Dear Marc Selover,

Thank you for submitting the LSRP Annual Remediation Fee Reporting Form through the NJDEP portal. You have requested to be billed. An LSRP Annual Fee Invoice will be mailed to the Fee Billing Contact you have submitted with this form. Payment is due within 60 days from August 4, 2022.

Your billing categories have been set to:

FEE(CAOC Category 1-Annual)

FEE(GW Media-SRP Annual)

The next bill date for this case will be on August 4, 2023

Future fee invoices will be mailed to the fee billing contact on file presently recorded as:

Medford Township

If the billing categories have been updated to include GW, Sediment or Surface Water please verify that activity tracking reflects the correct regulatory timeframes. The submission of the fee form via the portal will not automatically update the timeframes. The Remedial Timeframe Notification Form must be completed if there's a discrepancy in the timeframes. The form can be found at <http://www.nj.gov/dep/srp/srra/forms/>. To verify the timeframes that are listed in activity tracking, please see the Case Tracking Tools available in DataMiner.

The benefit to making sure the regulatory timeframes listed in activity tracking are correct is to help ensure that the persons responsible for conducting remediation are afforded the appropriate amount of time to remediate the site given the impacted media. This will also help to prevent an enforcement action from being issued when an earlier timeframe is not applicable based on site conditions.

For further general information on fee questions, please refer to the Department's web page at [http://www.nj.gov/dep/srp/guidance/#fee\\_oversight\\_cost\\_guidance](http://www.nj.gov/dep/srp/guidance/#fee_oversight_cost_guidance).

Sincerely,
