

Q: Why did you decide to run for Comptroller?

A: I wanted that job because of my involvement in the budget. I just felt that there should be somebody in command who wanted to talk about how we handled the budget and changing some of the state's budgetary matters. I looked at the position and said we can do a lot here to change things and we need to change things and we need somebody who is vocal. I have truly loved my job.

Q: What is the state of the state today, in terms of the budget

A: Well, that is the reason I'm probably taking this next step. Here is what needs to be done: First of all, we need honesty in budgeting and we need to tell people where we stand. I have been talking about structural deficits for years now – that we have to take care of the hole in the budget. Let's stop playing games. Let's be honest. People must understand that there are only three things you can do to take care of fiscal problems: one, cut spending; two, borrow; three, implement revenue enhancers, better known as tax increases. But stop filling the holes with one-shot deals. And that's what's been going on. We've taken surplus money that we did have years ago, and we've been filling the holes with that surplus money; we've been using that for ongoing services. You can't do that because, as you know, now there are no surpluses. And, as we've been seeing for the last couple of years, the revenues coming from the federal government are being used to fill the holes for money that we don't have – for ongoing services. You can't do that. You must either cut those services or curtail the growth of state government or you tell the people that you will have to increase taxes.

Now we've been borrowing and that's a terrible thing for us to be doing right now. That's why the next governor walks in with about a \$3.5 billion deficit. There's a new report that just came out that talks about our pension plan. Our pension plan is probably one of the worst in the country and that's because all we've done is give early

of years they've decided that they won't even put money into the pension plan. They've delayed putting \$100 million dollars into it last year; they want to delay it again this year. You let people retire early so it's going to cost you more money...and then you don't put money into the pension plan. It doesn't work.

You cannot cut state budgets with an axe. Because no matter what anyone says the state is not a business, it's a service organization. We are not here to make a profit. We are here to do what government is supposed to do for people. That's all it's supposed to be doing. And we're not doing that in our state.

Q: Why did you choose to run with Malloy?

A: I would have had a very easy election as Comptroller. They didn't really have anyone running against me. But you don't always take the easy road. You take the road that you believe in, and because of the problems that are coming up right now I think I bring things to this ticket. And I believe that Dan Malloy is the one person who has a proven record. I've looked at both sides, and he is the person who I think can turn things around. I believe in him and we will really be a partnership. He understands that we have to be honest to the people in this state. And we're ready to roll up our sleeves on the day we walk into office. It's going to take awhile to get the state right. We're a good team and I'm hoping that the people of the state of Connecticut will realize that Dan is the person to take this job over.

Q: What are some of the other issues as you see them?

A: We've got to talk about jobs and the fact that we don't have enough jobs in the state right now. We've got to talk about educating our kids so that they're ready to take over the jobs we do have. We have to talk about supporting small business because they are the engine to grow jobs in this state, which we haven't been doing. We need these small businesses to grow. Health care. They were going out to bid for pharmacy. We said "come and join the state plan. You don't have to use the same benefit level, but let us purchase your pharmacy benefit." We've now saved \$3 million for that changeover. It's time to use the state as a friend to businesses; helping municipalities out in buying healthcare to lower the property tax. We've got to concentrate on individuals – the small businesses – and health care is a big factor. We in the state have the power to buy and we should be using that to help businesses along – not big brother coming in and taking over – but giving them alternatives. The baby boomers are coming. What are we doing about Medicaid. The population is aging. We have to keep people out of nursing homes and in their homes. It's cheaper in the long run. We have to pay for prevention and keep people healthier, because then you save money.

There are so many things that we should be doing that we're not doing.

MEF provides funding to numerous anti-Muslim organizations and has provided legal services to a number of anti-Muslim activists including Geert Wilders and Tommy Robinson.

The Middle East Forum (MEF) is a [non-profit organization](#) led by [Daniel Pipes](#), that "promotes American interests in the Middle East and protects Western values from Middle Eastern threats." It [views](#) the Middle East as an amalgam of "dictatorships, radical ideologies, existential conflicts..." and focuses on ways to defeat "radical Islam" abroad and "lawful Islamism" domestically. It pursues these [goals](#) through policy recommendations, public lectures, television appearances, and [distributing](#) about \$2 million annually in grants. The Center for American Progress [describes](#) the MEF as a "controversial far-right think-tank that is known for its anti-Islam views and hawkish foreign policy recommendations."

According to [2018 tax filings](#), the total functional expenses for the MEF were \$5,195,431. The organization has provided hundreds of thousands of dollars in grants to a number of anti-Muslim groups. In 2012 and 2013, MEF gave nearly [\\$2.5 million](#) to the [Gatestone Institute](#). In 2015, MEF provided \$100,000 to [Center for Security Policy \(CSP\)](#) and \$10,000 to the [David Horowitz Freedom Center \(DHFC\)](#). MEF has also [provided grants](#) to the [Investigative Project on Terrorism](#) and the [American-Islamic Forum for Democracy \(AIFD\)](#).

In [2016](#) and [2018](#), MEF gave \$40,000 and \$25,000 respectively to the [Endowment for Middle East Truth \(EMET\)](#), a "think tank and policy center with an unabashedly pro-America and pro-Israel stance" that provides briefings to Congress. Pipes, along with [Frank Gaffney](#) of CSP, are [members](#) of the organization's advisory board. In the same year, MEF gave another \$38,000 to Defending America for Knowledge and Action (DAFKA), an organization headed by Lee Kaplan, an [investigative journalist](#) and contributor to [Front Page Magazine](#), a project of the DHFC.

The MEF has received millions of dollars from Donors Capital Fund (\$6,768,000), [William Rosenwald Family Fund](#), Middle Road Foundation, and [Abstraction Fund](#). These groups have also funded [Investigative Project on Terrorism](#), [Clarion Project](#), the [DHFC](#), [CSP](#), [Jihad Watch](#) and the [AIFD](#).

The MEF and Pipes were cited numerous times in Anders Breivik's manifesto detailing the far-right mass murderer's motivations for his July 2011 attack that resulted in the death of more than 70 Norwegians. Other individuals cited in the manifesto were [Frank Gaffney](#), [Steven Emerson](#), [Pamela Geller](#) and [Robert Spencer](#).

The MEF has a number of projects including [Islamist Watch](#), [Campus Watch](#), [The Legal Project](#), [Shillman/Ginsburg Writing Fellowship Program](#), [Jihad Intel](#), [Campus Speakers Bureau](#) and [Washington Project](#).

[Islamist Watch](#) was created to stop "Islamists" in the West "quietly, lawfully, [and] peacefully ... [imposing] aspects of Islamic law, win[ning] special privileges for themselves, shut[ting] down criticism of Islam, creat[ing] Muslim-only zones, and depriv[ing] women and non-Muslims of their full civil rights." It seeks to "widen the 'war on terror' from violent extremists to non-violent extremists" and pursues its goals through a number of avenues including "think tank research, textbooks, campus activities, the media, philanthropy, political lobbying, lawsuits, [and] feature movies." An October 2019 piece by Dr. Andreas Krieg stated that "arguments about 'Islamism' have always been rooted in a racism and irrational fear that conceives of the Muslim world as a flat surface to be treated as a threat—this hasn't changed." The article also argued that many western right-wing groups "make a living out of Islamist fear mongering," and specifically noted that MEF has received money from the United Arab Emirates (UAE) to host politically-motivated events.

[Islamist Watch](#) contains a compilation of "extensive profiles of organizations, activists and clerics belonging [to] various Islamist networks." Among the organizations listed are the [Council on American-Islamic Relations](#) (CAIR), the largest Muslim civil liberties organization, the [Muslim Public Affairs Council](#), and the [Muslims Student Association](#). CAIR has disputed such claims, but [Islamist Watch](#) continues to accuse it and other organizations of trying to infiltrate the U.S. and impose Islamic law, perpetuating the anti-Muslim trope that Islam is a political ideology that seeks to dominate the West through "stealth jihad," rather than a religion.

[Campus Watch](#) "reviews and critiques Middle East studies in North America, with an aim to [improve] them" by critiquing the "teaching and scholarship of academic specialists." The project has been criticized by the Middle East Studies Association for its "defamatory attacks on educators and researchers in the field."

In November 2002, [Campus Watch](#) was involved in a controversy over its "blacklisting project" whereby it "posted 'dossiers' on eight scholars who ... criticize US foreign policy and the Israeli occupation." In response, approximately 100 professors asked to have their names added to the list in opposition to the project. The "dossiers" were subsequently dropped from the page. However, [Campus Watch](#) continues to keep a list of recommended "Professors to Avoid" and a list of the professors who stood against the dossiers in 2002 under the title "Solidarity with Apologists."

The goal of [Jihad Intel](#) is to educate "law enforcement and the general public with intelligence on radical Islam and Islamic terrorist groups" and to provide "local and state police with tools to connect the dots before major terrorist incidents."

The [Legal Project](#) seeks to "protect researchers and analysts who work on the topics of terrorism, terrorist funding, and radical Islam from lawsuits designed to silence their exercise of free speech." In 2006, The [Legal Project](#) defended [Steven Emerson](#) in a lawsuit mounted against them by The Islamic Society of Boston, which alleged he and 16 others "waged a media war against the project." The lawsuit was later withdrawn, however, in June 2011, Dutch anti-Islam politician, [Geert Wilders](#) was acquitted of inciting hatred against Muslims. Wilders thanked the [Legal Project](#) for their "help, advice and [assistance]," and the [Legal Project](#) acknowledged that it "worked on Wilders' behalf and has raised substantial funds for his defense."

In 2018, MEF stated it provided the funding for British anti-Muslim activist's, [Tommy Robinson](#), legal defense through its [Legal Project](#). Additionally, MEF organized two "Free Tommy" rallies, one of which turned violent. The think-tank also covered the travel costs of Rep. [Paul Gosar](#) (R-AZ) who spoke at one of the rallies in London.

[Washington Project](#) attempts to influence "U.S. policy ... through intensive in-person contacts in the capital." Its 2017 agenda included narrowing the definition of "Palestinian Refugee," increasing extreme vetting of Muslim immigrants, "defeating radical Islam," teaching law enforcement about Jihad, and improving [Countering Violent Extremism](#) (CVE) programs.

In recent years, MEF has expanded its focus when it comes to international campaigns. In September 2020, MEF announced that it had played a "key role" in influencing the Department of Justice's decision to designate AJ+, a US-based subsidiary of [Al Jazeera](#) media network, to register as a foreign agent under the Foreign Agents

Registration Act (FARA). In response, *Al Jazeera* [condemned](#) the decision stating it "appears the designation was a precondition of the United Arab Emirates (UAE) to ["normalise" diplomatic ties](#) with Israel." MEF [stated](#) that the designation was a result of a "multi-year effort by the Middle East Forum to counter Qatar's toxic influence campaign in the U.S. through its media arm," and [described](#) the gulf kingdom as a "a malign Islamist influence across the globe."

MEF has continued to lead campaigns to restrict academic freedoms. In a September 2020 email sent to MEF's listserv, Gregg Roman, the director of MEF, stated the organization had "spurred federal investigations of Middle East Studies programs, working with the White House, Department of Education, and Congress to hold to account: (i) the [Duke/University of North Carolina](#) consortium for Middle East Studies; (ii) [Georgetown University](#); (iii) the [University of Arizona](#); (iv) the [University of California at Berkeley](#); and (v) [Yale University](#)." A September 2019 [piece](#) in the *New York Times* focusing on the government's inquiry into the Duke-UNC Consortium for Middle East Studies described the investigation as "part of a far-reaching investigation into the program by the department, which under Betsy DeVos, the education secretary, has become increasingly aggressive in going after perceived anti-Israel bias in higher education." A September 2019 [piece](#) in *Inside Higher Ed* stated that the Middle East Studies Association (MESA) joined with 17 other scholarly associations and wrote a letter expressing "considerable concern and surprise" regarding the department's intervention at UNC/Duke. The letter [stated](#), "Your letter, in tone and content, suggests an intention not only to significantly narrow the scope of Title VI activities, but also to micromanage them."

MEF's research has been used to pursue politically-motivated campaigns targeting Muslim humanitarian organizations and organizations that entered into partnerships with them. In May 2020, Sam Westrop, Director of MEF's *Islamist Watch*, [claimed](#) that [InterAction](#), the largest alliance of international NGOs and partners in the United States whose members include the American Red Cross, Islamic Relief USA, Oxfam America, and Save the Children, "works to lobby Congress on behalf of dangerous, bigoted Islamist charities tied to extremism and terror." In 2017, InterAction [launched](#) the Together Project, to "confront discrimination or targeted prejudicial regulations in the U.S. due to their operating principles or religious faith." Westrop [alleged](#) that the project was really "a coalition of extremist-linked Islamist charities that work together under an InterAction banner," with the "implicit goal...to stifle criticism of Islamist charitable fronts and undermine terrorism-finance laws."

MEF has led numerous campaigns targeting Islamic Relief Worldwide, an international aid agency that provides humanitarian relief and development programmes in over 40 countries, [repeatedly](#) accusing the humanitarian relief agency of being tied to and/or supporting terrorism. The Charity & Security Network has [noted](#) that Islamic Relief has "been audited more than 500 times, none of which found any evidence to support these allegations" made by MEF as well as a number of other anti-Muslim organizations. A 2018 [article](#) in *Civil Society News* involved an interview with then-chief executive of IRW, Naser Haghamed, who [stated](#) the audits took place in the last 10 years. In regards to the accusations of ties to terrorism, Haghamed [stated](#), "we abhor terrorism and categorically deny any links with any terrorist organisation or individuals. We have lost staff to acts of terror and violence in many parts of the world - this has made us more determined to ensure that aid reaches its intended recipients and doesn't fall into the wrong hands."

In recent years, MEF has also produced commentary and been actively involved in the growing [anti-Muslim movement](#) in India. In the September 2020 [email](#) from MEF to its supporters, Roman stated the organization had provided [research](#) for a case in [India's Supreme Court](#). The case in question regards a t.v. show by Sudarshan News titled "UPSC Jihad," a t.v. program [claiming](#) to reveal how Muslims are "infiltrating government service." A September 2020 [piece](#) in *Newslandry*, [noted](#) that many of the claims in the show "have been borrowed from an [article](#) that appeared in *Firstpost* in late August," authored by Sam Westrop of MEF. In the August 2020 article, Westrop [claims](#) "radical Islamism makes use of international networks of support, and relies on infrastructure closely intertwined with civil society," and that today "western Islamist charities, funded by western governments and linked to international Islamist movements...operate throughout India."

In February 2021, the Indian American Muslim Council (IAMC) [issued](#) a statement responding to the "ludicrous attacks" from MEF and its "Hindu American nationalist allies." The statement [said](#) "Hindu nationalist front organizations in the US have entered into a collaboration with MEF, in order to blunt the impact of IAMC and other organizations advocating for the defense of human rights and religious freedom in India." The statement was in response to an article published in the *Sunday Guardian Live* by Benjamin Baird, who works for MEF's *Islamist Watch* project, in which he [claimed](#) that IAMC had "forged allegiances with Islamists, including extremists with ties to murderous terrorist groups." An earlier [piece](#) in December 2020 by Westrop [published](#) in *Newsweek* also accused IAMC of being an "Islamist group" with ties to "terrorist organization in India."

In a December 2017 [email](#) to the organization's listserv, Pipos discussed "Extreme Vetting of Muslim Immigrants," and announced that the MEF had "produced a detailed plan to identify and weed out Islamist immigrants, differentiating them from moderate Muslims." Additionally, he stated that MEF had [met with](#) "eight senior Trump

administration officials and the House and Senate committees on Homeland Security to discuss implementation of the plan," and that "a congressional bill is in the works." A June 2017 piece in the *Guardian* [noted](#) that legal experts warned that "extreme vetting" measures were giving rise to "discriminatory conduct by government officials, unlawful searches at border checkpoints and other constitutional violations."

MEF employees have been involved in a number of legal proceedings as a result of their claims and conduct. In 2014, Westrop served as director of an organization called [Stand for Peace](#), which published a piece on October 27, 2014 [falsely accusing](#) Mohamed Ali Harrath, the founder and CEO of the *Islam Channel*, of terrorism. In 2017, a British court [ordered](#) Westrop to pay £140,000 in libel damages. The Judge in the case [observed](#) that: "There was simply no evidence to support the allegation of terrorism" and stated that "the sum awarded should be such as to leave interested onlookers in no doubt as to the baselessness of the Defendants' charge against him." A 2017 [piece](#) in *Middle East Eye* noted that over the last few years Stand for Peace had "launched a stream of scathing attacks against Muslims...many of them well-known Islamic charities and other prominent figures."

In October 2019, Patricia McNulty, the former acting director of development/program director at the MEF [filed](#) a complaint against the MEF, Pipes, Roman, and Matthew Bennett, citing "discrimination, harassment, retaliation, and the hostile work environment" which ultimately led to her "unlawful termination." A November 2019 [piece](#) in the *Pennsylvania Record* notes that McNulty "claims she was paid more than \$34,000 less per year than her male counterpart with the same job in addition to being subjected to sexual assault and harassment by her male supervisor." The lawsuit [stated](#) that Roman sexually assaulted McNulty, and that throughout her employment McNulty would have to contend with Roman's "inappropriate sexually suggestive conduct and comments."

There have been a [number](#) of other [lawsuits](#) alleging employment discrimination against the MEF, Pipes, Roman, and Bennett, including one [filed](#) by Lisa Barbounis, who was listed as a witness in McNulty's lawsuit. The lawsuit [stated](#) that Barbounis, who held the title of Executive Liaison at MEF, was subjected to a "campaign of sexual harassment and abuse" by Roman. It also stated that "because of the severe discrimination and harassment" to which he subjected Barbounis to, Roman "was forced to discontinue visiting MEF headquarters" in Philadelphia.

WESTFIELD, NJ — Another drawing of a swastika was discovered in one of the bathrooms at Westfield High School during lunch, according to a message from Principal Mary Asfendis.

This is not the first time a swastika has been scrawled at Westfield High School, and Asfendis said the school is currently investigating the incident and looking for the person, or persons, responsible.

Westfield Police said the swastika was drawn in pencil in a first-floor girls bathroom and was under approximately 2 inches square. Sgt. Michael Walsh said it has since been removed.

Dispelling Rumors About CAIR

"CAIR exists to uphold the right to liberty that Americans are guaranteed under the Constitution. We will challenge any attempts to erode constitutionally-protected liberties. We will also continue to work to ensure that American Muslims play a positive and productive role in our society." - Former CAIR National Board Chairman and retired North Carolina State Senator Larry Shaw, March 2009.

CAIR, its staff, and its board members are honored to have received at least 80 awards and recognitions during the 2011-2016 period. (<https://www.cair.com/about-cair/endorsements-awards-recognitions/>) Seventeen U.S. Senators and 85 U.S. Representatives from both sides of the political aisle have praised the organization in that same period.

Despite this significant praise, a series of urban legends surround the organization. The fact that we come under attack by anti-Muslim extremists is no surprise to anyone who works for positive social change. All proponents of justice have faced similar attacks designed to silence their voices. It is our view that the attacks against us are an indicator of the effectiveness of our advocacy.

This document summarizes the most common of these false attacks and our responses.

- ▶ Urban Legend #1: CAIR is part of a conspiracy, sometimes alleged to be a plot hatched by the Muslim Brotherhood, to infiltrate the U.S. government and subvert the U.S. Constitution. ()
- ▶ Urban Legend #2: The inclusion of the organization on a list of more than 300 unsanctioned co-conspirators in the Holy Land Foundation (HLF) trial implies that CAIR is somehow nefarious. ()
- ▶ Urban Legend #3: CAIR is "the Wahhabi lobby," a "front-group for Hamas," a "fund-raising arm for Hezbollah," or "part of a wider conspiracy overseen by the Muslim Brotherhood." ()
- ▶ Urban Legend #4: The organization may condemn terrorism and extremism in a broad sense, but it is laying groundwork for anti-American extremism. ()
- ▶ Urban Legend #5: Rather than praise the conviction of the perpetrators of the 1993 World Trade Center bombing, CAIR or Nihad Awad deemed it "a travesty of justice." ()
- ▶ Urban Legend #6: CAIR receives foreign money. ()
- ▶ Urban Legend #7: CAIR Executive Director Nihad Awad publicly declared support for Hamas at Barry University in Florida in 1994, saying: "I'm in support of the Hamas movement." ()
- ▶ Urban Legend #8: Former CAIR employees and board members have been arrested, convicted, deported, or otherwise linked to terrorism-related charges and activities. ()
- ▶ Urban Legend #9: The FBI severed outreach ties with CAIR in October 2008. ()

The following tuition analysis was conducted by various individuals familiar with both the Rowan doctoral program, the Rowan Ed.D. Handbook, the Rowan Dissertation & Completion Guide, Chari Chanley's contract:

This is a clip of Ms. Chanley's speech at the 2/16/22 BOE meeting:

<https://www.youtube.com/watch?v=ncxSRacEZFI>

The best way to identify a lie is to look at the timeline in question.

According to Mrs. Chanley's Timeline from the Feb. 16th Board of Education Meeting:

"I have all of the coursework for a Doctorate Degree from Florida Atlantic University, and no I did not defend because I decided to move to my husband's hometown...That time 18 years ago they would not support an online dissertation', which is ridiculous. But that was a fact. They asked me 'If you would like to finish your doctorate you must fly home once a month. I had a seven-year-old and a four-year-old, so I made the decision to forgo every one of those almost 90 doctoral credits."

According to the actual enrollment record, Ms. Chanley was enrolled in Florida Atlantic University from 5/6/1996 to 12/8/2006. She was awarded a "Specialist in Education Degree on 5/5/2000.

Chanley began her work as a Middle School Assistant Principal for Monroe in 2003. She received tuition reimbursement from Monroe for the Fall 2003 semester of FAU for three credits in the amount of \$676.46. She describes the coursework as "Doctorate Level Class- Survey of Admin. Practices at Middle School Level." The class code is EDA 6905. According to FAU: "This course is for advanced graduate students wishing to engage in independent study under the direction of a faculty member. Prerequisites: Admission to master's program and permission of instructor."

In the Spring of 2006, she requested and received reimbursement in the amount of \$1,305.00, for 3 credits at \$435.00 each. The coursework in question is DIS. Survey of Ed. Leadership "Dissertation". The class code is EDA 7905-017. According to FAU: "This course is for advanced graduate students wishing to engage in independent study under the direction of a faculty member. Prerequisite: Permission of the instructor." This was another independent study course. The actual name of the course is "Doctorate Directed Independent Study."

In the fall of 2006, she was approved for reimbursement for 3 credits from FAU. She is also still the assistant principal. The course code is also EDA 7905, and the coursework is described as "Dis-Doctorate Directed Independent Study." At this point the Assistant Superintendent of

Personnel, Dr. Edward J. Forsthoffer who signed off on this reimbursement approval document notes “Good luck!” on the form, apparently believing she would obtain her Doctorate after that semester.

In the fall of 2007, she was reimbursed in the amount of \$1,248.00. It’s unclear what courses this reimbursement is for—the documentation is incomplete. .

At the 2/16/22 BOE Meeting, Ms. Chanley made it seem that she was close to defending her doctorate in Florida, but could not due to a family emergency which necessitated her move to NJ in 2003.

FAU no longer has an Ed. D. program, only PhD. However, from an FAU Ed. D. Program Description from 2009, the Dissertation course is 15 credits, “EDG 7980 Dissertation.”

If she, as she contends, was nearly complete with her doctoral program, why was she taking purely elective, self-directed courses from FAU, for three years after she moved to NJ, and not the dissertation course?

If I were to speculate, these choices suggest Ms. Chanley found early on the value of being “enrolled” in a doctoral program, and identified low-impact ways of maintaining her enrollment in lieu of completing her program. It appears that Ms. Chanley has advanced herself to the Acting Superintendent level based on the appearance that she is just about to achieve a doctorate when she was not doing the work necessary to achieve a doctorate.

At the February 2021 BOE meeting, Ms. Chanley states:

*“I then moved to New Jersey and years later started a program..a doctoral program at Rowan University alongside Dr. Alvich, who is a colleague, alongside Dr. Gorman, alongside many of the others. And I made the decision to open my middle school. And when I opened my middle school I put my doctoral program- every credit was completed. I then had the **equivalent of two doctorate degrees** and I am called All But Dissertation. After which I put it on the backburner so I could properly open that middle school and I will tell you I did it successfully.”*

The middle school Ms. Chanley refers to as “hers” was previously named Applegarth Middle School at the time. She became principal at that middle school in 2009. It became Monroe Township Middle School in 2011, with the move to a new building. However, the Rowan Ed. D. Program began in 2008. A lot of history is running together here. These are the facts:

In the Fall of 2008, she was reimbursed for \$3,887.54. The form specifies Rowan charges \$560 per credit. She was reimbursed for 6 credits, i.e. two courses. These courses were Leadership Theory and Organizations as Cultures: Theory and Application. This is Phase 1 of Rowan's Ed. D. Program.

In the Spring semester of 2009, Ms. Chanley's reimbursement forms note that the two courses she took are: Changing Organizations and Research Literature Analysis and Writing in Education Leadership. These two courses are considered to be Phase 1 of the Ed. D. Program. At this stage, it looks like she is following the program as it was intended.

In Spring 2009, a local newspaper article described her academic background as: "Chanley has nine years of middle school administrative experience, including three as assistant principal at Southport Middle School in Port St. Lucie, Fla. She also taught middle school for seven years, and **has been a doctoral student** in Educational Leadership at Rowan University and in K- 12 Administration at Florida Atlantic University."

There is no record of further reimbursement for coursework for Fall 2009, Spring 2010, and Fall 2010. In other words, we have no record that "Phase 2" of the Rowan Ed. D. Program was completed, or at the very least, reimbursed. Perhaps this is the "backburner" that Chanley referred to.

In Spring 2011, Ms. Chanley filed reimbursement for 12 credits for \$7,083.39. Each course labeled "Dissertation Research" is considered to be part of "Phase 3" of the Ed. D. program. For this course Rowan notes "Students may register for all 12 credits at once or may register in four credit increments for three consecutive semesters including summer. **Dissertations must be completed within three years of passage of the second benchmark.**"

It is important to note that by this semester, Dr. Dori Alvich successfully defended her dissertation and earned her doctorate by this point, as well as Dr. Jeff Gorman. Ms. Chanley's total reimbursement for this semester totaled \$7,083.39.

For the Fall of 2011, Ms. Chanley was reimbursed \$830.00 for 1 credit for the course Dissertation Research on 1/11/12. She received another \$600 tuition payment on 1/23/12 but it is unclear which term this payment relates to.

Spring 2012, she requested reimbursement for 1 credit called Dissertation Research, \$830.

Fall 2012 she requested reimbursement 1 credit for Dissertation Research in the amount of \$870.

Spring 2013, same story--one credit for Dissertation research, which she requested reimbursement for \$840. Ms. Chanley approves of the yearbook advisor referring to her as “Dr. Chanley” in that yearbook. She will continue to appear as “Dr.” until 2018. Ms. Chanley registers her name for the Rowan Commencement ceremony for an Ed.D. degree.

There is no record of any coursework in 2014. She is printed as “Dr. Chari Robynne Chanley in the yearbook,” **and has registered for Rowan’s Commencement program.**

Fall 2015. Despite Rowan’s record of enrollment, we could not locate the accompanying tuition reimbursement forms. **Ms. Chanley registers her name for the Rowan Commencement ceremony for an Ed.D. degree.**

Spring 2018 Tuition Reimbursement in the amount of \$702. **Ms. Chanley registers her name for the Rowan Commencement ceremony for an Ed.D. degree.**

Fall 2018 Tuition Reimbursement request in the amount of \$1,950.00 (not Rowan, but Liberty University.) Note that even though she was previously enrolled in a Doctoral Program with Liberty University, she did not mention this when she spoke at the 2/16/22 BOE Meeting.

We continue that same year with Tuition Reimbursement for Spring 2019 in the amount of \$702.00. No credit amount specified, nor is it clear that these credits are from Rowan or Liberty. However, we do know that she was enrolled in both programs at the same time.

Despite no record of Spring 2021 reimbursement, Ms. Chanley registered for her name to appear on the Rowan Commencement ceremony that year.

Summer 2021 1 Credit for Rowan \$757.50

On her resume she submitted in her application for Acting Superintendent, she gives an anticipated graduation date for the Rowan Ed.D. Program as December 2021. No degree or doctorate was conferred in December 2021.

For Fall 2021, she requested reimbursement for 1 Credit from Rowan in the amount of \$852.00.

According to Rowan University:

“Candidates may be required to complete additional dissertation research credit hours if they find they have not completed the dissertation after the initial 12. The committee will decide when the candidate is ready to defend their completed dissertation to their committee. Successful completion of the Ed.D. program will result in a minimum of 60 credit hours taken by

the candidate. Additional dissertation research credit hours may result in more than 60 credit hours. **Students are required to maintain continuous enrollment until completion of the program.** Given this requirement, students must discuss graduation expectations with their dissertation chair so that they can balance the need to be continuously enrolled, **the challenges of paying for numerous credits in one semester**, and financial aid eligibility requirements. Note that the dissertation chair can only guide students" on their dissertation; it is the student's responsibility to gather all the information and make informed decisions about the financial aspects of his/her program." (Rowan Ed. D. Handbook)

"Registering for Dissertation Credits: Starting the semester after the completion of Dissertation Seminar II, students are eligible to begin registering for dissertation credits. The program requires a minimum of 12 dissertation credits and you must **maintain continuous enrollment while in the dissertation phase. If you do not complete after taking the minimum 12 credits, you will have to register and pay for additional credits. You will work with your Chair and the Program Coordinator/Advisor to complete your registration for the appropriate number of dissertations credits each term once you have completed all required coursework. You are required to be registered each fall and spring (summer is optional) until you are finished.** When you begin work on your dissertation, you will need to email the Advisor/Program Coordinator at least 2 weeks prior to the start of **each semester** to request registration." ("QUICK GUIDE: Important Steps and Information for Dissertation Completion and Graduation").

Ms. Chanley maintains her enrollment with Rowan University with the minimum of one credit. After the March 15 Board of Education Meeting with which she was publicly confronted with the lack of record of her current enrollment with Rowan, she, on March 16, publicly distributed her online registration record. How she was able to re-register with such speed is a major question, because the Spring Semester had begun a month earlier. It appears that Rowan is making special exceptions for her. The question is, why?

At the February 2021 BOE meeting, Ms. Chanley states:

*"Fast forward with the email that you are referring to was the year that I was supposed to walk and defend. I was in their program. So I think Rowan University should be held accountable for their libel and should be held accountable for their lack of ethics, because I was in the program **that was given to me** because what happened was my topic wasn't further approved, there were changes made, and I have a longstanding relationship with my current dissertation chairperson who is working with me Mondays every single week in addition to doing this job to the best of my ability."*

At the time of this statement, it is unclear how she would be working with a dissertation chairperson if she was not enrolled in Rowan at this time. She would not be enrolled in Rowan's program again until March 16, 2022. As of now, she has also registered for the Rowan Commencement Spring 2022, as evidenced in a populated spreadsheet publicly available from Rowan. It must be noted that this document—the 2022 Rowan Commencement Program—was re-published on 3/18/22, two days after she re-enrolled. The window to register for the Spring 2022 commencement was Jan. 12- Feb. 25. If Ms. Chanley registered for commencement during this time period, she was currently NOT enrolled at Rowan at that time.

Taken together, all of these records paint a concerning pattern of behavior regarding the continuing education that Ms. Chanley has displayed while employed by Monroe Township Schools. It is not a matter of simply whether or not Ms. Chanley is capable of obtaining a doctorate. It is clear based on this pattern of behavior that Ms. Chanley has not been honest, but more importantly, has no intention of acquiring a doctorate.

At this point, if the Board appears to be covering up such a violation of public trust and their fiduciary duties. According to Ms. Chanley's acting Superintendent Contract, total reimbursement is contingent upon her graduation with a doctorate. If she fails to get one, as she has failed for 20 years, then such money must be returned to Monroe.

Additionally, Rowan University, should be questioned as to why they appear to be making policy exceptions for Ms. Chanley and why they would allow her to re-enroll in their program on March 16, 2022 after she defamed them at the February 16, 2022 BOE meeting, in which Ms. Chanley said that Rowan University should be "held accountable for their lack of ethics". Furthermore, Rowan should be asked why Ms. Chanley's enrollment dates are no longer public information even though taxpayers are funding her doctoral studies. Is Rowan University complicit in a tuition reimbursement scam? Is Rowan content to allow a dishonest student enroll in their doctoral program as long as they continue to collect tuition paid for by the taxpayers of Monroe?

An investigation must be done.

Dr. Angelica Allen-McMillian, Ed.D
Commissioner of Education for the State of New Jersey
Angelica.allen-mcmillan@doe.nj.gov

Dear Dr. Allen-McMillian:

I am writing this letter on behalf of Mrs. Chari Chanley with respect to the position of Superintendent of Monroe Township School District. It is my pleasure to recommend that Mrs. Chanley be extended in her capacity as Acting Superintendent, a crucial role to our district.

I am a parent of two students in Monroe Township, one of which is in a General Education classroom and the other in a Self-Contained Special Education classroom. In addition, I am the Leader of the Monroe Township Special Education Parent Advisory Group (MT SEPAG): a state mandated group under NJ AC 6A:14-1.2(h).

I met Mrs. Chanley in 2018 while attending our Board of Education meetings in her capacity of Principal of the Monroe Township Middle School. Not having had children reach the Middle School yet, I had not previously met her, and we began to have discussions about Special Education programs throughout the district. As I spoke with her each month at the meetings, it was evident that she possessed a level of education and conviction necessary of an effective leader, and that her commitment to our district and students was unwavering.

Since November 2021, after being named Acting Superintendent of Monroe Township School District, I have collaborated closely with her in my capacity as Leader of MT SEPAG. SEPAG has been pleased with her commitment to improving our Special Education department and programs as well as providing all our students with an appropriate education. She has attended each monthly SEPAG meeting to listen to concerns and comments of parents and we have scheduled monthly meetings between SEPAG Leaders and District Leaders. We have voiced our concerns and she has listened diligently to our feedback, regarding the areas of Reading, Transportation, Programs across all schools, Case Management and Chain of Command as well as Inclusion. Under Mrs. Chanley we have recently hired a new Supervisor of Special Education (an additional position in Monroe) that SEPAG has long advocated for. We have given her our viewpoint on the successes and failures of Special Education as a district. Mrs. Chanley has evaluated our concerns and has provided her support and assistance and has collaborated with us diligently to make the necessary changes and improvements and has provided the district an invaluable assistance in bridging the Special Ed community with the General Ed community at large and her collaborative efforts with SEPAG benefit the district.

Back in November, when she was selected as Acting Superintendent, I reached out and spoke with Mr. Kyle Anderson, expressing the importance of a strong leader in our District to ensure that we could continue the path for improvement of our district and the education of all students. Now, at this time, having had the opportunity to work with Mrs. Chanley, I urge that we have a continuum of leadership to continue the path of success and improvement that we are on. I am confident that Mrs. Chanley would be an integral part of the success of MTSD if selected as our Superintendent.

If you have any questions or concerns, please feel free to reach me via email or telephone.

Sincerely,

Betty Saborido
MT SEPAG Leader
